Precipitate Retirement Would Result in Many Uprisings-Revolutionists Insist on Estrada Taking the Reins.

MANAGUA, Dec. 10 .- "The United States unjustly condemns my admin-istration," said President Zelaya in an interview with a staff correspondent of the Associated Press today.
"I proposed to Secretary of State Knox that he submit the case to the investigation of a committee of his own choosing agreeing to surrender my

choosing, agreeing to surrender rights to the presidency if charges in his letter to Isldore Hezera, ex-Nicaraguan Minister to the United States, were sustained, Secretary Knox

has not replied.
"Defenseless against the hostlity of a powerful nation, I must submit, although I have been condemned unheard."

Knox Ruling Favors Rebels.

"The coercion of the United States wil not redound to its credit as a Nation, whose motives are questioned in all Latin America. The shooting of Groce and Cannon was a pretext. Both were Cannon was a pretext. Both were amenable to the laws of Nicaragua, which distinctly authorize the shooting of indi-viduals commanding rebels," Zelaya con-

"It is different if a person is captured in the course of an international war. The attempt of Secretary Knox to estab-Ish the inviolability of Americans par-ticipating in foreign revolutions will re-sult in constant revolutions led by immune Americans,

The initiative in the shooting of Groce and Cannon was not mine. I simply re-fused to extend clemency to them after a properly constituted military tribunal had passed upon the case."

French Loan Blocked.

President Zelaya then recited several instances of what he declares is hostility against him in the United States, through paid articles appearing in American news papers. In one of these instances, he says, he was endeavoring to raise a loan in France, when his enemies persuaded the United States to interpose an objection through the French Ambassador at Washington, on the pretext that the money sought was intended for the purchase of war materials, when in reality

Name of Successor Submitted.

'I am in negotiations with the revolutionists to secure their indorsement to a successor who will be acceptable to all parties, and have submitted the name of Jose Madriz, judge of the Cartago court.

"I hope this will obviate the necessity
for American intervention, which would
be intensely distasteful to all Central
America. I am informed that it is the
intention of the United States to prevent
my leaving Nicaragus. I do not believe my leaving Nicaragua. I do not believe

this is true."

It is reported that the revolutionists will reject Senor Madriz as Zelaya's successor and insist upon General Estrada assuming the Presidency, declaring that the United States has promised to furnish 2009 marines at Bluefields to bring about

'The hostility of the United States, continued Zelaya, "is due to the machina-tions of Senor Cabrara, of Guatemala, whom I refused in 1906 to join in an of-fensive and defensive alliance of Central America against Mexico, and thereby thwarted his efforts to establish a virtual dictatorship in Central America, Since then Cabrara has pursued me with re-lentless effort, turning the public mind

DEMAND REBELS' SURRENDER

Estrada Amazed by Purpose of Conference Sought by Vasquez.

BLUEFIELDS, Nicaragua, Dec. 10.— General Estrada was dumfounded today when he learned that the object of the conference of Zelayan envoys with General Fornes Diaz, representing the insur-gent leader, was to dentand the surrender of the insurgents' army.

General Vasquez, in command of a di-

vision of the government troops near Rama, on Wednesday, proposed a conference to General Estrada. The latter, believing that Vasquez sought opportunity for an advantageous surrender, sent General Diaz to meet him. The government envoys proved to be Julio Bonilla and

envoys proved to be Julio Sonilla and Major Eva. Accompanying General Diaz, for the insurgents was Major Zelaya, a nenhew of the Fresident. When Diaz heard the demand for the surrender of the insurgents, he imme-diately declared that Vasquez was the one who should surrender, declaring that the insurgent position at Rama was im-pregnable and that the United States was supporting General Estrada. ence continues today.

MADRIZ TO SUCCEED ZELAYA?

Selection Would Be Far From Pleas ing to United States.

WASHINGTON, Dec. 10 -- Evidence in diplying that Zelaya intends to refire President of Nicaragus. Reports to that effect are general throughout the country and the American Consular officers seem to give credence to them.

The latest news from Nicaragua reach

ing the State Department today said Jose Madriz was being talked of as Zelaya's successor. It is assumed this suggestion comes from Zelaya's friends and there-

fore his selection would be far from natisfactory to this Government. Madriz was chairman of the Nicaraguan delegation to the Central American Peace Conference, held here in 1907, and he was also elected Secretary of the Conference. At present he is the representative of the Nicaraguan government in the Cen-tral American Court of Justice at Cart-

The Des Moines was sent to Port Limon two weeks ago to keep in close touch with the Nacaraguan revolution, and her arrival at Bluefields yesterday is the result of secret orders to proceed to that place and await results from the impending battle. Commander Shipley, of the Des Moines

DEFEAT SISTER'S SCHEME TO GET FATHER'S PROPERTY.

Will Alleged to Have Been Made Under Persuasion Is Set Aside in Favor of S. H. Childs' Son.

ALBANY, Or., Dec. 10.-(Special.)-As-erting that Mrs. Elsie L. Hamilton, of Kaukauna, Wis., came to Oregon for the sole purpose of getting control of the property of her father, Seth H. Childs, and that she poisoned his mind when he made his will bequeathing her all his property, the other helrs have succeeded

in getting the will set aside, Judge Dun-can today set aside the will and ap-pointed George S. Childe, of Sodaville, Linn County, administrator.

The property which was bequeathed to Mrs. Hamilton will therefore be divided equally among Childs' three children, and Mrs. Hamilton instead of setting it all Mrs. Hamilton, instead of getting it all, will share with her brothers, E. A. Childs, of Imperial, Cal., and George S. Childs,

Seth H. Childs made the will which was the basis of this dispute at Lebanon, December 7, 1906. At that time he was over 86 years old and, it was asserted by wit-nesses at the hearing of the contest, was feeble both in mind and body and inca-pable of taking care of himself or man-Prior to this time he had lived for many

years at Sodaville, with his son, George S. Childs, but shortly before he made his will Mrs. Hamilton came from her Wis-consin home to Sodaville on a visit. It is asserted by George'S. Childs that she poisoned his mind against his two sons, persuading him that his boys had mis-treated him and robbed him and were unworthy of his confidence.

It is asserted that before she took him his asserted that defore she took him back to Wisconsin with her she persuaded him to convert all his real estate into cash and to make a will leaving everything to her. Childs died at the Wisconsin home of his daughter, May 28,

Brooklyn dock is the main feature of the defense of the six employes of the American Sugar Refining Company on trial here for alleged conspiracy.

Henry F. Cochrane, in opening his address for the defense today, declared that the II scales in question, on which the alleged underweighing was done, were of an obsolete style, grossly inaccurate of themselves, and that many of the Government weighers were incompetent.

"These defective scales, owned and operated by the Government," continued Mr Cochrane, weighed more than 200,000 tons of sugar every year, and no man in human reason could hope to supervise

The line of defense indicated by the statement was that it would be claimed that the shortages in weights were due to the scales and the Government em-ployes, and not to a manipulation by the sugar company's employes

RAYNER IS AFTER ZELAYA

Maryland Senator Asks President to Apprehend Pan-American President as Murderer of Two American Citizens.

WASHINGTON, Dec. 10 .- As a promis of activity in the interest of legislation, Senators today introduced more than 350 bills and resolutions covering a great variety of subjects. Many falled of pass age in the last Congress, and 90 per cent will receive scant consideration this ses

under the general law.
Standing out as a striking proposition
was a resolution by Senator Rayner today
authorizing the President of the United
States to cause President Zelaya to be apprehended as a common criminal, charged with the murder of two Americans engaged in revolutionary activity in Nicaragua, contrary to the code of war

of all civilized nations. The House was in session an hour and a half and a large number of measures were introduced. The most striking fea-ture of the proceedings was a speech by Representative Kuesterman, of Wisconsin, denying that his interest in German shipping was so great as to cause him to antagonize a bill for the relief of the American merchant marine.

As no reports have been made by com-mittees, both houses are without subjects upon which to legislate. The Senate, therefore, adjourned until Monday and the House until Tuesday. CUMMINS OFFERS RATE BILL

Enlarged Powers for Commerce

Commission Are Proposed. WASHINGTON, Dec. 10 .- Senator Cum mins, of Iowa, opened the railroad rate controversy in Congress today by intro-ducing a new Interstate Commerce bill. The bill requires the commission to pro-mulgate uniform classification schedules and authorizes it to consider rates on its own motion, with a view of considering whether they are reasonable. Courts are debarred from inquiring, in suits brought, whether rates are reasonable. The acquisition of the capital stock of compet-

ing railroads is prohibited.

By the terms of the bill a carrier is prohibited from issuing any capital stock without payment at par, either in money or in property and, in effect, the Commission shall have supervision of the is-sues of stocks and bonds by any carrier Specific directions are given for the dis position of the proceeds of any sale of bonds. After January 1, 1911, no carrier doing interstate business shall be per-mitted to engage in any other business than that of a common carrier. Senator Elkins, it is expected, will introduce another bill to amend the Interstate Commerce act.

SENATORS' TOES STEPPED ON

They Object to Curtis and Cabell for Criticising Them.

WASHINGTON, Dec. 10.-Two incum bents of important positions in the Treas-bry Department were objected to in the Senate committee on finances today, when their names came up for approval.

They are James F. Curtis, of Massa-chusetts, who succeeded Mr. Reynolds as Assistant Secretary, and Royal E. Cabell of Virginia, who succeeded Captain John G. Capers as Commissioner of Internal Revenue. Both names were submitted to a sub-committee for investigation,

According to the sub-committee's re-port. Mr. Cabell has expressed himself forcibly against members of Congress who attempt to exert influence in the matter of making appointments to positions under the Internal Revenue Bureau. The op-position to Mr. Curtis was based upon the fact that he had been appointed without the Massachusetts Senators having been consulted.

Representative Mann, in Bill, Attacks So-called Combine.

WASHINGTON, Dec. 10.-The so-called power site monopoly was the object of attack in a bill offered in the House today by Representative Mann, chairman of the committee on interstate and foreign commerce.
