# WOMAN TRIED FOR FAKING INJURIES

Mrs. Johnson Takes Baby Into Court, but Prosecutor Denies It's Hers.

IS SPRY AFTER ACCIDENT

Seattle Electric Company's Claim Agent Admits She Fooled Him and Got \$600-Long List of Other "Accidents."

SEATTLE, Wash, Dec. 14.—(Spec-ial.)—Mrs. Maud M. Johnson, on trial in the Criminal Superior Court on a charge of obtaining \$600 from the Seattle Electric Company by false pre-tenses for injuries she alleged she sus-tained in an accident last March, fondled a baby as the state's witnesses tried to show to the jury today that she is a faker and makes a business of defrauding traction companies by feigning injury

The baby is known as Lester Har-old Johnson and in the police court last October Deputy Prosecuting At-terney John H. Parry, who is conduct-ing the present prosecution, declared that Mrs. Johnson had obtained the that Mrs. Johnson had obtained the boy from an incubator company to use in the trial in appealing to the sympathies of the jury. To this charge at that time Mrs. Johnson made vehement denial, saying in an interview that the boy was her own child, that it was born in Kansas City, Mo., December 7, 1908, and that she had no intention of bringing it into court. The selection of the jury to try Mrs. Johnson was completed this morning.

Fooled Me, Says Claim Agent.

The accident, Mrs. Johnson says, happened on First avenue, near Virginia street, while she was alighting from a car, when it was reported to El. H. Worthen, assistant claim agent for the Seattle Eleciric Company. The state began its case in the afternoon by putting Mr. Worthen on the stand. George Carson, claim agent for the Seattle Electric Company, was testifying when court adjourned until tomorrow morning. He testified he did not investigate the case until the following day. He gave Mrs. Johnson the draft for day. He gave Mrs. Johnson the draft for \$600. He settled with her on a Saturday and next saw her on Tuesday and she was very spry. He said that Dr. Willis' report showed that she might be feigning injury, but that he settled because he thought it the better plan.

thought it the better plan.
"They fooled me," said Mr. Carson, referring to Mrs. Johnson and her sister. The prosecutor said that he would introduce witnesses from California, Missouri, Arkansas, Kansas, Nebraska and Colorado to identify Mrs. Johnson as a woman who, under different names, obtained money from electric and steam railroads in those states through prerailroads in those state through The prosecutor gave some of Johnson's alleged operations as fol-

lows:
In Kansas City, as Mrs. Jennie Brown, got \$25 from Metropolitun Street Railway Company; ten days later, at Rogers, Ark., got \$1575 from St. Louis & San Francisco Railroad; Glenwood Springs, Colo., collected \$500 from a railroad for a fall from a Pullman berth; Oskaloosa, Iowa, got \$250 from Leavenworth and Topeka Railroad; Sterling, Neb., held up Burlington Railroad; Los Angeles, as Mrs. M. A. Harwood, last Spring sued Mrs. M. A. Harwood, last Spring sued street railway company, and later, as street railway company, and later, as Mrs. G. Gardner, collected damages from Los Angeles for fall on defective side-

### ELMA IS AFTER CANNERY

Growers of Small Fruits Desire Factory in This Vicinity.

ELMA, Wash., Dec. 14.-(Special.)-There is a movement on here for the establishment of a cannery to take care of surplus fruits and vegetables. Beans, plums and prunes will be the principal products of the factory, for they grow here abundantly. Apples not marketable will also be canned as well as small fruits when the market conditions are not favorable, and the factory can pay the best prices.

H. C. Taylor has now eight acres of

strawberries, blackberries and raspber-ries set out on his place. William Han-shaw has 10 acres set out, and many others from one-half to two and three acres. George Simpson, who owns one of the best ranches in the Chehalis Valley, will set out three acres of berries in the Spring, as will others.

## ROAD FUNDS ARE DOUBLED

Douglas County Districts to Spend \$150,000 on Highways.

ROSEBURG, Or., Dec. 14.—(Special.)—
Last Thursday was the last day in which
the road districts of the county could
file notices of special elections for voting
additional district road tax, and out of
the 56 road districts in the county 45
filed notices of election.

The first election was held today at
Myrite Creek, which voted a 3-mill special tax for road purposes in 1910. Between \$125,000 and \$150,000 will be spent
next year on the roads of Douglas
County.

In 1900 more than double the amount ever spent in a year was spent on the roads of the county. In 1910 the amount spent on roads with double the amount expended in 1908.

# LABOR LAW STIRS JAPAN

Proposal Made to Limit Working Hours of Children.

VICTORIA, B. C., Dec. 14.—Factory-wners of Japan who employ 742,000 hands, f whom 332,000 are women and a big of whom 32,000 are women and a big percentage of children, are excited over factory laws to be offered at this sysion of the Diet, a draft of which, considered originally in 1896 and brought forward in 1902, but dropped, has been issued.

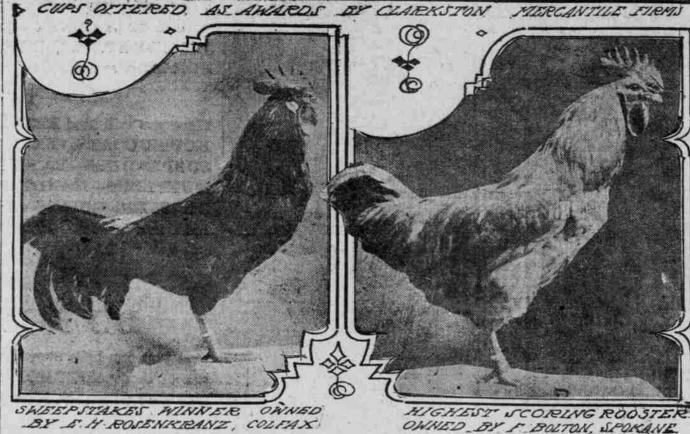

The law will provide against the employment of children under 12 years old, but those above 19 now employed will be permitted to continue. Workers under 15 and females may not be worked more

and females may not be worked more than 12 hours a day, and must have two days' rest each month. In days of ten hours, an hour's rest

# **USE DECIDES RIGHT**

Supreme Court Determines Irrigation Suit.

#### FORMER ORDER CURTAILED

Abraham Loses Appeal From Douglas County and Must Pay Occupation Tax City of Roseburg.

SALEM, Or., Dec. 14.-(Special.)-Right to irrigation water depends on the use ROSELAIR INSANE WHEN HE made of the water, according to an exhaustive opinion prepared by Justice King, of the Oregon Supreme Court.

of the Oregon Supreme Court.

By this opinion, the decree of the trial court in Baker County in the case of Thomas J. Whited, William Wham, Joseph Wham, Belle M. Whited and George Whited vs. Samuel Calvin, Mrs. Nelson, Mike Rouse, Mrs. L. Carniga, J. M. Laport and Mrs. Ella Powell, administratrix of the estate of John Powell, deceased, and a long list of defendants, including George Fleetwood et al., is modi. cluding George Fleetwood et al., is modi. fled by reducing the quantity of water awarded plaintiffs from 564 inches to 400

### Use Must Be Beneficial

It is held that "the right to water, claimed by prior appropriators and irri-gation purposes, is always limited in quantity by the use for which the appro-priation is made, and to which it may, in a reasonable time, be applied; and it is so well settled as to become almost axiomatic that beneficial use and the needs of the appropriators, and not the capacity of the ditches or the quantity first run through them, is the measure and limit of the right of the appropriators."

The Supreme Court, in an opinion written by Justice McBride, today affirmed the findings of the Circuit Court for Douglas County in the case of Albert Abraham vs. City of Roseburg, in which State Senator Abraham contended that the charter of Roseburg does not give the a reasonable time, be applied; and it is so

State Senator Abraham contended that the charter of Roseburg does not give the city power to levy an occupation tax. Abraham lost out in the Circuit Court, and the appellate court holds with the trial court. The opinion says: "The power of the Legislature to grant municipalities authority to impose a tax upon occupations and employments is not disputed." puted.

### O'Day Decision Reversed.

The case of J. C. Friendly vs. C. M. Elwert and Charles E. Wade, which original inated in Multnomah County, was tried by Judge Thomas O'Day, is reversed in an opinion written by Justice McBride. The suit was brought to com-pei a specific performance of contract, in connection with a real estate deal in Portland, but the court finds that the contract was in reality nothing but a mere

opton to purchase.

The case of J. A. Buchanan vs. Phoebe
Tennant, appealed from Douglas County,
is reversed in an opinion written by Justice Slater. This is a suit for specific per-

formance of contract.

Motion to dismiss was allowed in the case of H. E. Burchell and E. D. Burchell vs. the A. H. Averili Machinery Company, appealed from Morrow County; opinion by Justice Slater.

# OLD MAN KILLS WIFE, SELF

Neah Bay Tinner, 60, Jealous, Is Murderer and Suicide.

BELLINGHAM, Wesh., Dec. 14.—John Kerns, a tinner of Neah Bay, Wash., shot and killed his wife in the home of F. T. Walker, at Rome, seven miles east of this city this afternoon, and then committed suicide by sending a builet through his brain. Kerns and his wife were visiting Walker, the woman's son by a former marriage. The couple quarreled last night, the husband accusing his wife of intimacy with other men. This morning the quarrel was re-BELLINGHAM, Wesh., Dec. 14.-John

ewed on the porch in the rear of the Walker home. shot was heard, and the man rushed into the kitchen. Kerns

followed, firing three shots as the woman fell to the floor. One builet crashed
through her head, one passed completely through the body, coming out over
the left breast, the third grazed an
arm. The woman was dead when picked
up by her son.

The murderer rushed from the house,
carrying the revolver in his band. Stoncarrying the revolver in his hand. Stop-ping in some underbrush several hundred yards away, he sat down on a log and placing the revolver to his temple blew out his brains. He was found half an hour later.

Kerns was the woman's second husband. The first husband, father of Walker, is living in Collingsville, Okla, where two other children of the marriago reside. The murderer and suicide was 60 years of age, and his victim 30 years younger. They were married six years ago.

# **BRAIN STORM IS DEFENSE**

KILLED WIFE, IS PLEA.

Attorney for Defense Exercises Many Challenges and Jury Is Not Made Up.

HILLSBORO, Or., Dec. 14.-(Special.)-No jury has yet been chosen in the Rose-lair murder trial. Of the 10 jurors in the box last night Attorney Jeffrey per-emptorily challenged I. V. Trullinger, Thomas Howe, E. A. Eddy, C. C. Nel-son, Ed Schulmerich, T. R. Davis and C. W. Bloom, leaving Austin Buxton, past master of the Oregon State Grange: T. W. Sain, a ranchman of Gaston, and Tucker Palmer, of Buston, in the box. To these were added Henry Husiage R. Hoffarber, C. F. Tigard, Oscar Lar-son, J. F. Brandt, John Nyberg, J. T. Anderson, C. F. Casteel and Scott Rich mond, making 12 who have been passed so far. Attorney Jeffrey for the defense has peremptorlly challenged seven men and still has five challenges. District At-torney Tongue has used none of the six allowed him by law, but can utilize these only on future calls. The defense will urge insanity or brain storm at the hour of the killing of Mrs. Roselair. Several talesmen were excused today upon saying that they did not believe in capital punishment.

## VANCOUVER HAS POULTRY

Town Will Prove It by Showing Prize Fowl at Portland Show.

VANCOUVER, Wash., Dec. 14.—(Special.)—Poultry fanciers of Clarke County cial.)—Poultry fanciers of Clarke County will enter a large number of birds in the poultry show to be held in Portland, December 20 to 25, and they expect to carry off a number of prizes.

Among the more prominent raisers are the Daniels brothers, who raise chiefly buff leghorns; Dr. A. P. Stowell, who breeds the Rhode Island reds; Councilman-elect George Stoner, of East Vancouver, who has different varieties in his flock, but will exhibit some game birds.

flock, but will exhibit some game birds, and Wolfe Bros., at Ridgefield, who raise almost exclusively the Minorcas.

After the show in Portland the poultry raisers in this community will form a permanent organization and propose to hold a Clarke County poultry exhibition next Summer.

CABIN BURNS IN ABSENCE

Michael Murray Then Leaves Moun tain, Walks 150 Miles for Aid. Digger to Return to Retreat When Hand Heals.

VICTORIA. B. C., Dec. 14.—(Special.) The case of Michael McMurray, at present a patient in the General Hospital at Whitehorse, Y. T., where he is being treated for decaying fingers, the result of freezing, is almost without parallel in the annals of Canadian frontier his-

Up to four weeks ago McMurray was located in the very heart of a vast ter-ritory, explored only by himself, 150 miles northeast of Teslin Post and near the headwaters of the Desse River. He had been there five years, making an occasional trip to the post of Taylor & Drury at Teslin for supplies, it being his habit to carry out on his back enough supplies to last him two years, as he depended principally upon his rifle for his food.

On the way out last Spring two fin-gers of his right hand were frozen. As a result, the fingers began to decay sometime during the Summer, and to remove the dead bone McMurray tied a strong string around the bone, fastened the other end to a tree and with a determined jerk, pulled the bones of both fingers off at the first joint. The injured digits did not heal, but McMur-ray went ahead with his work of pros-pecting, mining and hunting.

Three weeks ago he returned to Three weeks ago he returned to find his cabin in a heap of ashes, it having been consumed by fire in his absence. With a chunk of the frozen meat he struck out for Taylor & Drury's post, 150 miles away. At the end of six days he reached the trading post more dead than alive. At the post he was cared for for a few days and then sent on to White Horse via Atlin, arriving Friday of last week.

week.

He at once entered the hospital, where Dr. Cade found it necessary to remove more bone from each of the fingers before there could be any process of healing. McMurray will return to his isolated retreat as soon as he gets out of the hospital, he having located no fewer that six promising quartz ledges, five of which carry free gold and the sixth copper and other materials.

#### SUMPTER SMELTER SOLD Eastern Capitalists Expected to Re-

habilitate Plant.

BAKER CITY, Or., Dec. 14.— (Special.)—At Sheriff's sale today the smelter at Sumpter was purchased by W. E. Mennen, of New York, for

This transaction clears up the smelt er troubles, giving the creditors a little less than 50 per cent on their cialms. The purchaser represents Eastern cap-italists who are preparing to reorganize.

According to mining men, including F. S. Baillie, manager of the Columbia mine, the smelter will be in operation before many months. This will mean a decided change in the Sumpter mining district, for many mines can run at a profit when the ore can be treat-ed at Sumpter, whereas the long haul to distant smelters is not possible.

# Making Merry

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer, Good Heart and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why? DYSPEPSIA is the skeleton at the the death's head at the festive board. It turns cheer into cheerless-ness, gaiety into gloom and festivity into farce. It is the ghost in the home, haunting every room and hitting at every fireplace, making otherwise merry people shudder and fear. If there is one disease more than another that should be promptly attacked and worsted, it is DYSPEPSIA. It is the very genius of unhappiness, unrest and ill nature. In time it will turn the best man almost into a demon of temper and make a good woman some thing to be dreaded and avoided.

It is estimated that half of one's troubles in this world comes of a stomach gone wrong — of Dyspepsia, in ach gone Foods taken into the stomach and not properly cared for; converted into substances that the system has no use for and hasn't any notion what to do with. It is irritated and vexed, pained and annoyed, and in a little while this state of things becomes general and directly there is "something bad to pay." The whole system is in a state of rebellion and yearns to do something rash and disagreeable and a fine case of Dyspepsia is estab-

lished and opens up for business.

If you were bitten by a mad dog, you would not lose a day in going to a cure; do you know you should be just as prompt with Dyspepsia? Rab-ies is a quick death, dyspepsia is a slow one; this is about all the difference. There is a cure for rables and so there is for Dyspepsia and one cure was about as difficult to discover as the other. Pasteur found out one and the F. A. STUART COMPANY the other, and it is no longer a secret, as it is made public in the wonderful Tablet, which so many are using and The plaintiffs secured the city water-works under execution and before it was redeemed by a new company or- with the stomach interpretation which mix ganized for the purpose the company orwith the stomach juices, digest food, retingle the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote di-gestion and stays by the stomach until

all its duties are complete." Some cures are complete."
Some cures are worse than the disease; they demand This, That and the Other and the patient despairs at the requirements; but not so with the Stuart Dyspepsia Tablet; they are easy and pleasant to take and no nausea or all feeling follows. There is nonill feeling follows. There is none of this "getting all-over-the-mouth" like a liquid and making the remedy a dread. Another writer says:

"It matters not what the condition of the stomach, Stuart's Dyspepsia Taband his wife's affections alienated, Henry J. Arnold, a painter, residing at Kent, filed suit this afternoon for \$5000 damages against John Abacheril, of Snohomish County. Arnold declares that Abacheril, though married, has conducted a clandestine courtship with Mrs. Helena Arnold since early last July, calling on har frequently at the Arnold home during her husband's absence, even escorting her lets only improve the juices and bring quiet to the whole digestive canal, of which the stomach is the center."

# TALKS ON TEETH

BY THE REX DENTAL CO. UTILITY AND ART

UTILITY AND ART

Anything that is really artistic is beautiful and generally durable. The most delicate and artistically constructed watches are the ones that you can generally bank on for accuracy in keeping time and longevity. The natural life of a good watch, if properly attended to (olled and regulated) will about equal that of a human being who is properly attended to (regulated, oiled and patched up). By per cent of al human ills come from the stomach and a large percentage of stomach troubles come from defective or diseased teeth. A man cannot have good health unless be can and does properly masticate his food. You can't do it right with the average dental work. Such makeshifts and nuisances as the plate, partial plate and bridgework. You can with Aiveolar Teeth.

Briefly, the Alveolar Method is this: If you have two or more teeth left in either jaw, we can supply all that you have lost with teeth as good, solid and sound as the best set of natural teeth ever grown in any human being a mouth, and a whole lot more beautiful than nature's best product, without resorting to such makeshifts as partial plates and the unsanitary bridgework. Alveolar Teeth are not only beautiful, but they are comfortable and durable. We guarantee them to last a lifetime, where the longevity of bridgework is seldom ever longer than five or six years, and generally a good deal less. It is never guaranteed to last by any first-class dentist who is responsible and reliable, because all first-class dentists will tell you that bridgework at best is doubtful. It is a painful operation and gives trouble from the time it is put in the mouth until it has to be taken out. In many cases where bridgework is impossible, we can replace your missing teeth with perfect alveolar Teeth. The pain incident to this work is practically none; the expense is the same as the best bridgework—but in satisfaction there is no comparison between the two.

We have samples in our offices to show at all times—hundreds of patients, here in our home city to refer
