To Encourage Early Xmas Shopping

All Charge Purchases Made

Friday and Saturday Will Not Appear

on Customer's Bill Until Feb. 1

—Especially interesting to our regular charge patrons and all those who care to open a charge account.

—To induce early Christmas shopping and prevent as far as possible the usual Holiday congestion, all purchases made this week—Friday and Saturday—will be billed to you February 1, instead of January 1.

—To all alike, because of the generous spirit of the holiday time, gift-buying taxes the immediate condition of the purse. By selecting your Christmas presents this week instead of later on you will not receive your bill until February first—a reward for helping us to make it easier for our clerks, which helps you to solve financial conditions that always confront one at Christmas time.

—Being in deep accord with a laudable movement that is being made by the press and different organizations for the amelioration of the

arduous duties of salespeople in general during the holidays it is our earnest desire to assist as far as possible by spreading the Christmas shopping over a longer period instead of waiting for the trying rush that always comes the last few days before Christmas.

—If you are not a charge customer we will make it easy for you to become one.

—We are glad to open charge accounts with trustworthy people. This does not mean that one must be wealthy, or must have real estate or a large bank account.

—We have made special arrangements to handle applications for charge accounts rapidly and smoothly. Come in, get your name on our books, make your purchases and pay next February.

—But note that this special offer applies only to purchases made Friday and Saturday.
