Officers to Get No Increased Salaries in Appropriation Bill Which Is Under Discussion-Chidren Will Have Playgrounds.

WASHINGTON. Dec. 17.—Denunciation of officials of the executive departments of the Government who criticise without just cause was made in a speech by Representative Mann, of Illinols, and also another speech of similar tenor by Representative Fitzgerald, of New York, who said "a certain distinguished official" was responsible, therefore, because of the bad example he had set for his subordinates. This enlivened an otherwise dull session of the House today.

District Bill Discussed.

The District of Columbia appropriation bill was read, but was not put upon its cassage, and will be taken up Monday again. Some saving was effected by reducing appropriations for increases in salaries for District officers by eliminating altogether paragraphs making provisions for new offices.

Representative Macon, Arkanses, again assumed the role of the "watch dog of the Treasury" and made points of order against several sections of the bill, and not wholly without success.

Rather unexpectedly the House agreed to insert in the bill an amendment appropriating \$17,000 for playgrounds for children of the District.

Near the close of the day Representative Main made an attack upon Mr. Tweedale, Auditor of the District, for criticising the Government in public speeches. He said if that official had made statements attributed to him he ought to be discharged.

The Senate was not in session today.

Clever Scheme Transmutes \$200 in

Notes Into \$220.

ST, LOUIS, Dec. 17.—A scheme by which \$290 is made out of ten \$20 bank notes has been brought to the attention of local banks by the St. Louis officers of the United States Secret Service. A dozen or more of the altered notes have been received at the Sub-treasury here. This is the scheme, according to an employe

is the scheme, according to an employe of the Sub-treasury:

Ten \$30 banknotes are laid one on top of the other with a quarter-inch margin of each note showing at one end. All are then firmly held together, and by one stroke with scissors or a sharp knife, each note is divided into two parts one of which is larger than the other. The places are then fitted together to make a note a trifle less than the regulation are.

There remain nine complete bills and two portions of bills, each be which is more than three-fifths of a complete bill. The Government redeems at full value a mutilated bill which is three-fifths the proper size. By this means, \$120 has been made out of \$200 in \$20 notes.

JAPANESE FRIENDSHIP EMBOD-IED IN LECTURE.

Delivered in Many Cities of

WASHINGTON, Dec. 17. - New diplomacy was today inaugurated on the part of the Japanese people to dispel all thought of war between that nation and the United States.

Masubi Miyakawa was the official diplomat without credentials and without responsibility to any of the usual authorities to which diplomats bow. This new diplomacy was embodied in a lecture upon the land of the Mikado delivered here tonight for the first time in the United States. Mr. Miyakawa will visit many other cities. An essential feature of the lecture

was a resolution adopted by the school children of Tokio in which they de-clared they would never raise a sword against the United States and that they would emulate the example of the boys and girls in the public schools

Mr. Miyakawa explained how the school children had been taught they would have to fight for the Mikado before the wars with Russia and China. before the wars with Russia and China. For years before the open conflict had broken out this kind of instruction had been given to the children.

The lecture, it is understood, was prepared largely with the approval of leading statesmen of Japan. Its purpose is to promote in this country a friendly feeling toward Japan.

All Facts in Controversy That Has Stirred Administration Circles.

OREGONIAN NEWS BUREAU, Washngton, Dec. 17.—Senatorial friends of Secretary Ballinger are preparing to introduce and pass a resolution authorizing sweeping Congressional investigation into conduct of the Interior Department. General Land Office and Forest Service. Secretary Ballinger is in hearty accord with this purpose and said today he would welcome such an investigation in his department, for he is satisfied that a fair and impartial investigation will bring forth satisfactory answer to every accusation that has been made against him and against other officials of his department. Senator Jones, of Washington, and Senator Borah, of Idaho, are strongly in favor of this investigation and will use their efforts not only to have it authorized, but to make it as sweeping as possible. Secretary Ballinger are preparing to

Engineers Recommend Appropriation of \$9600 for Channel.

OREGONIAN NEWS BUREAU, Washington, Dec. 17.—Army engineers, in a report sent to Congress to day, recommend an appropriation of \$9600 for dredging a channel 40 feet wide and two and a half feet deep in the Cowlitz River, from Castle Rock to Toledo, and litz River, from Castile Rock to Toledo, and the annual appropriation of \$2000 to maintain this channel. Last year they recommended an appropriation to dredge the channel 50 feet wide and two and a half feet deep from the mouth of the Cowilitz to Castie Rock. It is intended that the whole improvemen for the distance of 35 miles shall be carried forward as one project. The engineers report adversely on the proposed further improvement of the Nooksack and Pend d'Oreille rivers, finding that the commerce of these streams at present do not justify further appropriations.

The survey of the Nooksack went to Lynden. The Pend d'Oreille was surveyed from Newport to Metalline.
