

CHARGE IS BOWLBY SPENDS TOO MUCH

Affairs of Highway Commission Taken Before Legislative Committee.

DIVERTING FUNDS ALLEGED

Office Expenses Said to Have Taken Thousands of Dollars Appropriated for Roads—Bowlby Admits Own Vouchers, Say Members.

OLYMPIA, Wash., Dec. 31.—(Special.)—Trouble which for some days has been growing acute between the State Highway Commissioner, H. L. Bowlby, and other members of the State Highway Commission, and the members of the State Board of Control, reached a climax Thursday, when their troubles were taken before the members of the Legislative committee.

It is said Highway Commissioner Bowlby took to the committee charges that the State Board of Control had improperly diverted funds in that traveling expenses of the board on visits to the rock quarry sites had been charged to the appropriation for the sites rather than paid out of the regular traveling expenses allowed the board for visits to the state institutions.

Later it is said members of the board and also State Auditor Clauson and Treasurer Lewis (the last two named with Bowlby composing the State Highway Commission), were in private conference with members of the Legislative committee, where charges were made that Bowlby has expended thousands of dollars for office expenses and surveys out of money appropriated for building the law, so far not one foot of some of these roads has been improved.

LEAGUE IS FORMED TO CHECK TRUSTS

Boycott of Staples Handled by Combines Is Keynote of Washington Meeting.

SCHEME IS NOT POLITICAL

National Anti-Trust League Will Wage War on Combinations That Increase Cost of Living—Movement Aided by Women.

VULGAR TRADE GETS IN THROWS DOWN BARS TO STORES ON FIFTH AVENUE.

WASHINGTON, Dec. 31.—Plans for a National boycott of the staples which increase the cost of living were laid here last night, when the National Anti-Trust League was launched.

Members of Congress are interested in the new movement and immediate steps will be taken toward perfecting state organizations.

Then, when prices soar, league members, by stopping the use of such articles or commodities as have gone above a certain level, will try to put them back by refusing to furnish a market.

The plan was tried in Germany a few years ago, and according to a report, broke up a combine that had raised the price of coffee to an almost prohibitive point.

The meeting was informal, and no final organization was effected. It was understood, however, that the crusade just begun should go on in the name of the Anti-Trust League, and that the organization should be non-political.

As soon as Congress reconvenes a permanent organization will be effected.

Among the speakers last night were minority leader Clark and Congressman McKinley, of California.

The women of the United States will be taken into membership on equal terms with men, and will have equal voice in the campaign.

A nominal fee will be charged members to cover the cost of mailing proclamations against articles of food that have been pushed too high in the market.

SPRINGFIELD, Mass., Dec. 31.—Several thousand damage suits against the Standard Oil Company of New Jersey will be instituted by independent oil refiners if the United States Supreme Court upholds the decision of the Circuit Court for the Missouri district ordering the corporation dissolved.
