MISCHE IS EXONERATED

PARK BOARD TAKES BLAME FOR TRANSPLANTING ROSES.

Sunshiny Places Best for Flowers, Is Ruling in Refusing Order for Removal.

Superintendent Mische, of the Park Department, was fully exonerated by the Board yesterday morning in relation to the planting of roses in the park blocks February 22, 1908. Charges of incapability and general incompetence as to rose-planting were made against Mr. Mische. It was developed that the roses referred to were not planted by him, but by A. D. Moulton, who was discharged by the board and that Mr. Mische was not employed until one month after the episode.

wise to plant roses in the shade. They will be placed where they will have sunshine.

Superintendent Mische submitted a plan for beautifying the grounds around the two reservoirs that are being built at Mount Tabor under direction of the Water Board. It contemplates a system of cascades between the basins. It is planned to work out such a scheme, but it may take many years before the expenditure necessary will be deemed justified by the growth of population. The Board approved the plan, so that the work now being done will harmonize with the entire scheme.

BEGGAR MANGLED BY CAR

BODY FOUND IN EARLY MORNING ON MOUNT SCOTT LINE.

Boulder Found Imbedded in Skull of Pencil Peddler Who Is Well Known to Police.

Ground under the wheels of a car and dragged over the rails and ties half a mile, Otis S. Parker, a beggar and pencil peddler, well-known to the police, was killed yesterday morning on the Mount Scott line. His mangled body was found 50 feet from the first regular outbound train. Blood and scraps of clothing were found all the way from Kern Park Station to Firland Station. The man's skull had been torn into shreds and the left leg almost severed from the body. Inside the man's skull was imbedded a boulder as large as three adult fists. It was still dark when the first car went out. The motorman barely could discern the object lying near the tracks, but stopped and the carmen made an investigation. Investigation made by Coroner Dunning proved that Parker was killed either by a freight train sent out over the Mount Scott line during the night or by the special car carrying papers and mail which leaves Firland every morning at 4 o'clock. Conductor Ward in charge of the last car out on the Mount Scott line the night before identified Parker as the man whom he had put off at Kern Park Station, intoxicated. The belief is that Parker, who lived with his brother, C. F. Parker, at Kern Park, after alighting from the late car had fallen in a stupor and was overtaken by the next train. Conductor Ward also said that he had seen Parker on the late

car on Wednesday night when he was under the influence of liquor.

Parker had only one arm, his left one having been amputated just below the elbow. He carried a sheet of paper on which was written an appeal for alms, signed J. H. Blake, which read: "Having lost my arm I am obliged to take this way. Any assistance, be it ever so little, will help me to meet friends and will be most appreciated."

FRIENDS BID GOD SPEED

White Temple Congregation Will Tender Farewell to Brongher.

Plans are being made for an elaborate reception to Dr. and Mrs. J. Whitcomb Brongher and Rev. and Mrs. John Bentzen on the evening of January 28. The reception will be held in the White Temple. The affair will be a farewell for Dr. Brongher who will leave the following week to take the pastorate of the Temple Baptist Church in Los Angeles. For Rev. John Bentzen it will be a welcome, as he has but recently taken the position of assistant pastor of the church. A successor to Dr. Brongher for the White Temple has not been chosen. Dr. Brongher will preach during the remaining weeks in January and after he leaves, it is planned to secure a number of strong speakers to fill the pulpit until the arrival of a permanent minister. When seen last night Dr. Bentzen, assistant pastor of the church, said: "It may be several months before another pastor is secured to fill the place left vacant by Dr. Brongher. The task of choosing is difficult and entails much correspondence and deliberation on the part of the church governing body. We shall take our time, as we will be satisfied with none but the best. This church is one of the most influential

Baptist churches in the country, and is able to support the most talented pastor that can be secured. We expect to secure an Eastern man and will use every effort to secure the best in the country."

A few minutes' delay in treating some cases of croup, even the length of time it takes to get for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.
