MARRIED LIFE HURTS TRADE

Spouse, in Court, Produces Unique Letter From Hubby, Who Tells Her Why He Can't Live With Her-Life Too Confining.

SEATTLE, Wash., Jan. 10 .- (Special.)-Six weeks after she had obtained a decree of divorce in a Washington court, Dora Porter married Rube Pierce, a saloonman of Schttle, at Victoria. To-day Mrs. Pierce sought separate maintenance from her husband and for her 3-year-old baby boy.

After hearing the case, Judge Frater decided that he could neither give her separate maintenance nor a divorce her separate maintenance nor a divorce her

realise she wedded within the six months prohibition of the Washington statutes. Therefore, she, not being legally wedded, nothing could be done.

And in the course of the suit in court, Mrs. Pierce submitted a letter written to her which appears as one of the remarkable screeds in King County courts as follows: Hubby Hates Married Life.

"Mrs. Pierce: Just a few reasons why I don't like married life:

I don't like married life:

"L. Because I have lost all the love that
I ever did have for you.

"Z. Because it is too confining.

"S. Because life is too short to be dodging and ducking one's life away.

"4. Because you have lost all confidence in me and it is right that you should have, for T am out for whatever enjoyment I can find all the time and intend to stay that way. intend to stay that way.
"5. Because a man or woman is a fool

Married Life Hurts Business.

*6 Because it interferes with my business, in not being able to entertain my trade in the manner in which it is customary for a man in my business to do, tomary for a man in my business to do, such as attending lodge, going to sporting events and taking an interest in the outside world, instead of ducking home like a dog the minute I have finished work, and back the same way, or explaining why I happened to miss the first car.

"T. Because I feel as though I am doing both you and myself an injustice by staying with it any longer, as I am spoiling the lives of a couple of people who could otherwise be happy.

"S. As you are getting older day by day,

's. As you are getting older day by day, your chances to get a real, five man, with all the good qualities that you expected o find in me are growing less.

Villain Is Acknowledged.

"Although I am a viliain, you can't help but admire my frankness in writing this letter. If you remember the alk we had a few days before we were married, you can recollect what I told you about us getting married. I said that other women looked good to me and that I had lost my love for you. You said you were willing to take a chance on restoring my love—and you did and lost.

"Now, don't blame ms too severely, as I told you at that time that if I didn't like it. I would sky so and light out. Do whatever you see fit and let me know.

"We didn't ask anybody If we should get married and I don't intend to ask anybody when to stop. RUBE." 'Although I am a villain, you can't help

Columbia County Growers Store ABERDEEN TO RAISE \$6000 Grain for Speculation

DAYTON, Wash., Jan. 10 .- (Specisi.)—Farmers of Columbia County, as well as Inland Empire ranches, are playing a bold speculative game over the selling of last year's crop, asserts H. B. Ridgley, local agent for Corbett Bros., grain buyers. One-fourth of Columbia County's crop of 2,500,000 bush-els is held by growers for speculative purposes and 80 per cent of the crop is being held by buyers and shippers is being held by buyers and shippers for the same purpose despite the fact that \$1.30 is being offered today for barley and \$1.10 for bluestem wheat.

Shipping, for several months, has been practically at a standstill. Coast dealers, it is believed here, predict a drop of the market before long, as they are not demanding any interior grain at present prices. Two things are responsible for the attitude of the Inland Empire farmer this year—financial land Empire farmer this year-financial condition, the best ever known, and the stimulus of high prices for the last two seasons. Owing to substantial bank accounts farmers are practically masters of the situation.

The Treasurer says the warrants should be paid, because they are probably in the hands of innocent holders, but refuses to pay as a protection to himself and bondsmen, on the advice of the Attorney-General. These warrants were issued in March, 1909, against the deficiency appropriation made by the Legislature for the military department.

made by the Legislature for the military department.

The first warrant was drawn in favor of John Kinzie for \$35.02, and is held up because of the claim that includes \$12.22 lilegal charge. The other warrants, seven in number, were issued in favor of Ortis Hamilton; one is for \$803 for ammunition, another is for \$9236, pay roll on which Hamilton appears for \$23 and Kinzie for \$122, illegally, according to the opinion. Another warrant for \$4606 rent carries alleged flegal items in favor of Hamilton for \$640 and of Kinzie for \$48. Another warrant for \$24 for sundries carries items disallowed in favor of Kinzie for \$24. The three remaining warrants, aggregating about \$8500 for sundries, are reputed to have been based on false vouchers of Hamilton's. Holders of these warrants are expected to bring suit as soon as the action of the Treasurer is learned by them. It is expected that this litigation will determine whether or not State Auditor Clauseen and his bondsmen can be held liable in any way for the Hamilton shortage.

SANITARY BOARD ORGANIZED FOR MUTUAL BENEFIT.

Move for Uniform Regulations for Purpose of Eradicating Diseases Is Most Important

PENDLETON, Or., Jan. 10 .- (Special)-

PENDLETON, Or., Jan. 16.—(Special.)—
With a membership of 14 states and with attorney Dan P. Smythe, of this city, as president, the Interstate Sheep Sanitary Board was formed in Ogden, Utah, January 7. The formation of this organization is regarded by the returning Oregon delegates to the National woolgrowers' convention as one of the most important features of the big meeting. The purpose of the organization is to secure a united effort on the part of all sanitary boards in the West to stamp out diseases of sheep and to facilitate interstate movements of sheep.

Uniform quarantine and bounty laws will be secured and an effort will be made to secure uniform legislation affecting the sheep interests. Every state west of the Mississippi River, with the exception of Oklahoma, was represented at the meeting with a full delegation.

Dr. A. D. Melvin, chief of the United States Bureau of Animal Industry, his assistants and the chiefs of all the Western divisions were present and participated in the discussions and assisted in the formation of the organization. The question of leg and lip ulceration, which has been causing no end of trouble between the shippers and the bureau, was adjusted satisfactorily at this meeting. Dr. Melvin says the meeting was the best of its kind ever attended.

The success of the meeting was the best of its kind ever attended.

The success of the meeting was particularly gratifying to President Smythe and the members of the Oregon Board of Sheep Commissions, for the reason that the movement which resulted in the formation of the organization was started by the Oregon board through its scoretary Mr. Smythe.

According to Mr. Smythe, one of the best results of the meeting was the adoption of a resolution to secure uniform quarantine regulations.

Heretofore a retaliatory spirit has ex-

quarantine regulations.

Heretofore a retallatory spirit has existed and laws have been passed for the purpose of keeping sheep of other states out entirely, instead of for the purpose of eradicating diseases. This has worked a great hardship on shippers.

In addition to the president, a vice-president was elected from each of the 14 states and W. H. Philbrook, of Shoshone, Idaho, was named secretary-treasurer.

Four cars of the Wyomg diamonds were pulled into the local Short Line yards today, opened and peddled out to anxious consumers. Three of these were consigned to the Compton Coal

While County Attorney McCarthy, who started the coal probe, has given out nothing for publication with reference to the evidence that will be placed before the grand jury, it was intimated today that he has enough evidence at present on his hands to institute a rigid investigation into all the alleged trusts from which Boise consumers are at present suffering, and including the coal trust.

Mayor Pence is also on the track of the dealers and has the assistance of the City Council. He has in his possession the bills of lading showing the number of cars of coal received by local dealers since last Full.

From Rev. W. P. Lovett, in the Baptist Church pulpit, last night came a severe scoring of the coal dealers of this city.

The divine declared that situations such as Boise has experienced during the coal famine and the attitude of the dealers tends to hasten the dawn of socialism, abuses the competitive system while the coal consumer is expected to lay in a large supply and to view the coal dealers as brokers.

UNDERTAKER TOO HASTY

BODY OF ARSENIC VICTIM IS SEIZED BY CORONER.

Doctor and First Undertaker Thought No Inquest Necessary; Official Sees It Differently.

VANCOUVER, Wash., Jan. 10.—(Special.)—The body of William Costello, the rancher who died yesterday from taking an overdose of arsenic, is at the undertaking parlors of W. J. Knapp, the Coroner, though the Vancouver Undertaking Company took charge of the body immediately after the man's death. The Vancouver Undertaking Company was called to take charge of the body by Dr. Darnell, who had attended Costello as he was dying. As the doctor said the man had died from an overdose of arsenic and the man himself had, in the presence of several witnesses, acknowledged that he took the

oner's inquest, and hence he took the body as directed.

The Coroner, when he learned what had happened, thought that the undertaker had been in too great a hurry and told him so. The Prosecuting Attorney, the Sheriff and the County Health Officer were all consulted as to what ought to be done. Dr. Black, the Health Officer, told W. H. Hamilton, manager of the Vancouver Undertaking Company, that he would give him a burial certificate, but the Prosecuting Attorney directed that the contents of the dead man's stomach be examined. The body, therefore, was turned over this morning to the Coroner. If the death is officially pronounced to have been caused by arsenic the hody will then be at the disposal of relatives. There is, however, only one known relative, a son, and no one knows where he is. Dr. Black will make a chemical analysis of part of the contents of the man's stomach tomorrow. man's stomach tomorrow.

The least taint left in the circulation will sooner or later cause a fresh outbreak of the trouble, with all its hideous symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc. Only a blood purifier can cure Contagious Blood Poison. Medicines which merely check the symptoms for a time, because of their strong mineral nature, and leave the poison smouldering in the system, have brought disappointment to thousands. The disease always returns after such treatment. S.S.S. cures Contagious Blood Poison and cures it permanently. It goes into the blood, and removes every particle of the poison, making the circulation pure, rich and healthy, nor does S.S.S. leave the slightest trace of the disease for future outbreaks. S.S.S. does not contain any mineral ingredient, but is made entirely of roots, herbs and barks, which are most valuable in their blood-purifying properties, and at the same time specifically adapted to building up the entire system. If you have Contagious Blood Poison S.S.S. will cure you because it will thoroughly purify your Blood. Home Treatment Book and any medical advice free to all THE SWIFT SPECIFIC CO., ATLANTA, GA.
