S.S.S. CURES OLD SORES

> "I CAN TRUTHFULLY SAY S.S.S.IS A CERTAIN CURE FOR OLD SORES, BECAUSE IT CURED ME OF A BAD ULCER, ON WHICH OTHER TREATMENTS HAD NO EFFECT."

This extract from the testimonial we publish below, will receive the endorsement of thousands of other persons who have used S. S. S. for sores and ulcers.

Every old sore comes from some kind of impurity in the blood. S. S. S. cures on the simple principle of removing the cause of the sore or ulcer and allowing nature to heal the place. When we think for a moment we realize that every portion of the body and system is dependent on the blood; that it is the circulation which nourishes all flesh tissues, and preserves their natural health. Thus we can readily understand why impurities or poisons in this vital fluid will infect and disease the flesh at some particular spot, and by continually discharging impurities into it, keep the place open, raw or inflamed. It would be against every law of reason to expect the sore to heal while the blood constantly deposits into it the infectious matter with which it is contaminated.

There is a simple way to cure old sores, and it is the only wayremove the cause from the circulation. External applications of liniments, plasters, lotions, salves, etc., can never produce a cure, because such treatment does not reach the blood, where the cause is located.

S. S. S. heals old sores because it is the greatest of all blood I can truthfully say S. S. cause has been driven out and the place is solidly and firmly healed from the bottom to the surface. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and contains no trace of mineral. It is a medicine adapted to persons of any age, and is just as effective with the old as with the young or middle aged.

Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been weakened by the drain of an old sore will be doubly benefited by its use. Nervous Decline

A PATIENT THREATENED WITH PARALINIS SAYS) "I was troubled with Nervons decline for many years. I hay it to indiscretion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my trouble. My back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbress in the fingers set in, and the doctor told me be feared paralysis. I took all kinds of medicines and tried many first-class phyliclans, wore an electric belt for three months, went to Hot Springs for baths, but received little benefit. I was induced to consult Ore-gon Medical Institute Specialists, though I had lost all faith in doctors. Like a drowning man, I commenced the New System Treatment, and it saved my life. The improvement was like magic—I could feel the vigor rooms through the nerves. I was cured mentally and phylically. I have sont them many patients, and with continue to do, so."

Different doctors have different ideas in regard to cures. Some call a suppression of symptoms a cure. They dose for drug effects and claim that nothing more can be done. But the real ailment remains, and will bring the symptoms back again, perhaps the same as before, or perhaps modified in some manner.

I claim that nothing less than complete eradication of the ailment can be a real cure. I treat to remove the ailment and not merely the symptoms. I search out every root and fiber of an ailment, and I cure to stay cured.
