#### LAWYERS NOT OF ONE MIND

City Attorney's View Combatted, but Councilmen Who Want to Be Mayor Declare That They

Are Not Worrying.

TACOMA, Wash., Jan. 14 .- (Special.)-Tacoma city officials who contemplate resigning so that no question can arise over their eligibility to hold office under the new commission plan of government can serve nearly two months more with-out violating the charter provision which the City Attorney belleves disbars some of the present officers. from running un-less they resign. Potitions of candidacy under the new charter must be filed with the City Clerk not carlier than 39 days nor later than 39 days before election. The date of the election is April 5. The new charter provides for a Mayor and four "Councilmen" to be Commis-sioners. Under the wording of the char-ter Councilmen who wish to run for Councilments been not resign, the Attorney says, been be the mey charter says "any other office" than the one they now hold. If they seek the Mayoralty, it is asserted, they must resign as Coun-cilmen. over their eligibility to hold office under

cilmen. Councilmen Lynn and Bell intend to run for Mayor. Commissioner McGregor is out for one of the Councilmanships, as are also City Clerk Roys and Treasurer Freeland. They are in a dilemma. Mc-Gregor says that he will not resign. Bell says he will if he has to, Freeland says his attorney advises him not to resign at present. Roys says he is not wor-ried. Lynn also disagrees with the at-torney.

Other of the city officials, who have consulted their attorneys, decline to say what the views of the attorneys were. Others say that their attorneys toll them to pay no attention to the section.

## Father's Affairs.

ALBANY, Or. Jan 14-(Special)-Aleging that her sister, Elizabeth M. Boyle, of Sodaville, poisoned the mind of her father against his other children and thus father against his other children and thus secured all of his property, Luzena E. Hood, of Philomath, today filed a peti-tion in the County Court here to set aside the will of Samuel J. Irwin. Irwin died at Sodaville, Linn County, July 23 hast and on August 5 Mrs. Hood filed a petition for letters of administra-tion on his estate. The petition was granted and she was appointed adminis-rentry. Hive days being Mrs. Bada pre-

tion on his estate. The petition was granted and she was appointed administra-tratrix. Five days later Mrs. Boyle pre-sented a will executed by the deceased and this was admitted to probate. At-torney Samuel M. Garland, of Lebanon, who was named as executor by the will, was appointed executor of the estate and the letters of administration which had been issued to Mrs. Hood were revoked. Now Mrs. Hood wants the will set aside. I win left three children-Lazens E. Hood, of Philomath, Or.; John F. Irwin, of Waterville, Wash, and Elizabeth M. Boyle, of Sodaville, Or. The estate is appraised at 3405°, all of which is - be-queathed to Mrs. Boyle. If Mrs. Hood succeeds in setting the will aside, all the children will share equally in the di-

hildren will share equally in the di-Islon of the property. Mrs. Hood alleges in her petition to set he will aside that irwin was incapable of attending to his business properly at the time the will was made and that for several years preceding his death Mrs. Boyle had lived at his home and had had charge of his business affairs, collecting the rents from his lands, buying his clothes and, in short, securing complete control of her father and all his actions. It is also asserted that under this con-dition of affairs Mrs. Boyle was able to

NO DOUBT OF IT, and we are going to sell another block of stock for THIS REA-As we go down in the well we are boring at Nehalem now, we find the pros-SON. peets SO VERY FLATTERING that we want to be prepared to put down at least SIX more wells, as soon as we get the Oil in this first well, and our expert tells us we will not have to go deeper than SEVEN HUNDRED and FIFTY feet, to strike the OIL LAKE, and at the rate we are going down, we will reach that depth within the next 40 TO 60 DAYS, hence our desire to be prepared for the future in a financial way, as it will take a considerable amount of money to put down that many wells.

Our representative at the well reports the finding of NUMEROUS SEAPAGES, MORE NUMEROUS AS THEY GO DOWN. The formation now is BLUE SHALE AND A HARD BLUE CLAY MIXED WITH SHELLS. This formation is IMPREGNATED WITH THE OIL, and our head driller says we are undoubtedly near the selurium rock, under which the oil is held. We have contracted the boring of the well to an expert driller, and the only way he can make money is by putting down the well as fast as possible, and the progress he is making is satisfactory.

The capitalization of the company is but 50,000 SHARES, par value \$1.00 per share, and because of this low capitalization this stock will be worth from \$100 to \$500 per share as soon as Oil is procured. The usual capitalizations of Oil companies is from One Million to Five Million shares, and these shares are sold at a low price which puts them into the hands of THOUSANDS of people, and this makes both the stock and dividends unattractive to the thinking and careful investors. NOT SO WITH THE STOCK OF THIS COMPANY, for it will get into the hands of but FEW PEOPLE, and THAT FEW WILL ENJOY THE ENORMOUS PROFITS. When we reach the depth of 500 feet, it is EX. TREMELY LIKELY that the stock will be taken from the market altogether, and we expect to reach that depth about the FIRST OF FEBRUARY. The history of finding Oil in the Pacific Northwest is, that all, so far, has been found very near the coast. Go from lower California to the far North in Alaska, and you will find this to be true.

If desired, we sell the stock upon the following plan, as it constitutes a guarantee against loss, should the oil proposition not prove a success. To illustrate, should you buy say \$50 worth of the oil stock, and for any reason you may become dissatisfied with it, the Nehalem Bay Land Company, owners of Necarney City, a Townsite, a beach resort on Nehalem Peninsula, will take over your stock and allow you full credit for the \$50 on any one unsold lot you may select, in above said Townsite, at the time of assigning said stock to that said Company, and the price of said lots to remain as they are now selling, being \$200 each, and the balance paid at the rate of \$5 per month, on each lot. These lots will easily sell for from \$400 to \$500 when the railroad reaches there, next Summer,

THERE IS NO BUSINESS IN THE WORLD AS PROFITABLE as THE OIL BUSI-NESS. The rich have been made richer, and many poor have been lifted from poverty to affluence and wealth, by investing in legitimate Oil propositions, and no Oil proposi-tion has ever been put before the people, upon a more honest basis, than this of the Necarney City Hydrocarbon Oil Company.
