### INLAND EMPIRE IS PORTLAND'S GUEST

Excursionists, in Special Train, to Spend Day in Rose City.

SPOKANE IS REPRESENTED

Personnel of Party Includes at Least 250 Residents of Washington and Canadian Provinces. Go South Tonight.

The Inland Empire excursion to Oregon and California, the personnel of which includes about 250 residents of the Spokane, Walla Walla. Palouse and Coeur d'Alene countries and the Northwest Provinces of Canada, will reach Portland by special O. R. & N. train today at 10 o'clock. The entire day will be spent here in car rides around the city as guests of the Commercial Club, visits to the mercantile establishments of the city and a dinner and reception at the Hotel Portland in the evening.

An artistically prepared itinerary issued in behalf of excursionists contains the following greeting:

the following greeting:

The free and frequent intermingling of its people is the first expression of a country's desire for growth. In the achievement of a Greater West exclusiveness and prejudice must give way to united sentiment and a common weifare. This excursion, apparently for pleasure, is in truth the manifestation of a desire to see and learn more about a great and wonderful country. Our banner, 'Inland Empire,' is true to the genius and spirit of our time, since it waves over a domain that is unmindful of either state or National lines. We speak for Eastern Washington and Oregon, Northern Idaho, and a goodly area of Canadian soil. In numbers we are an army, but our invasion is peaceful. We bring from our firesides a message of good cheer, and we will break bread with our neighbors at the shrine of Peace, Prosperity and Progress. We extend to Oregon and California our cordial greetings. May our success be yours, and our celicitations mutual. We believe in the West. We also believe in the East and the North and the South, and the great good of all.

### THREE GENIUSES COMING

PORTLAND TO ENTERTAIN BUR-BANK, LONGPRE AND WILSON.

Rost-Planting Day Will Be Noteworthy for Gathering of Leading Rosarians.

Three of the greatest factors in the agricultural, horticultural and floricultur-al development of the United States have been asked to lend their presence to the annual rose-planting exercises of the Portland Rose Festival this year. The celebration, as heretofore, is to take place on Washington's birthday, February 22, and the distinguished three celebrities who have been asked to take part in the ceremony are Luther Burbank, the "wizard," Paul de Longpre and Secretary James Wilson of the Agricultural Descriptors. cultural Department.

The invitation to Mr. Wilson was ex-

tended some time ago and he promised to come or, in case his duties forbade, he would send a representative of his department here. Luther Burbank, whose fame is world-wide, was unable to be here on last year's rose-planting day, but he assured the Portland Rose So-ciety last year that he would make amends by coming this year and take such part in the programme as would be consistent with the other features of the ceremonial. He has just been reminded of his promise and in a few days a favorable reply is expected from Santa Rosa, his California experiment station.
Burbank has been in correspondence
with the Rose Festival during the past
year and in one of his recent communications he expressed a deep desire to
come here and investigate the progress
that rose culture has made in Portland in view of the fact that this city claims prestige over all other cities as the

center of rose culture in America. Last year Paul de Longpre was ill and was forced to decline the invitation to was forced to decime the invitation to be present at the annual celebration. He is, of course, remembered as the world's greatest painter of the rose and is a rogarian of National repute. President Drake of the Rose Society has written to near Los Angeles, him at Hollywood, renewing the invitation of a year ago and it is confidently expected that this splen-did genius will find it possible to be pres-

acquired when the city took possession of the Forestry building of the Lewis and Clark Fair and as much of this tract as will be needed will be dedicated to this cause on Washington's birthday next

In addition to the effort to secure the operation of the Federal Government. Burbank and de Longpre, plans for hav-ing all the consular agents of foreign nations stationed at this port take part have already been announced. If present have already been announced. If present plans do not miscarry, this year's rose-planting will be one of the most notable civic demonstrations in the hostory of

H. C. Garnet, of Medford, president of the association, is in Portland with other members of the executive committee and a preliminary meeting was

held yesterday.

In the meetings of the association, which will be executive in character, general trade conditions, wholesalers, the proposed parcels post and numerous other matters will be discussed. The other matters will be discussed. The election of officers probably will be held Wednesday and that evening a delegation of 12 or 15 dealers will leave for Spokane to attend the meeting of the Inland Empire Hardware & Implement Dealers' Association.

The officers of the Oregon Retail Hardware & Implement Dealers' Asso-ciation are: President, H. C. Garnet, of Medford; secretary, H. J. Altnow, Portland; treasurer, Frank Dayton,

#### Pacific Grain Company Loses.

The effort of the Pacific Grain Com-Meat Company \$433 for 619 sacks of dam-aged wheat falled yesterday when the suit went to trial in Judge Gantenbein's department of the Circuit Court. Because of insufficient evidence for the plaintiff, Judge Gantenbein gave judgment for Smith.

MARION COUNTY TO UPHOLD FRUIT INSPECTOR.

Inspection of Orchards and Nurseries to Begin-Spraying to Be Demanded.

SALEM, Or., Jan. 17.—(Special.)—The County Court has taken the position that the law relating to the inspection of orchards and nursery stock shall be en-forced rigidly this year and will uphold County Fruit Inspector Armstrong in his efforts to eradicate insect pests in the orchards of Marian County.

Mr. Armstrong has been carrying on a campaign of education, seeking by moral suasion, wherever possible, to induce farmers to trim and spray their trees. By the use of this policy he has been abie to secure the co-operation of the farmers and avoid needless friction. Now, however, the fruitmen have had ample time and opportunity to learn the necessity of keeping their trees in condition sity of keeping their trees in condition and it is the judgment of the court and the inspector that a vigorous policy shall he pursued from this time on.
At the recent meeting of the Salem

Fruit Union, resolutions were passed urging the employment of a fruit inspector the year around. The court then in-structed Inspector Armstrong to proceed with the work of his office as provided by law. Considerable spraying and clean-ing up may be done to better advantage at this time of year than any other, and Mr. Armstrong will at once begin the work of inspecting orchards. He will serve notices on owners to do this work wherever it is needed.

#### NEW FRANCHISE IS ASKED

Chehalis County May Yet Get Interurban Road.

ABERDEEN, Wash., Jan. 17 .- (Special.)-Attorney W. H. Abel, representing the Grays Harbor Interurban Company, today filed with the County Commissioners application for a new franchise for the construction and operachise for the construction and opera-tion of a line of interurban rallways over county roads in Chehalls County. The new franchise, it is declared by its promoters, covers the law points in which the former one, enjoined by the courts, was deficient. The new fran-chise seeks to avoid conflict with the laws, and especially with that section which prevents the building of inter-urban lines on state-aid roads, except with the consent of the State Highway Commission. The franchise is to be
