Washtenaw Goes to Sound With Dismasted Boat.

HEAVY WEATHER OUTSIDE

Tug Wallula Unable to Locate William H. Smith Sunday-Oil Tank Liner Found Vessel 50 Miles Westward Tillamook Rock.

After standing off the mouth of the Columbia River for more than 30 hours the oil tank steamship Washtenaw, having in tow the dismasted ship William H. Smith, headed for Puget Sound The Port of Portland tug Wallula went o sea yesterday morning in the face of a

40-mile gale and expects, to reach the Straits of Fuca by midnight. The Washtenaw desired to transfer the tow Washienaw desired to transfer the tow to the Wallula, but the tug had difficulty in taking care of herself and declined. Steam was raised on the Tatoosh and two tugs are standing by ready to preceed to sea in case the Fashienaw is unable to take care of the tow.

The ship William H. Smith, lumber laden from the straits for South Africa, was dismasted in the gale of January 12. She was picked up at 3 o'clock Sunday morning by the steamship City of Puebla. A wireless was sent to Astoria and the

A wireless was sent to Astoria and the tug Wallula was promptly ordered to proceed to sea in search of the disabled. The location was given as 12 miles southeast of Tillamook Rock. The

miles southeast of Tillamook Rock. The Wallula cruised for several hours, proceeding as far as 30 miles south and west of the rock. Nothing was seen of the wreck. The Washtenaw picked up the disabled sailing ship 50 miles to the westward of Tillamook.

After placing a pilot on board the British steamship M. S. Dollar and towing the barkentine J. M. Griffith to see the Wallula picked up the Wastenaw and tow and immediately offered assistance. This was refused, Yesterday the . This was refused. Yesterday the was so rough that the Washtenaw had difficulty in hanging to the dismasted

RELIEF SHIP OFF TO UMATILLA

Light Vessel No. 92 Will Go on Station at the Reef.

With relief lightship No. 93 in tow the With relief lightship No. 22 in tow the United States Lighthouse-tender Armeria, Captain Gregory, will leave from Astoria to relieve the light vessel off Umatilla reef. As soon as the weather moderates sufficiently the Armeria will cross out over the Columbia River bar and will proceed to the station of the Umatilla reef vessel. The regular ship will be taken to Seattle for repairs.

The Armeria has been engaged in de-

The Armeria has been engaged in delivering coal to the light vessels and stations on the coast for the past two weeks. Heavy weather has made the work unusually difficult. The tender Manzonita has returned to

Seattle after an extended trip to South-eastern Alaska. The Manzanita went north before the holidays with supplies and Christmas turkeys for the light-house keepers. All hands have been sup-plled for the Winter and until the opening of Spring the tender will not make

another frip to the north.

At Astoria the tender Heather is loaded and awaiting a favorable opportunity to sail for Coos Bay ports where all necessary changes will be made in the buoys and aids to navigation.

Steamer Must Enter and Clear Five Times in Loading Lumber.

The British steamship M. S. Dollar, which arrived yesterday to load lumber at Knappton, Rainier, Portland and Linnton for Melbourne, will be compelled to enter and clear five times from the custom-Houses while she is In the river.

On arrival here she entered at the Astoria Custom-House and then cleared for Knappton, which is in the Tacoma district. When she finishes at Knapp-ton she will clear from the Tacoma office for the Astoria district and in turn will clear from here for the Port-land district to take on cargo at Port-land district to Take on cargo at Portland and Linnton. Later she must clear from the Portland district and then again clear from the Astoria district for Melbourne with the lumber she takes on at Rainier.

The main reason for this large number of entrances and clearances is that the ports or the portly did of the Co-

the ports on the north side of the Co-lumbia are in the Puget Sound Cus-toms district and whenever a vessel desires to load from any of those places for a foreign port, Tacoma in-sists that she musts clear from there.

WASHTENAW OFF FOR STRAITS

Southwest Gale Drives Tanker and Tow to Cover.

PORT TOWNSEND, Wash. Jan. 17.— (Special.)—After a vain attempt, in the face of a southwest storm prevailing, to make Columbia River with the dismantied American ship William H. Smith, Captain Murray, which she picked up dismasted off the coast Friday morning, the Standard Oil Company's steamer Washtenaw is heading for the Straits of Juan de Fuca and is expected to reach here Tuesday night is expected to reach here Tuesday night at the latest. The gale will favor a quick passagle for the tanker and tow, despite the latter's crippled condition. A wireless message brought this news tonight and was probably transmitted by the revenue cutter Manning, which received the first news of the Smith's dilemma from the steamship Puebla and immediately hurried to the rescue. The Manning is standing by to make communication possible in case

KANSAS CITY REACRES PORT

San Francisco Liner Has Fair Trip Up From San Francisco.

With 100 passengers and 1600 tons of general freight, the San Francisco and Portland liner Kansas City, arrived up at 5:15 o'clock last evening from San Francisco. Captain Nopander reports a fair passage for this season of the year. No severe gales were encountered and be-yond a heavy Westerly swell the voyage

ASTORIA. Or., Jan. 17 .- (Special.)-

strong southwesterly gale and found

strong southwesterly gale and found the bar rough.

The steamer Yosemite cleared today for San Francisco with 300,000 feet of lumber loaded at Kalama and 485,000 feet loaded at Portland.

The schooner Irene cleared today for San Pedro. She has 917,000 feet of lum-ber loaded at Seattle.

Marine Notes.

The steamship Sue H. Elmore is due to arrive this afternoon from Tiliamook.

The steamship Rose City arrived at San Francisco from Portland at 1 o'clock yesterday afternoon.

The British steamship M. S. Dollar is loading lumber at Knappton for Australia. She will finish at Portland.

The steamship Henrik Ibsen, of the Portland and Asiatic Steamship line sailed from Yokohama for Portland, January 15. She will be due off the river February 1. February 1.

February 1.
From the Alaska dock to Albina the stetunship Selia, of the Portland and Asiatic Steamship Company, moved yesterday forenoon. The Selia will finish at

terday forenoon. The Selja will finish at the Elevator dock.

The British steam ship Stephanotis, under charter to load lumber for the Orient for the Pacific Export Lumber Company, was shifted from the lower harbor to Inman, Poulsen Mills yester-day.

BOARD FAILS TO ACT

Question of Type of Crematory for Portland Still Hangs Fire.

After a session jasting two hours yesterday morning, the Board of Health did not reach a conclusion as to the type of garbage incinerator to be selected for the Guild's Lake Plant, but Mayor Simon stated that he believes that one will be decided upon before the

And Skepticism Dispelled

WHY NOT YOU?

watchsmith. My treatment will build up and replenish the vital tonicity

With me there is no experimenting. I have eliminated such a large number of allments from the various forms of diseases and confined my

practice so exclusively to those selected as my specialty that my record

If you expect to hold your own in the keen competition of life, you

along these lines renders successful competition out of the question.

To Stop a Cough in a Hurry

With this recipe you can make a pint of cough remedy at home In five minutes. A few doses usually conquer the most obstin-ate cough. Simple as it is, no better remedy can be had at any

Price.

Put 2½ ounces of Pinex (50 cents' worth; in a clean pint bottle, and fill up with Granulated Sugar Syrup, made as follows: Take a pint of Granulated Sugar, add a half pint of warm water and stir for two minutes. Take a teaspoonful every one, two or three hours. The taste is very pleasant—children take it is very pleasant—children take it willingly. Spiendid, too, for colds, chest pains, whooping cough, bronchitis, etc.

Granulated Sugar makes the best syrup. Pinex, as you probably know, is the most valuable concentrated compound of Norway. White Pine Extract. None of the weaker pine preparations will take its place. If your druggist hasn't the real Pinex, he can easily get it for you. strained honey can be used in-

stead of the syrup, and makes a very fine honey and pine tar cough syrup,

jurisdiction, and the City Council simply appropriates whatever funds are necessary to build the crematory, according to the charter. It was thought by some that the Council could control the type to be selected, but the provisions of the act authorizing the issuance of bonds does not so state. It gives the Board of Health the power to decide upon the type of burner, and the Council must, upon recommendation of the board, appropriate the funds neces-

sary to construct it.
"I am confident," said Mayor Simon, that the board will decide this week upon the type of incinerator to be used. It is a difficult problem, but I am very anxious to have it settled quickly; am willing to have any one of the plans that are not disapproved by the City Engineer and the Superintendent of the Crematory. For years the city has needed a new plant but nothing has been done,"

YAKIMA TO AID WANDERERS

Ex-Councilman Starts Movement to Better Humanity.

NORTH YAKIMA, Wash., Jan. 17.— (Special.)—A Wanderers' Club is to be established in North Yakima. Ex-Councilman John J. Miller is back of

he plan. the plan.

He proposes to rent or have built a structure on Front street, where hang out all the transients that arrive in the city. This building is to be maintalged solely for tramps, drunks and wanderers. It is to be a place where a man can get a bed, a cup of coffee and a sandwich at any time. When the man has money he will be

charged a nominal sum, but if he is "broke," he is to be given attention free. The club is also to be used as a "sobering-up" place for drunks. Mr. Miller proposes to collect the money needed to open the place and maintain it from the salonnkeepers and the it from the saloonkeepers and the business men, but mainly from the sa-leon men. It will require \$2000 to open the place and Mr. Miller thinks It will cost about \$200 to maintain it Mr. Miller says he has secured suffi-cient assurances of support to be able lefinitely to announce that the club

ype of garbage incinerator to be sected for the Guild's Lake Plant, but dayor Simon stated that he believes hat one will be decided upon before the and of the week.

The Board of Health has the absolute Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughts, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

I Am Master of Men's Ailments

Consult Me Today

The study of medicine is as broad as life and as complex as Nature. It is therefore impossible for any individual to master the treatment of all human life. The man who attempts to do so is able to cure only the most simple aliments. The ordinary physician is like the man who attempts to master every branch of mechanics, from watchmaking to shipbuilding. Such a man becomes neither a good watchmaker nor a successful shipbuilder. The general medical practitioner knows as much about one disease as he knows about another—and he has no intimate knowledge of any. The cures he performs—when he is fortunate enough to cure—are usually purely accidental. The patient gets well, not because of the physician's efforts, but in spite of them. When the ordinary physician treats men's aliments, HE BARELY EFFECTS A CURE.

DR. TAYLOR, The Leading Specialist.

I AM A SPECIALIST IN MEN'S AILMENTS. My practice is confined wholly to the allments of men, and the fact that I invariably cure every case that I accept for treatment PROVES that my methods are correct. Indeed, I have for twenty-five years made a specialty of men's allments and have so closely studied them that I am able to meet every phase and condition of each individual case, and to effect a permanent cure in a very short time. I am never for a moment in doubt as to my course. I know just WHAT to do and HOW to do it, to obtain satisfactory RESULTS. This explains why my practice has grown to be by far the largest in the western part of America.

So confident am I that I can effect a thorough and LASTING CURE in each case that I accept for treatment, that I will give a Written and Binding GUARANTEE TO CURE YOU, and YOU NEED NOT PAY ME A DOLLAR UNTIL YOU ARE WELL.

Bear in mind that I could not afford to do this if I did not KNOW that my treatment would not fail. I am the only doctor who dares to make such a proposition. Under no circumstances do I ever take cases for treatment that are doubtful. Hence, if I accept your case for treatment you may absolutely-rely upon it that I will cure you.

MY METHODS ARE ORIGINAL.

My methods are entirely original with me, and the result of many years of special study and experience. Instead of filling my patients up with powerful drugs and stimulants, as do other specialists. I apply soothing, healing and absorbent medicines DIRECTLY to the DISEASED REGION, and thus aid Nature in overcoming the trouble. The best that human skill can do is to ASSIST NATURE. It is Nature that performs the cures. Powerful drugs taken through the stomach do not cure. They merely set up a new disturbance in the system, which, for a time, diverts the energies from the old disease to the new attack. This process is invariably attended with a reaction, and in consequence, leaves the patient in a worse condition than before treatment. Another method employed by another class of physicians is to dose the sufferer with tonics, which exhilarate the patient so that he actually believes himself improving under such treatment. But after a very short time, these stimulant medicines cease producing the desired effect, when the aliment gains a new and firmer hold upon the patient.

HOW I CURE,

My method of treatment overcomes inflammation and congestion by aiding the tissues of the diseased region to throw off the poisonous secretions and the deadly toxins caused by disease. Some of these toxins are more poisonous than the virus of the rattlesnake's fang. Thousands of the cases of sudden death which occur with alarming frequency in every city in the land, are directly due to toxic poison, although such cases are usually pronounced "heart failure," or heart disease. My treatment completely eliminates every trace of disease and accumulated poisons from the system, and thus allows Nature to perfect a COMPLETE CURE.

DO NOT BE DECEIVED.

My methods have revolutionized the treatment of ailments peculiar to men, and consequently altered former medical theories. Imitators of my system of practice have sprung up everywhere. A pronounced success in any field of human endeavor begets imitators. Following the Genume, there always come the Counterfeit. These imitators of mine insist that they cure by means similar to those I employ. Such statements are uttered with a base intent to deceive. The facts are that NO OTHER PHYSICIAN ANYWHERE TREATS MEN'S AILMENTS BY MY METHODS. My treatment is the ORIGINAL and ONLY GENUINE Direct-Method Treatment for the Aliments of Men.

My MODERN and up-to-date methods effect a certain and speedy

My MODERN and up-to-date methods effect a certain and speedy cure of CONTRACTED AILMENTS, SPECIFIC BLOOD POISON, NERVOUS DEBILITY, and all reflex allments.

for medicines.

charge you, and no exorbitant charge for medicines.

I am an expert specialist, have had 30 years' practice in the treatment of ailments of men. My offices are the best equipped in Portland. My methods are modern and up-to-date. My cures are quick and positive. I do not treat symptoms and patch up. I thoroughly examine each case, find the cause, remove it and thus cure the disease.

I CURE Varicose Veins, Contracted Aliments, Piles and Specific Blood Polson and all Aliments of Men.

SPECIAL DISEASES—Newly contracted and chronic cases cured. All burning, itching and inflammation stopped in twenty-four hours. Cures effected in seven days.

THE GREAT FRENCH-ELECTRO—MEDICATED CRAYON insures every man a lifeions cure, without taking iffedicine into the stomach.

MEN Visit Dr. Lindsay's private
Museum of Anatomy and know
thyself in health and disease. Admission free. Consultation free. If unable
to call, write for list of questions.
Office hours—9 A. M. to 8 P. M. Sundays, 10 A. M. to 1 P. M. only.

DR. LINDSAY 1281/2 SECOND ST., COR OF ALDER, PORTLAND, OR.

Young Ming Chinese Medicine Co. Wonderful

PORTLAND, OR.

If you have drifted from one physician's office to another without relief, and gone the rounds of the various pretenders until disgust and despair is your lot, you are the very person I want to consult. Because a blacksmith is unable to repair a watch is no reflection on an expert of the enfeebled system, as hundreds of hitherte hopeless and despairing

must get in full possession of your faculties. The foundation of success in business and the most desirable of all physical attainments is health. The capabilities and powers possessed by any man, or the brightest spirit, with its wonderful possibilities, must depend upon health. Intellectual-NOT A DOLLAR NEED ity, knowledge and ambition can do nothing without it, and health is, **BE PAID UNLESS CURED** therefore, of the most commanding interest and importance.

STOP AND THINK Should the experience of physicians who have received the unqualified indorsement of the pulpit, the press and laymen not be worth something in your own case? Under my care you are absolutely assured of the most modern methods and the latest discoveries known to medical science. The unsolicited testimonials from cured patients and business men should be of some value to you, and my fee for a cure is insignifi-

cant compared with results. It is possible that other specialists might, in a given case, be able to benefit. But why go through a fence of burrs after one blackberry and get more burrs than berries? Why experiment, when tried and true

will cost less money. I make no claims that are not supported by the facts. The company commenced business in its present quarters over 30 years ago, and is doing more than double the amount now than 10 or 20 years ago. References are the best banks and business men and grateful patients cured all over Oregon and Washington. I have given my entire time for years to the four diseases that wreck men: Varicose Veins, Blood Poison, Vital Weakness and Infectious Ailments and their results, and I cure them to stay cured forever.

ARE YOU A SUFFERER?

You Can Be Cured-Other Men Are Being Cured Every Day-Come to Me and I Will Cure You

MY MOTTO-The Best Treatment at Reasonable Prices DON'T GIVE UP BEFORE CONSULTING ME-CALL AT ONCE IF IN TROUBLE My fees for cures are lower than the general family physician or surgeon. Medicines furnished from

our own laboratory for the convenience and privacy of patients, from \$1.50 to \$6.50 a course. If you cannot call, write for our free self-examination blank. Many cases are cured at home
