

Phases of Industrial Growth in the Pacific Northwest

NEW PROJECT SURE

Malheur Irrigation Plan Has Warm Support.

PLANS ARE BEING DRAWN

Owyhee Ditch Subscribers to Unite in New District, Which Will Take in Both Wet Land and Dry-Land Farmers of County.

ONTARIO, Or., Jan. 23.—(Special).—Attorneys are now busy drawing up the contract by which owners of irrigated lands in this portion of Malheur County, particularly those located now under what is known as the Owyhee ditch, will subscribe their lands to the proposed irrigation district, which is being formed. This district has been in process of creation for several weeks, and the Trowbridge-Niver Company, of Chicago, has plans and specifications for a large project to be built, in case the district is successfully organized.

It was at first thought to include in the district only the dry lands of the vicinity, but much of this is yet unopened land, so the wet land people expressed willingness to come into the district under favorable conditions, and thus assist the dry land people in floating their bonds.

The Owyhee Ditch Company, the oldest ditch company in this locality, has held several meetings with the promoters of the district and the irrigation project, and has agreed with them upon the terms of a contract upon which it will transfer its lands to the Owyhee ditch stockholders. The district will be paid off by the district, and a new drainage system will be constructed, which will drain the lands under the Owyhee ditch and all those under the new ditch. Owyhee stockholders will pay for the drainage system in proportion as they are benefited by it.

FARMERS PLAN RAILWAY

Nehalem Valley Seeks Outlet for Its Products.

CLATSKANIE, Or., Jan. 23.—(Special).—At a meeting at Mist, nine miles from here, in the Nehalem Valley, committees were appointed by the Commercial Club to ascertain the feasibility of building an electric railroad to Clatskanie, and if the estimated cost of construction is not placed too high, the citizens of the valley, assisted by those of Clatskanie, will endeavor to build the road.

ABERDEEN AWAITS GRADE

Union Pacific Road Announces Work to Commence Soon.

ABERDEEN, Wash., Jan. 23.—(Special).—Work of grading for the yards of the Grays Harbor & Puget Sound (Union Pacific) Railway at Cosmopolis, across the river from Aberdeen, will commence in a few days, according to a statement just issued by the railway.

DORMITORY IS IMPROVED

Chemawa Indian School Undergoing Extensive Repairs.

CHEMAWA, Or., Jan. 23.—(Special).—The large brick dormitory of the Chemawa Indian School is being repaired and extensive repairs costing more than \$2000 are nearing completion. This building was erected in 1903 at a cost of \$25,000, the contractor being Charles A. Gray, of Salem.

COOS BRIDGE DISCUSSED

Action of North Bend Commercial Club Revives Interest.

MARSHFIELD, Or., Jan. 23.—(Special).—The question of the Southern Pacific Railroad bridging Coos Bay, in the event that the branch from Drain is built this year, is being agitated, as it was three years ago.

MARSHFIELD PLANS BIG

CITY TO SPEND \$100,000 ON STREET PAVING.

Work on Electric Line Under Way. Road From Coos Bay to Roseburg Sought.

MARSHFIELD, Or., Jan. 23.—(Special).—Marshfield expects to spend \$100,000 this year in street paving. City Engineer Sandberg finds that improvements will amount to more than 20,000 square yards of paving and, with the grading, will cost \$100,000. The city will advertise for tentative bids to be opened in three weeks.

Reports to the City Council by an expert show that the total value of real estate and other property owned by the city is \$24,195, and the debt is a \$24,000 bond issue and \$1000, still owed on a loan.

Work on the electric street line, for which J. M. Blake was granted a franchise in Marshfield, has been started in the south part of the city with the driving of test piles for the track. In North Bend a city warehouse is rising, and the city has decided to spend \$30,000 on the plank waterfront roadway which will connect with the plank extension of Front street after the county has built a short stretch between the limits of the two cities.

The County Commissioners have been petitioned to spend \$50,000 for a first-class road from Coos Bay to Roseburg.

Extensive work is planned by the commissioners of the Port of Coos Bay. The commission aims to secure the tide flats that they may be under the control of the commission. Dredging of the channel is also being arranged, the commission plans to make a levee from the bar to the head of the bay. It is also the purpose of the commission to purchase suitable sites for public wharves.

BURKE SEES GREAT CITY

Seattle Man Predicts Consolidation of Grays Harbor Towns.

ABERDEEN, Wash., Jan. 23.—(Special).—Declaring his belief in the future greatness of this harbor and the inevitable consolidation of Aberdeen, Hoquiam and Cosmopolis into one city, Judge Thomas Burke of Seattle, guest of honor at a banquet at the Hotel Washington, urged the business men of this city to begin preparations at once for the business and trade which, he insisted, would be sure to come.

Judge Burke declared that this city needed not only appropriations for the inner harbor and the bar at the mouth of the Chehalis River, but that it needed docks and wharves as well.

SWEEPSTAKES PRIZE GIVEN

Settlers Reclaiming & Operating Co. Wins Trophy for Shelled Grains and Potatoes—Display Organization Formed.

CALDWELL, Idaho, Jan. 23.—(Special).—The display of seeds and potatoes at the Pure Seed Show held in this city last week under the auspices of the State Agronomy Association, exceeded all expectations. The display was much larger than expected and the interest manifested was great.

The survey has been completed, the estimate made and the right of way secured for the entire 18 miles from the Umpqua Forest Reserve, where the municipality has been granted a water right of six second feet.

HOLLEY MAY PRODUCE OIL

Big Firm, Incorporated by Springfield Men, Lays Plans.

ALBANY, Or., Jan. 23.—(Special).—The Calapalooa Oil Company, which was incorporated a few months ago by a group of Springfield, Or., men to begin boring for oil in the immediate future near Holley, the company has leased several tracts of land for oil-boring purposes and just as soon as the roads are in good condition will ship oil-boring machinery up the Calapalooa Valley from Brownsville.

C. E. Reynolds, an oil expert, who is a member of the company, asserts that he has discovered unmistakable indications of oil in several places in the Calapalooa Valley near Crawfordville and Holley and that he expects to find oil in large quantities.

CINNABAR MINE CLOSED

Prices of Producing Metal Found to Absorb All Profits.

COTTAGE GROVE, Or., Jan. 23.—(Special).—The quicksilver mine, 18 miles southwest, have been abandoned. That there are large deposits of cinabar ore here has been demonstrated, but the process employed in producing the metal proved too expensive. W. B. Dennis, who was at the head of the company several years, raised the old furnace three years ago and constructed a new one in the hope that by the new method quicksilver might be had at less cost, but after expending large sums of money in testing the process the work has been found unremunerative.

ALBANY CLUB PLANS TRIP

ALBANY, Or., Jan. 23.—(Special).—A series of trips which the Albany Commercial Club plans to make to surrounding cities during the next few months probably will be inaugurated next Saturday with a trip to Harrisburg. Definite plans for the proposed trip will be completed at the next meeting of the executive board of the club Tuesday evening.

Besides the city officers and the club members, the club plans these visits to stimulate the existing friendly feeling among the cities of the valley and to advance the work of mutual improvement of this part of the state.

Trips are in prospect to Salem, Corvallis and Seaside, and perhaps other places.

SPRINGFIELD ASKS BETTER SERVICE

SPRINGFIELD, Or., Jan. 23.—(Special).—Springfield wants a better telephone service and the Commercial Club has instructed the secretary to register a protest or at least ask for improvement. The population of Springfield has doubled during the past two years and the small switchboard, say the local operators, is far too small. There are 240 subscribers connected by only 37 lines. On one line there are actually 30 parties.

FOREST GROVE GETS HALL

City Offices and Fire Department Home to Cost \$10,000.

FOREST GROVE, Or., Jan. 23.—(Special).—The authorization of the Mayor and Recorder of the city to enter into a contract with the Catching Brick yard, of this city, assures Forest Grove of a modern, up-to-date City Hall.

It is under the administration of retiring Mayor E. H. McLaughlin that the building fund was instituted for the special purpose of erecting a City Hall.

Besides the city offices and the fire department, it will be a two-story structure, at a cost of \$10,000. The contract is for 85,000 red bricks at 38 per thousand.

LEFT ON HER DOORSTEP

FOR THIS MOTHER

Mrs. A. G. Tison, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and general weakness. She was all run-down and in a very delicate condition."

PIONEERS TALK BUILDING

Aberdeen Association Discusses Formation of Stock Company.

ABERDEEN, Wash., Jan. 23.—(Special).—Discussion of plans for the formation of a stock company among the pioneers of the city to construct an "Aberdeen Pioneers' Block" was the most important subject before the annual meeting of the Aberdeen Pioneers' Association.

The proposal to admit pioneers of Hoquiam and Cosmopolis was lost. The election of officers resulted as follows: Mrs. A. D. Wood, president; H. H. Carver, vice-president; Mrs. William Irvine, secretary (re-elected); Mrs. J. M. Walker, treasurer.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my head lurching and I could not even receive a letter. Every month I had such a bearing-down sensation as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing-down. I recommended it to some friends and two of them have been greatly benefited by it."

—Mrs. MAE MCKNIGHT, Oronogo, Mo.

Another Grateful Woman. St. Louis, Mo.—"I was bothered terribly by a female weakness and had backache, bearing-down pains and night sweats. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."

—Mrs. AL. HERZOG, 5722 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

Commercial Club answered roll call at the regular meeting held Monday night. President F. E. McGuegan presided. The meeting was held at the Commercial Club. The committee reported that he had waited on the County Court regarding the improvement of the "Bears' road," and had received encouragement and a promise of more material help.

The club decided to insist that this road be opened and improved as it will give access to a large territory adjacent to Sandy with its wonderful scenic attractions. It is the most attractive automobile drive in the state.

Casper Junker spoke of the need of a bank in Sandy, and said he would be willing to donate a lot for the site of a building if the proper parties would take hold of the matter and direct such institution. It was reported that \$10,000 has already been pledged toward capitalizing a local bank, and that the prospects of it being established were promising.

On motion of J. B. Tawny a committee was appointed to wait on the property owners of Sandy and ask them to provide wide sidewalks.

Lincoln's Rule For Living

"Do not worry, eat three square meals a day, say your prayers, be courteous to your creditors, keep your digestion good, exercise, go slow and go easy. Maybe there are other things that your special case requires to make you happy, but, my friend, these, I reckon, will give you a good lift."

Follow Lincoln's words of wisdom and keep your digestion good. When you have dyspepsia, indigestion or any form of stomach trouble you can eat what you want and eat heartily if you take Kodol. Starvation seems a strange remedy for any disease, yet starvation by vigorous diet was once generally resorted to in case of indigestion or other stomach trouble. Even yet it is sometimes tried. Such a remedy is worse than useless.

AILING MEN QUICKLY AND PERMANENTLY CURED

You need not pay any doctor an exorbitant or fancy price for treatment when I offer you a thorough and permanent CURE for a moderate fee.

I have a quick and absolutely certain system of treating the cases I undertake which positively insures the cure in less than the time called for by methods used in ordinary practice.

Contracted Ailments

Every contracted ailment I treat is thoroughly cured. My patients have no relapses. When I pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the ailments will return. No contracted ailments is so trivial as to warrant uncertain methods of treatment, and especially solicit those cases that other doctors have been unable to cure.

VARICOSE VEINS.

I use neither knife, ligature nor caustic in my treatment for Varicose Veins. I positively cure this ailment in one week by an absolutely painless method and without detaining the patient from business.

OBSTRUCTIONS.

My method of curing obstructions is new and entirely original. No cutting or distending. The obstruction is dissolved and entirely removed and all affected membranes thoroughly cleansed.
