For 25 years I a special election this afternoon will vote on the issuance of \$350,000 of honds have been treating men's ailments only. I began my special work after thorough preparation at the best medical colleges and hospitals of the country, and have cured more men than any other specialist in \* for a new high school to be constructed for a new high school to be constructed on the West Side. The election will be held between 1 and 4 o'clock in the office of District Clerk Thomas in the City Hall building. Every resident of the district, mails or female, whose name appears on the taxroll, is qualified to vote on the proposed bond issue. So far as could be learned yesterday there is no organized opposition in the district against the issuance of these bonds. The feeling is general among the voters of the district that the demand for improved school facilities requires that provision be made for the addi-tional high school building. It is under-stood that in a few localities on the East Side there is some opposition, how-ever, is confined to a few property own-ors who were disappointed at the annual meeting of the taxpayers last December when their requests for new buildings or additions to buildings now in use by the district were rejected. There is a disposition on the pair of a few to re-sist the proposed bond issue for the new high school. Louisianas-Mrs. Bertha Mull. 605 N. 446 St. Westboore-Mrs. Susia Templeton. New Jersey.

"There is urgent need for a new high school on the West Side," said I. N Fleischner, chairman of the Board of

School on the West Side, Said, I. A. Fleischner, chairman of the Board of Education, yesterday. "The present building is antiquated and must be re-placed. The district is spending large sums of money annually for repairs on this structure in order that it may be at all habitable for school purposes. "What is more, the building is over-crowded, and additional facilities which will be provided by the proposed new building will be absolutely necessary for the accommodation of the school popu-lation on the West Side by the opening of the school year next Fail. For some time we have been sending the overflow of pupils at this school to one of the two high schools on the East Side. This arrangement is inconventent and, in ad-dition to that, the schools on the other side of the river will be crowded before the year has ended, at the rate the popu-lation of the district is increasing. West Side Needs Building.

## West Side Needs Building.

There are now two modern high There are now two induction of a schools on the East Side, and in view of the congested condition in the build-ing on this side of the river, it cer-tainly seems that the West Side is en-titled to one such high school building. Today's election involves simply a question of providing adequate facili-ties for school, purposes. The new

toway's election involves simply a question of providing adequate facili-ties for school purposes. The new building is indispensable." "There are in the office of the Dis-triet Clerk puble records, two reports," said R. L. Sabin, another member of the Board of Education, "One of these reports was prepared by City Superim-tendent Rigier. It recites the crowded condition of the high schools and the need for an additional building on the West Side. The other was submitted by Architect Jones, an employs of the district. It tells of the physical con-dition of the present high school build-ing on the West Side, which emphasizes the findings of the City Superimtendent as to the need for another building. These reports speak for themselves. The present building on the West Side has served its day and purpose. With the growth of the district this struc-ture no lunger meets requirements. The additional building is needed." ture no longer meets requirements. The additional building is needed."

#### Opposition Is Surprise.

George T. Atchiey, prosident of the East Side Business Men's Club, in dis-cussing today's school election, ex-pressed surprise that there should be

pressed surprise that there should be any opposition to the proposed West Side high school, particularly in view of the fact that the additional facili-ties are demanded by the district. "Personally, I am in favor of provid-ing every needful facility to promote education," said Mr. Atchiey. "Now that the East Side has been provided with two fine high school buildings, the west Side is entitled to a new high school building. Not only is an addi-tional building, not only is an addi-tional building needed in the district, hut the condition of the building now used for high school purposes on the West Side is such that it should be re-placed. placed

'I do not think any sectional feeling should be allowed to prevail in ques-tions of this sort, when these improve-ments are needed in any part of our growing city. If the West Side needs growing city. If the west side needs this high school, we should vate for the necessary bonds without regard to the probable location of the building. I have not given the subject much atten-tion, but these are my personal views. I believe they are shared by most real-dents on the East Side."
