COAST ASKS FLEET OF 50 SUBMARINES

Many Seaports Are Now Unguarded Against Attacks in Time of War.

PROGRAMME IS PREPARED

Delegates From Pacific Will Urge Construction of Ten Vessels a Year for Five Years--Senate Committee Friendly

WASHINGTON, Feb. 4.-Ten submarines a year for the next five years is the programme of naval construction for the Pacific Const defenses that has been prepared by the menthers of Congress from the states of the Pacific Coast. This will be insisted upon strongly at an early date before the House com-mittee on Naval Affairs. Delegations from Oregon, Washington and California have organized to press

this claim. Representatives Hayes, of California: Ellis, of Oregon, and Humph-rey, of Washington, were appointed by the Pacific Coast delegation to lay their plans before the naval committee. Mr. Hayes strengthened his position in his argument today by quoting from the re-port of the Naval Board of Strategy and other Government documents. If the Western delegations succeed in their campaign in the House, the chances

for the building of a strong submarine fleet for the Paelic Coast defense are believed to be excellent. The Senato aval committee is predisposed towards strengthening defenses on the Western

"The Pacific Coast is in a defenseless condition," declared Representative Hayes. "In San Francisco Esy the current is so strong that it is next to impossible to protect the entrance to the harbor with mines.

of eight persons in one of the outlying districts of Germany. About a month ago a Russian youth, about 29 years of age, arrived at the little village of Pleschen, in the province of Posen. He represented that while he was on duty guarding one of the prisons in Russia his lieutenant found him sleeping at his post, and, fearing to be punished, he secured a change of clothing and fled to Germany. In the course of his journey he had, he said, to swim across the river dividing the two countries at Boguslaw, and corroboration of this story was to some extent provided by the fact that when he reached Pleschen his clothes were saturated with water.

REPUBLICAN WHIP SAYS SES-SION BREAKS RECORDS.

Two Platform Pledges Already Kept. Clark Predicts Democratic House Next Time.

WASHINGTON, Feb. 4 .- "Never in years has any session of Congress done as much work as the present one," said Representative Dwight of New York, Republican whip in the House, in a state-ment today. "Congress has been in sersion less than six weeks since December I and in that time the House has passed the Army, urgent deficiency, District of Columbia and agricultural appropriation bills. We have also redeemed two pledges of the party platform by passing bills to establish a Bureau of Mines and Mining and to admit Arizona and New

Mexico.

"It may not be remembered that the message of President Taft in December was a general one and that his specific recommendations regarding conservation, amendments to the Sherman anti-trust law and the Hepburn rate law did not some to Congress until after January 8. come to Congress until after January 8. These recommendations are in the hands of committees, and as they contain many difficult problems these committees have been working overtime in consultation with the President and the Attorney-General, but at the earliest possible moment bills will be drafted and reported to the House for action.

There has not been shown thus faany disposition on the part of any Republican in the House to retard the passage of any of these measures. It would thus seem that the criticism that Congress is slow in acting is without foundation and unfair. unfair.
