TO EXCHANGE.

OREGON TIMBER LANDS offer the best investment in the country. We can purchase for you claims now being patented at prices that will increase two-fold in three years. Smaller investors may purchase our stock at $100 per share and participate in profits pro rata.

The S. P. & C. R. R. lands afford a great opportunity to those willing to become bona fide settlers on the land. Two million acres are open right now by act of Congress to actual settlers at $2.50 per acre. There is no reason why any person desiring a claim should not go out and take it. The land is there for you, as a heritage from the nation, and actual settlement for the purpose of appropriating a claim for a home, and aiding in building up the country, will entitle you to a deed at the price fixed by law. The railroad has no right to charge more, and has not the power to prevent you from taking the land. Beware of location and clearing fees for filing useless applications, not based on actual settlement. Railroad is contesting its obligation in court, but will doubtless be compelled to sell.

Complete information on all timber land matters.
