The safest medicines are those which leave the system in the best con-dition after their use. This is one of the principal virtues we claim for S. S. S. Being made entirely of roots, herbs and barks, it is not in even the smallest degree harmful to any system, but on the other hand its veg-etable ingredients make it one of the finest of tonics to build up the health in every way. A great many blood medicines contain strong mineral ingredients which unfavorably affect the bowels, stomach or digestive sys-tem, and any blood-purifying effect they might have is therefore offset by their injurious action on the general health. S. S. S. is the one safe and sure blood purifier. It goes into the circulation and rids the blood of every impurity or pollution. It strengthens the circulation and adds nourishing properties to the blood and greatly assists in the cure of any blood disease. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison and all like diseases, because it purifies the circulation. Blood Poison and all like diseases, because it purifies the circulation. S.S.S. may be taken by young or old with absolute safety, and with the assurance that it will cure all diseases and disorders due to an impure or poisoned blood supply, even reaching down and removing hereditary taints.
