With Larger Receipts and Pressing of Sales, Price Drops to 31 Cents.

Price Drops to 31 Cents.

The egg market was an exceedingly weak affair yesterday afternoon and the price was cut to 31 cents. Receipts were larger than usual, amounting to 250 cases for the morning delivery. None of the dealers were disposed to build their stock and the foreing of sides was what weakened the market. The pountry market was lightly supplied, and as the demand was good, the high prices of hast week were easily obtained. Dressed meals were also in strong demand. Dressed meats were also in strong demand

Vegetables.

Trade continues brisk in the vegetable line. With receipts light, because of the cutting down of orders, stocks are cleaning up well on the street, particularly of cabbage, exuliflower, colory and sweet polatoes. Small truck is in moderate supply.

The street has a fair quantity of Cuban tematoes, for which the demand is only fair. A straight car of Cuban tematoes is

Selling Wave in Stock Market Subsides.

NERVOUSNESS CONTINUES

Final Break Carries Some of the Leaders to the Lowest Point of the Season - Copper Industrials Heavy.

NEW YORK, Feb. 8.—The stock market howed same relier today from the stress of urgent liquidation, which was so completions yesterday. There was a wave of selling orders for execution when the market pened, which seemed to be the aftermath of yesterday's precipitate decline in prices. The decline had served to exhaust or diminish additional margins, and where the calls ent out overnight were not responded to be selling out of collateral was the consequence.

The news of the market was of the same nature as yesterday, that is pursied conjecture as to the source and the motives of the seiling. The course of this conjecture tended to eliminate suppositions of inside liquidation, such as would be prompted by fears for the industrial outlook or decline in profits of enterprises.

The lapse into idleness at the recoveries today kept speculative sentiment watchful and somewhat discouraged. The opinion gained ground that the market's weakness was due to beliated liquidation of large individual accounts, dating back to the period of price-inflation last year, which had injudiciously overstayed the market, inviting measures of persuasion or insistence from lenders of money employed for carrying the accounts.

Stock market sentiment regarding the Federal incorporation bill, introduced into congress yesterday, was improved today.

The obscurity surrounding the heavy cash decrease in the bank satement on Saturday, compared with the large gains indicated by the known movements of money, was

decrease in the bank statement on Saturday, compared with the large gains indicated by the known movements of money, was partly cleared up by the knowledge that large withdrawals hast been made from the banks by the trust or appanies in preparation for the call by the State Banking Department at Albany for reports of condition.

The copper trade reported some concessions in prices for that metal, but the January statistics of the Copper Producers Association are expected to show another material decrease in stocks. The copper industrials were exceptionally heavy.

The nervousness manifested itself in the linal break in prices which put Union Painal break in prices which put Union Pa-ific, United States Steel and Amalgamated opper to the lowest price of the season and

HEAVY SUPPLY CAUSES LOWER PRICES AT SEATTLE.

Celery is Advanced to \$5 a Crate Eggs Are More Plentiful

SEATTLE, Feb. 8.—(Special)—With only limited supply of celery available, the close of that commodity jumped to \$5 a ate today. price of that commodity jumped to \$5 a crate today.

Apple receipts were the heaviest for any one day this season, aggregating eight carboads, in addition to rather heavy shipments over local docks. The apple market is easy about the highest price prevailing on fance stock now is \$2.50. The demand is fair.

An effort was recently made to ship. Washington potatoes into California, but since the market dropped there this has been impossible.

since the market dropped there this has been impossible.

Eggs were in increased supply and steady at 35.938 cents. Poultry receipts were she heavier, but everything cleaned up early.

Millers report a very slack demand for flour, owing to the fact this retailers are well stocked. During the recent price war, retailers stocked up, in some cases in excess of their wants, for some months to come. The price war now in progress in the Southwest has caused a falling off in the movement of flour from Eastern Washington mills to that territory.

There were no changes in wheat. Bluesteam was offered at \$1.15, but there were no takers. Barley was held at \$28.50 and outs at \$32.

Disposes of Over 8000 Tons to Puget Sound Decalers.

ELLENSBURG, Wash, Peb. S.—(Special.)—Henry Kleinberg, the hay dealer of Ellensburg, who cornered the visible supply of timothy hay in Washington in December, has in the past ten days sold over 8000 tons of hay to Scattle and Tacoma dealers. The hast of the hay remaining in farmers' hands has been bought up by the dealer. On account of the good hard roads, hay is being moved rapidly at the present time and Mr. Kleinberg is shipping at the rate of 25 cars a day. Heavy shipments are being made from Thorp, Klititas and Ellensburg on the Milwankes and from home station, Thorp, Thrail and Ellensburg on the Northern Pacific. This is only part of Mr. Kleinberg's hold-logs. He bought the hay at an average price of \$18 a ton.

LESS BIDDING FOR NEW WOOL.

Slight Increase in Activity in the Boston Market.

BOSTON. Feb. S.—A slight increase in activity is noted in the coarser lines of wool in the local market, with values well maintained. Merinos and fine wools are neglected, although there is some demand for Ohio fleeces, while Texas offerings have proved attractive. Low grade territory wool' sells well among the small manufacturers. No change in the situation is anticipated before the arrival of the new city. Bidding in the West shows a falling off. Market.
