Y. M. C. A. FOUND THRIVING

Reports at Annual Business Session Show General Progress.

Directors, trustees and committees of management of the Young Men's Christian Association held a joint meeting in the association hall last night. An informal banquet at 8:30 o'clock preceded the business session. The occasion was the regular monthly meeting of the directors, other officers being invited to attend to hear reports of the various departments and discuss details of the work.

The reports submitted showed uniform gains in the various branches of the work. January was an important month for the religious department because of the meetings held by Fred B. Smith. At these sessions 211 men announced their intention to become Christians, and this number was increased to 217 at other meetings held in the Association building during the month. There was an attendance at the Smith meetings, exclusive of a large gathering at the First Presbyterian Church, of 465. At all the religious meetings during the month the attendance was 874.
