WANTED AS LEADER

Resignation of W. M. Cake as Republican Chairman to Be Acted on Saturday.

MANY NAMES SUGGESTED

Mr. Cake, Himself, Urges That New Head Be Member of Committee, as Well, in Accordance With Existing Custom.

There was political gossip yesterday the effect that the name of W. J. Furnish, formerly of Pendleton, but now a resident of this city, would be presented to the Republican State Central Committee at its meeting tomorrow, for election as state chairman to succeed W. M. Cake, who will resign. Among W. M. Cake, who will sesign. Among other prominent Republicans, however, whose names have been suggested in connection with the state chairmanship, are S. C. Beach, State Senator of this county; Ralph E. Williams, state committeeman from Polk County; S. C. Pier, president of the Union Republican Club, of this city; and C. S. Moore, ex-State Treasurer, of Klamath County.

Members of the state committee had Members of the state committee had not begun to arrive in the city yesterday in preparation for the committee meeting tomorrow, and for that reason the choice of the committeemen, who will name Mr. Cake's successor, could not be ascertained. Not later than this afternoon it is expected that a majority of the out-of-town members of the state committee will have arrived. Sentiment among Multnomah County Republicans favors the election of a strong and aggressive leader, possessing initiative, who can assume active ing initiative, who can assume active charge of the state chairmanship immediately for the important campaign which is to be waged. Members of the Party assert that their only interest in the situation lies in securing the best possible man for the place, and it is emphasized that only such a candidate

iould be considered.

Friends of Mr. Furnish were alert exterday in their suggestion of the rater Description of the rater control of the state commit-, tee. He has an extensive acquaintance throughout the state and is enthusiastically in accord with the assembly plan and all other plans for the unifica-tion of the party and the election of

its candidates.

Although Mr. Williams has declared with emphasis that he would not accept the state chairmanship, many Republicans insist that he is the man for the place. Others are equally insistent that Mr. Beach take the helm. The ent that Mr. Beach take the helm. The latter, however, is barred from an active participation in politics at this time by the fact that he is serving as Census Supervisor in the Second Congressional District. The efficial duties of Mr. Beach in that relation, it is understood, will expire about June 1, and it has been suggested by his friends that the state committee select an aggresthe state committee select an aggres-sive secretary for the time being, who will be capable of looking after the duties of state chairman until Mr. Beach oncludes his work as Supervisor of the The Multnomah County

Census. The Mulinomah County man, it is argued, could then get into the harness in earnest and direct the campaign with the aggressiveness for which he is noted.

Mr. Pier has been actively associated with the Union Republican Club, of this city, for several years and is known as a Republican of the genuine quality. He is handlcapped, possibly, by a limited acquaintance in the state. There are few Republicans in the state whose Republicanism is of more positive qual-Republicanism is of more positive qual-ity than Mr. Moore. While the ex-State Treasurer is living in Klamath County, it is reported that he could be induced to prolong his stay in Portland, where he is living temporarily, long enough to assume the chairmanship of the com-mittee and satisfactorily discharge the responsibilities attached to that po-

Discussing the election of his successor yesterday. Mr. Cake said that although he had no choice, he was of the opinion the new head of the committee should be chosen from among the membership of the committee. He explained that he was not opposed to the election as chairman of a man who is not now a member of the state committee, but he respanded it advisable that whoever may be elected chairman should first be made a member of the committee. Although there is no established rule controlling the election of chairman, it has been the custom to elect as its head one of the state committee, althought the committee should not establish a precedent at this time.

When asked yesterday if he would resign as a member of the state committee abould not establish a precedent at this time.

When asked yesterday if he would resign as a member of the state committee abould not estable committee as well as the office of state chairman, Mr. Cake said that he had not reached a decision. Anticipating the retirement of

Mr. Cake said that he had not reached a decision. Anticipating the retirement of Mr. Cake from the committee, C. E. Lockwood yesterday urged Major J. P. Kennedy, chairman of the Multnomah County Republican Central Committee, to call a special meeting of special meeting of that committee. Mr. Kennedy refused to comply with Mr. Lockwood's request, taking the position that there was no necessity for a meeting of the county committee until after the state committee had concluded its de-

Herations Saturday.

Mr. Lockwood says that he has the assurance of Mr. Cake that when the latter does resign from the state committee, he would use his influence to have Mr. Lockwood chosen as his successor. Mr. Lockwood wanted the county committee called to meet tonight, when he would seek the committee's formal indorsement as Mr. Cake's successor as state committeeman from this county, liberations Saturday.

E. L. Thompson, of Hartman & Thompson, who sold the tract, congratulated himself yesterday on the large profit made through the sale to the Columbia Trust Company, but said that he believed the buyers would make an even larger profit. The price may seem high in comparison with 4500 paid in the beginning. However, the Laurelhurst tract glining. However, the Laurelhurst tract, then the Ladd farm, was for sale two and a half years ago at \$750 an acre, and this sold at \$4500 an acre almost a year ago. On this basis of comparison

the price seems favorable. F. N. Clark, president of the Columbia Trust Company, said yesterday the land would be developed so as to make it a distinctive high-class residence tract with suitable building restrictions, and with every improvement made with the delivery of the lot. The Columbia Trust Company also is putting on the market Eastmoreland, and also has handled Westmoreland. Wiberg Heights, Hancock Street and Brazee Street additions. COAL CASES TO BE HEARD

Government Starts Suits to Recover Valuable Claims.

LANDER, Wyo. Feb. 16.—Sixty-four defendants in alleged coal land frauds against the Government appeared today before the United States land office in this city, in cases which have been brought by the Government for can-cellation of their titles to coal lands, which are said to be the most valuable in the state. The cases involve 9500 acres of land, lying in the mineral district north of Lander, and have

trict north of Landen, and have been appraised by Government experts at a value of nearly \$1,500,000.

The Government alleges that these lands were filed upon by "dummy" entrymen for the benefit of the Owl Creek Coal Company and the Northwestern Coal Company, which are controlled largely by New York capitalists.

Delegates Welcomed at East Side Church, Elder Bunch Presiding. President Flaiz Speaks. Reports Show Progress.

Delegates to the Union Conference of the Seventh Day Adventists were wel-comed yesterday morning at the opening biennial session in the church at East Everett and East Eleventh streets, by Edder F. S. Bunch, president of the West-ern Oreson conference of the West-Everett and East Eleventh streets, by Elder F. S. Bunch, president of the Western Oregon conference. Response was made by Elder G. E. Langdon of Walla Walla and President C. W. Flaiz.

After devotional exercises President Flaiz delivered his annual address. He extended greetings and congratulations to the delegates representing the conference of Oregon. Washington, Montans, Idaho and the mission of Alaska on the progress made during the last two years. In a condensed review of the "Signs of the Times" Elder Flaiz drew conclusions that the end of the world was not far distant. In support of this prediction he said the prophecies were being fulfilled in the increase in crime, earthquakes, oppression of the poor through the increasing burden of taxation. He pointed out that instead of the world progressing toward peace, nations were engaged in the manufacture of engines of destruction for war and that \$198.000,000 would be spent this year in the construction of Dreadnoughts.

Great Progress Reported.
