MOORE MAY ENTER RACE FOR SENATE

Ex-Governor Candidate Jones Makes Seattle His Residence.

ASPIRANTS ARE NUMEROUS

Candidacy of Walla Wallan Would Cut East Side Support of Representative Poindexter

of Spokane.

WALLA WALLA, Wash., Feb. 16 .-(Special.)-It is now within the range of possibilities that Walla Walla, which has always played an important part in the politics of the state of Washington, and which for six years was the home of one of the United States Senators will have a candidate in ex-Governor Miles C. Moore for the primary indersement for United States Senator to succeed Senator Sam H. Piles.

Strong presure is now being brought to bear on ex-Governor Moore to induce him to enter the contest. A feature of the campaign proposed, in order that the antagonism of Senator Jones may not be aroused, is the suggestion that Senator Jones may be willing to change his legal residence to Scattle.

Miles was the last territorial Governor of Washington and during the time Senator Ankeny was making his

nor of Washington and during the time Senator Ankeny was making his fight for election, and even afterward, was credited with having Senatorial ambitions. While ex-Governor Moore has not said that he will permit his name to be used in the Senatorial contest this Fall or at any time, it is known that he has received many letters from all parts of the state urgoling him to enter the race. Were it oing him to enter the race. Were it not for two or three things that peculiarly affect the situation, it is highly probable that he would accede to these requests.

Jones May Move to Seattle.

Chief among the deterrent fac-tors is ex-Governor's Moore's friend-ship for Senator Wesley L. Jones. As Senator Jones is a resident of Eastern Washington, it is felt by the latter's friends that the election of another East-Side Senator might injure Jones', political fortunes in the future. But it is known that Senator Jones has been importuned many times in the last

been importuned many times in the last few years to take up his residence either in Seattle or Spokane, and it has been intimated that if an East-Side man should be elected to succeed Senator Piles, Senator Jones could per-haps be induced to remove to Seattle haps be induced to remove to Scattle

haps be induced to remove to Seattle from North Yakima.
Senator Jones' popularity on the West Side is as great as it is on the East Side, and should a man like Moore, for instance, he chosen this year, it is suggested that a change of residence for Jones would be a happy way out of any embarrassment that might arise from the contention that political honors were not evenly divided.

Poindexter Would Be Hurt.

As friendship for Jones will probably be the chief factor governing Moore's final determination, the argument is advanced that Moore's candidacy would prove a positive benefit to Jones and perhaps the West Side candidates, by splitting the insurance candidates, by spliting the insurgent vote for Representative Poindexter, who is now the only East-Side candidate for Piles' place. Ex-Governor More, however, will not enter the supplies for 16 hours at Tamworth. Thousands of sheep and hundreds of cattle and horses perished.

The supplies for 16 hours at Tamworth the canciusion that he was short. Thousands of sheep and hundreds of cattle and horses perished.

He now occupies a cell in the County that the supplies for the cattle and horses perished. the race, except in good faith, and would decline to become a party to any scheme to benefit or injure Poindexter or any other candidate in the field. If he finally enters the contest, it will be with the expectation of

At present it looks as if there would be no end of candidates for the Senate, be no end of candidates for the Senate, thus splitting the vote so that no candidate can hope to get anywhere near a majority. While not probable, it is not a remote possibility that the majority of the Legislators will be unpledged to support the party choice for United States Senator, and some of the candidates seem to prefer this sort of an outcome, which would result in a of an outcome, which would result in a show-down as to who could control the most votes in the Legislative body.

Personal Popularity an Issue.

No one of the prospective candidates is a man who would undertake to in-fluence the Legislators by the use of money, and, in fact, aside from McCormick of Pierce, none of them has great wealth, so in such event the result would be governed by political ma-nipulation of personal qualifications. Ex-Governor Moore, while reputed to

be one of the leading financiers of the Northwest, is by no means so bur-dened with money as to become an object of suspicion, and would be as free from resorting to the old machine methods as any man in the state.

SALEM DEPOT SAFE BLOWN

Nitro-Glycerine Used by Robbers, Who Get \$18 and Escape.

SALEM, Or., Feb. 16.-(Special.)-The safe in the West Salem depot of the Sa-lem, Falls City & Western Railway was

blown open with nitro-glycerin early this morning and \$18 in cash taken.

The office door was blown completely off and the office fixtures were badly damaged by the force of the explosion. Residents in the vicinity notified the police and the prison bloodhounds were taken to the scene but nithen. lice and the prison bloodhounds were taken to the scene, but without finding

OREGON GETS TROUT EGGS

300,000 Black-Spotted Spawn, Instead of Brook, for Streams.

SALEM, Or., Feb. 16.—(Special.)— Master Fish Warden McAllister has been advised by the Department of Fisheries at Washington that 200,000 eggs of black spotted frout will be sent to Oregon for planting in the streams Warden McAllister applied for brook brout spawn, but owing to a shortage in the supply the department was unable to supply the variety requested.

REGENTS MEET SATURDAY

Students Will Ask That Gymnasium

UNIVERSITY OF OREGON, Eugene,

Regents of the University of Oregon will meet here next Saturday in its first meeting since the act passed by the las Legislature requiring that all sessions of the regents must be held at the State University went into effect.

Among the subjects that will come before the regents will be the annual re-ports of President Campbeli and the other officers of the University. It is also likely that the regents will grant an additional appropriation to complete the big swimming tank in the university's new gymnasium, just completed at a cost of more than \$30,000. The regents will be asked by atudents to name the symnas-tum "Hayward Gym," in honar of "Bill" Hayward, who in his four years as train-er here has never been defeated in a

Track meet.

The members of the board are: Federal Judge R. S. Bean, of Portland, president: Nehemiah L. Butter, of Dallas: James W. Hamilton, of Roseburg: Cyrus A. Dolph, of Portland: William Smith, of Baker City, Frederick V. Holman, of Portland: Milton A. Miller, of Lebanon: Samson H. Friendly, of Eugene, and J. C. Ainsworth, of Portland.

VARIOUS MISHAPS OCCUR

DEATH IN AUSTRALIAN WATERS THROUGH FURY OF SEA.

Lord Kitchener's Visit Marred by Explosion in Gunnery Practice Maiming 13 Men.

VICTORIA, B. C., Feb. 15.—(Special.)
—Mail advices from Australia contain details of Field Marshal Lord Kitchener's experiences in his inspection of the home defense military forces and equipment of the commonwealth. His visit to Melbourne was marked by a tragic gunnery accident, through which four out of 13 men severely injured are maimed for life, if they live. A 9.2 gun exploded in the gun-pit at Fort Nepeau. Two miss-fires had occurred and a percussion tube was substituted for the electric tube. The gun was prematurely discharged when being run up, and the 380-pound plug shell ricochetted after wrecking the masonry in front. Artillerymen were hurled in all directions, stunned and bleeding, 13 out of the 14 men of the crew being

News is also received of a series of shipping casualties in the South Seas. In New Zealand water the big excursion steamer Walkare, of the Union Steamship Company's flag, was lost in Dusky Sound, the excursionists and crew being rescued. The big Kaipara, of the New Zealand Shipping Com-pany's fleet, stranded near Auckland. and salvage operations were in progress when the Makura sailed. The steamer was in mid-channel, where 21 feet of water showed on the charts. Premier Sir Joseph G. Ward went out with H. M. S. Pioneer to rescue the shipwrecked company of the Walkare.

The Australian mails also contain advice of the safe arrival at Melbourne of the French bark Marechal de Turenne, from New York, after being swept by mountainous seas which swept Captain Parrot and his third swept Captain Parrot and his third officer overboard. The latter had lashed himself to a post and was hauled on board again. The starboard boat had been smashed, and Captain Parrot was investigating the extent of the damage when a following sea swept him overboard. He was never seen again. A few days after leaving New York the bark was in collision with an unknown yessel during dense fog, the Turenne being struck a glancing blow on the waterline. She continued on her way. What happened to the other craft is unknown, as Is her other craft is unknown, as is her identity.

Heavy floods prevailed in Australia at last advices. At Tamworth the town was 10 feet under water. Several houses had been swept away and four men were drowned. Near Gunnedah many rescues were made from haystacks and roofs by the means of boats. Several thousand reaches were made to the second several thousand reaches were made to the second reaches were several to the second reaches the second reaches to the second reaches the second reaches to the second reaches the second r

GEORGIA MURDER CHARGED

Roseburg Man Accused of Crime Committed in 1906.

ROSEBURG, Or., Feb. 16.—(Special.)—W. J. Widincamp, alias W. N. Smith, in-W. J. Widincamp, alias W. N. Smith, In-dicted by a grand jury in Tathanall County, Georgia, in September, 1906, charged with the crime of murder, was arrested by Sheriff Fenton and Policeman Palm, late this afternoon, at his home a short distance north of this city. He is now in the County Jall, awaiting the arrival of an officer to escort him back to the scene of the crime.

to the scene of the crime.

From information received by Sheriff Fenton, it appears that Widincamp is accused of one of the most fiendish crimes ever committed in Georgia, the victim being a man of weak mind.

When interrogated by Sheriff Fenton tonight, Widincamp said that he had previously resided in Georgia, and further informed the officer that he had been in trouble in that state. He says, however. trouble in that state. He says, however that he will return to the scene of hi

alleged crime, entertaining little fear of the consequences. Widincamp arrived in Roseburg about one year ago. He recently purchased a small fruit ranch near this city. He has a wife and two children residing in Rose-

SEATTLE CHINESE TO VOTE

'Hoodoo 13" Is Number of One

Family to Cast Ballots. SEATTLE, Wash., Feb. 16.—Almost at the last hour of registration last night 13 native-born Chinese appeared and registered to vote at the city elec-tions, March 8. For the primaries only

three Chinese were enrolled.

The Chinese votes will be cast solidly for candidates agreed upon. Most of the Chinese voters were born in Seattle and belong to the Chin family, of which the most distinguished member is Chun Chin Hook, a pionesr merchant of Seattle and who has within the past w years become famous as a rail-oad builder in China, where he now

A majority of the Chinese born in Seattle are said to have gone to China to live. The total registration of Se-attle is 42,649. One Japanese, naturalized in Arizona, is registered.

Immigration Officers Win Case Against Max Thurna.

the supply the department was unle to supply the variety requested.

GENTS MEET SATURDAY

Evidence introduced during the trial, consisting largely of correspondence between Thurna and friends in other cities, showed that Thurna was making a profit of \$150 a week out of his slaves. The evidence was secured by United States immigration inspectors, who are wasing a war on the "white slave" trade in the Northwest.

SOLD FOR \$500,000

Rogue River Property Bought From Captain Voorhies by Spokane Men.

PEARS AND APPLES GROWN

Block of Yellow Newtowns Regarded as Especiálly Valuable-Record for Past Season Exceeded

Those of Past Years.

MEDFORD, Or., Peb. 16 .- (Special.)-C. M. Speck, of Spokane, and his associates have purchased the 66-acre orchard tract owned by Captain Gordon Voorbies, a prominent clubman of Portland, known as the Burrell orchard, paying \$500,000. The deal was closed late this afternoon, through John D. Olwell, and the new owners will take postession April 1. For a month past negotiations have been

This is thought to be the largest deal This is thought to be the largest deal ever completed in the Northwest in bearing orchard property. The Burrell orchards hold many of the world records of this section. One block of Yellow Newstowns, consisting of 30 acres of 8 and 3-year-old trees, is especially valuable. The orchard is situated two miles south of the paved streets of Mediord. It differs from most of the pioneer archard tracts of the most of the pioneer orchard tracts of the valley in having been planted with an eye to the future. It is known as the pioneer commercial exchard of the North-

It was to this tract that J. H. Stewart devoted much of his time. Much of it was planted under his direct supervision. One of Mr. Specks associates in the venture is M. G. Neely, of Spokane. That Mr. Neely should turn his attention to the Rogue River Valley is an indication.

tion of the attention this section is attracting throughout the world.

The orchard was recently taken over by Captain Gordon Vooghles from the Burrell Orchard Company. Not long ago Captain Voorbies announced his intention of spending a partition of each voor parameter. tain Voorhies announced his intention of spending a portion of each year personally overseeing the property, but owing to its sale he may change his plans. Although this orchard has made many good records in the past few years, its record for the season just closed is in itself a criterion of what a Rogue River Valley orchard can do. The orchard shipped 30 carloads of pears from 48 acres, which averaged 21 a box from 48 acres, which averaged \$2 a box at the orchard, or \$40,000 for the crop. The Bartletts netted \$1000 an acre and for the past line years have neited \$800 an acre and for the past line years have neited \$800 an acre. One carload of Bartletts this year sold for \$4.25 a box in New York City, the high record of the year for Bartletts. It is said that a partion of the orchard will be subdivided.

C. A. HUNT IS INDICTED

Embezzlement of Oddfellows' Funds in The Dalles Charged.

THE DALLES, Or., Feb. 16.-The county grand jury has indicted Charles
A. Hunt, of Portland, formerly of this
city, on the charge of embezzling
\$217.50 from the Odifiellows Lodge here,
of which he was treasurer.
He was not suspected of wrongdoing
until Sentember of the charge of the contraction.

until September, a few days after he left the city. A committee of Oddfellows was appointed to investigate his accounts and the mavestigators arrived

He now occupies a cell in the County Jail. Hunt resided in The Dalles for about 10 years. He conducted a grocery store here with A. S. Roberts for several years and, for a few months before he left the wity hast Fall he was in partnership with J. W. Riley in the same kind of business.

NEWPORT PIONEER DIES

Mrs. John Buckley Taken by Consumption in Arizona.

NEWPORT, Or., Feb. 16.—(Special.)
—Mrs. John Buckley, of Newport, died
yesterday of constimption in Phoenix.
Ariz., having been an invalid for years.
Mrs. Buckley before her marriage was Nellie Case, daughter of the late Samuel Case, whose family is one of the oldest on Yuquina Bay, and is well known throughout the state. The body will be cremated at Los Angeles, Cal. She is survived by her husband and two children, a daughter, aged 12. and a son, aged 4.

JETTY TO GET \$1,300,000

Grays Harbor Appropriation May Come Soon, Says Senator Piles.

ABERDEEN, Wish., Feb. 16 .- (Spe-

Postum Cereal Co., Limited

priation for jetty work at Grays Har-box was an oversight, which will be remedied, is the understanding here to-day, and it is further stated that the sum allowed will be \$1,200,000, added to

sum allowed will be \$1,300,000, added to the rivers and harbors bill in the shape of an amendment.

"A report on jetty materials mailed from San Francisco to the Department, February 14," wired Senator Samuel Piles from Washington today, "I understand that the district engineer has recommended \$1,300,000, Soon as the report is received here it will be submitted to the Board of Engineers for approval and should be in shape for presentation to the Senato committee on commerce early next week."

The data carries the recommendation of Major C. W. Kutz, Chief of United States Engineers for the district of

States Engineers for the district of Alaska and Washington, and the ap-proval of the division engineer at San proval of the division engineer at San Francisco. That the Government Board of Engineers will favor the improve-ment is certain. The board, it is said, has already signified its intention of approving the pian upon the recommen-dation of the district engineer's office. The matter is now up to Congress. Hope here is now high.

PROMOTER FLEES SOUTH

ABERDEEN FIRM IN HANDS OF RECEIVER; TROUBLE AHEAD.

Who Capitalized \$1500 Business for \$7000 Has Left City, Believed for Los Angeles.

ABERDEEN, Wash., Feb. 16 .- (Spe-ABERDEEN, Wash, Feb. 16.—(Special.)—Organized on what is declared to have been a J. Rufus Wallingford basis, the Modern Supply Company of this city, is now in the hands of a receiver and M. E. Cox. promoter, who is said to have capitalized a \$1500 business for \$7000, has left the city. He is presumed to be in Los Angeles.

Knowledge of the affairs of the com-

Knowledge of the affairs of the company has just been made public through the appointment of A. E. Graham as receiver upon petition of the creditors.

The company was organized last January, Cox being the principal promoter. Interested with him were R. E. Pace, Chris Jacobsen Fauske, E. M. Childers and William Matheson. Cox and Pace, bounght the store and capitalized the firm for \$7000, although the assets were said to have been \$1500 and on this stock a mortgage of \$900 had been given to Joseph Maggard who sold the store.

When the company was organized, Cox and Pace turned the store in for \$4000 and took stock to that amount giving Interested with him were R. E. Pace,

and took stock to that amount giving them control. They then proceeded to dispose of \$3000 worth of stock to others. The business was enlarged by the addi-tion of a meat market and eventually a candy store. Cox, it is said, visited Seat-tle and succeeded in securing a big line of credit from a large wholesale house but local creditors began to get insistent for their money and evidently seeing the crash coming. Cox left the city last week. Fauske, who is said to be a man of weslith, took stock in the concern to the extent of \$800 turning in ten acres of land which he owned in Kitsap County. Now he wants it back, claiming that he was induced to part with it by fraud but the others claim they are all in the same boat and should take their medicine together.

MOUSE CAUSES \$500 LOSS

Nest Built Near Chimney Sets Building on Fire.

DAYTON, Wash., Feb. 16.—(Special.)—
A mouse that persisted in building a nest near the flue in the home of Mrs. William Baldwin, at Baileysburg, caused a fire yesterday and the dwelling was saved only after a desperate fight by a bucket brigade composed of neighbors.

When Mrs. Baldwin yesterday built a hot fire in the stove, the heated chimney set the mouse's nest after. When neighbors arrived the upper part of the house was in flames. The loss will reach \$500.

COWLITZ FULL OF SMELT Big Run May Presage Prosperous Salmon Season Later On.

ASTORIA, Or., Feb. 16 .- The largest run of smelt for years in the Cowlitz River is now in progress. The river has never been known to contain so many smelt in the memory of the oldest fisherman. This may bode good for the coming fishing season in the Columbia, as it is said that a good run of smelt has always been followed by a good run of

HOW HE CURED HIS CATARRE

sufferings with an awful case of Catarrh. I had all the symptoms which accompany this disease, such as mucus dropping back into the throat, a constant desire to "hawk and spit," feeling of dryness in the throat, cough and spitting upon arising, scabs forming in the nose which required much effort to blow out, sometimes causing my nose to bleed and leaving me with a headache. I had thus suffered for five years, all the time trying different local treatments of inhalations, snuffs, douches, etc., with no real good effect. Of course I was greatly discouraged. As soon as I heard from you I commenced S. S. S. as you advised and after using it a short while noticed a change for the better. I continued to take it believing the trouble was in the blood, and S. S. S. made a permanent cure for me. I am now entirely free from Catarrh.

JUDSON A. BELLAM.

224 Randolph St., Richmond, Va.

The symptoms Mr. Bellam describes in his case of Catarrh are familiar to every one who suffers with this disease. For five years he had endured the discomfort and suffering, and was greatly discouraged as one treatment after another failed to cure him. When at last he realized that Catarrh is a blood disease, he knew that the former treatments had been wrong, and only a blood purifier like S. S. S. could produce permanent good results.

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It comes from impurities accumulating in the circulation, and as the blood goes to every portion of the body the catarrhal matter irritates and inflames the different mucous surfaces and tissues causing an unhealthy and inflammatory discharge, and producing the other well known symptoms of the trouble.

The failure of local treatment to produce permanent good results in Catarrh is due entirely to the fact that such measures do not reach the cause of the trouble. Temporary relief and comfort may often be had by using some douche or inhalation, but no cure can be effected until the blood is purified of the irritating cause.

S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. It goes down into the circulation and removes every trace of foreign matter or impurity. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings

of the body are all supplied with healthy blood instead of being irritated and diseased from a continual saturation of catarrhal impurities. Then the inflammed and irritated membranes heal, the discharge is checked, the head noises all

cease, the stomach is toned up, the throat is no longer clogged with phlegm, but every annoying symptom of the disease is corrected. There is but one way to cure Catarrh—purify the blood, and there is but one absolutely safe and sure blood purifier-S. S. S. We have a special book on Catarrh; we will send this book, and also any special medical advice desired free to all who write.
