Today the canvass will sweep all the hotels in the city, with the expectation of having the managements distribute the invitations at every plate in the dining-room on Washington's birthday, when the bids are to be scattered broadcast over the country. Manager H. C. Bowers, of the Portland Hotel, yesterday sent for 500 of the cards as an opener for this campaign, and the other hostelries will be urged to let their guests know what rose-planting day and the Rose Festival mean.

The government of Norway is pleased to have me assist in making a success of this occasion, and expresses hearty sympathy with the purpose of the celebration. If it is convenient for you I should prefer to deliver the package to the association, as I have received it, and I await your instructions as to where to send it. I beg to remain,

After having made all arrangements to defend the case it was learned that the evidence secured by two detectives from Spokane was conclusive. The sleuths were employed by the Portland Lumber Company. It required three weeks' effort by the detectives to gain sufficient confidence to induce the accused men to sell liquor to them.

The detectives first worked as lumber jacks at the Potlach Mills. Then they turned to playing their fiddles in the "temperance" and billiard halls of the trio for two weeks before they were able to buy liquor in such a manner that their testimony could be corrobor-

## DIETING DOES NOT **CURE INDIGESTION**

SELFDENIAL BY PRESCRIBED RULES OF HEALTH USED TO BE CON-SIDERED A CURE.

Starvation is a strange remedy for any disease. Yet starvation by rigorous diet was once generally resorted to in cases of Indigestion and Dyspepsia. Even yet, it is sometimes tried. Such a remedy is worse than useless. Every day of life consumes a portion of the tissues of the human body. The food we eat serves to repair the waste, and you can't build up the system by withholding the material necessary for these purposes. When you have Dyspepsia or Indigestion, or any form of stomach trouble, take a little Kodol to help the stomach do its work.

help the stomach do its work.

We say, take Kodol, because it is the only preparation that will digest all the food you eat. Every tablespoonful of Kodol digests 2½ pounds of food. It supplies the same digestive juices that are found in a healthy, vigorous stomach. There are other preparations that are partial digesters, but what your stomach needs is complete rest. Kodol is the only preparation that will give it. A man is so constituted that he needs a variety of foods; to reduce the variety always produces had results. In 99 cases out of 100, Indigestion is due to lack of some of the elements which constitute the natural digestive juices. Kodol supplies just elements which constitute the natural digestive juices. Kodol supplies just what is needed. Our Guarantee: Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2½ times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.
