PORTLAND SCORED AS SINFUL CITY

Dr. Matthews Says Social Evil Flourishes Though Red-Light Zone Is Closed.

OUR STREETS RIDICULED

Clergyman Declares They Are "Dirty, Gouged-Out, Every Hole Represents Graft''-Bad Citizenship Nation's Menace.

That the social evil is flourishing in Portland, in spite of the closing of the red-light district, and that the police do not enforce the law "because the grafter and the boodler want another restricted district, where money may be coined with which to corrupt politics," were statements made by Dr. Mark A. Matthews in a talk to men at the First Presbyterian Church yesterday afternoon. The meeting was held under Y. M. C. A. auspices and the church was filled.

The speaker also referred to Portland's thoroughfares as "little, dirty, gouged-out streets." "Every hole," he said, "represents malfeasance in office by chronic graft on the part of your damnable boodle-loving politicians,"

"I never saw streets in such disgraceful condition as those here in your town," he declared. "Here you are paying 18 and the boodler want another restricted

he declared. "Here you are paying 18 and 20 mills tax on the dollar and haven't a dozen streets over which a man can ride without being bumped out of his ma-

The speaker said Christian men were The speaker said Christian men were possessed of civic indifference, that while boodlers and grafters were scheming 365 days in the year how to secure control of politics, honest men were too much interested in making money to think of politics. His subject was "The Automatic Detective," and his text "Be sure your sin will find you out." He said in part.

Sin is the automatic detective. The day is past when men can be secret in their sinning. The day of absolute publicity has come. The press is the safety-valve of society, the safeguard of Government, the strong policeman over the moral conscience of every man.

Nation's Plight Serious.

Nation's Plight Serious.

The greatest problem America has ever faced she is fazing today, the problem of governing her cities. She is in a very dangerous condition, because she has forgotten that the balance of power is in those cities. Men, if you don't get a grip on the municipary government you may be sure your sin will find you out when your government is delivered into the hands of corrupt forces.

As I have said before, I have no great fear of a foreign foe, but I am frank to say that I am dreadfully atraid of the had citizenship of the good citizen. The crime of crimes, which is today threatening America is this same had citizenship. The had citizen works at the business of manipulating political forces so that he may accure their control. The good citizen works at the business of making money, and never turns his retention to the manner in which civic affairs are being conducted until two or three days before election. I am islking to you, the pleus, innocent, handsome business men of this city. You are too busy making money, Do you know what protects that money you have in the bank? Its safety does not consist in the strong steel vaults and fixtures, but in the patriotism of good citizens. Your bank deposits are absolutely at the mercy of the bud citizenship of good citizens.

at the mercy of the bad citizenship of good citizens.

The battle that is on in Seattle is no different from the one you have here. It is the same in San Prancisco and Los Angeles, and all the way up the coast to Valdes, Alaska. Forces are in secret compact to deliver this community into the hands of the saloon interests.

It is true that your officers have broken up the restricted district, but they have not tried to keep the same condition out of your residence districts. Why? Because they want to establish a new restricted district. Why don't they enforce the law and drive the fallen women out of the city? Because the grafter and boodler want another district where the money may be coined which corrupts the politics of this Northwest district where the money may be coined which corrupts the politics of this Northwest

Worthy Police Wanted.

Worthy Police Wanted.

It is not difficult to enforce law. All you need to enforce law is a conscientious, vigorous prosecuting attorney and an efficient police force. No milliary organization can do as much as the police force in the detection of sin.

You seem to be indifferent to civic affairs because you don't use good sense. Organization on the part of corrupt forces must be met by organization on the part of righteous forces.

What's the matter with San Francisco? She has repudlated every reform movement made there in the lisst 10 years. I'll tell you what's the trouble. She is in the hands of two of the most corrupt forces that ever threatened the municipal life of any city in this country, and your cities are coming under the same influence. If you consecrated Christian men don't wake up these powers will have Portland. Los Angeles, Seattle and all the Count cities in their grapp as they have San Francisco.

I said in my sermon this morning that domestic conditions in Portland and in this country are not what they should be. I said that it is impossible to correct by legislation wrongs committed in the domestic circle. You know that the domestic life of this country isn't clean. Part of the domestic life of this country isn't clean. Part of the domestic life of this country as there is out of it. That's true. Unless your city is an exception you have doctors who have grown rich committing murder. It was your duty as citizens when you knew of that condition to put detectives on their track and to hang them by the nack until they were dead and damned. There should be no mercy for doctors who will istoop to such practice.

Whence you have a hours and there

Children Are Safeguard.

Whenever you have a home, and there fails to come into that home children, you have robbed your wife of the greatest safe-guard she can have.

Any doctor who says it is impossible to live the white life is an infernal linr. Tell him I said so, and I will meet him anywhere he wants to meet me. A single standard of morals in this country is what we want. Women are to some extent to blame for the double standard. It is because they will tolerate a man with one standard, but will not tolerate a woman with the same standard.

The orchestra opened the service vesterday afternoon with a two-step. Mr. Ladd, who presided, then turned the music over to Dr. J. W. McMichael, who called for the "Glory Song." Two sacred selections were rendered by a male quartet composed of C. E. McCulloch Dr. McMichael J. A. McMichael Culloch, Dr. McMichael, J. A. Hollingsworth and M. L. Bowman.

Portland Firm Gets Big Contract.

It was learned yesterday that the steam schooner Tallac, of the Pollard Naviga-tion Company, will leave San Francisco in a few days for Portland, where she will go on the Oregon dry dock, on March 5, for repairs and overhauling. The Tallac does not belong in Portaind, but is to he sent here for repairs only. The local firm received the contract for the work against five other competitors, most of whom are San Francisco firms. It will nt 16 days to complete the work

NOTED SEATTLE DIVINE WHO CLOSES PORTLAND REVIVAL SERVICES IN MEETINGS TODAY.

Ramming Got From Homer Does Little Damage.

OFF DRYDOCK IN 3 DAYS

Arrives in Early Morning, Cargo Is Discharged in Rush and Work on Repairs Soon Under Way. Plates Sprung, Frames Bent.

Injuries sustained by the steamer Geo. W. Elder, which was rammed a week ago today in the San Pedro harbor by the steamer Homer, proved not to be serious when the vessel was placed on the Oregon Dry Dock yesterday after-noon. Three of her plates were found to be sprung and some frames bent, but it is believed she will be in readiness to return to her route setween this city and San Francisco in about three days. The Elder was fied up at the dock at San Pedro when the Homer struck her. The accident was explained as the result of a misunderstanding of signals. It was feared at first that the Elder was put out of commission, but as she did not spring a leak, it was decided to return to Portland with her for re-

The Elder arrived up the river early yesterday morning, at 3:15 o'clock, and the work of discharging her cargo that she might be placed on the drydock was hurried as much as possible. Late yesterday afternoon the vessel was shifted from the foot of Seventeenth street to the Oregon drydock, where men will be on her night and day until she is repaired.

Among all the vessels that take part in the Pacific coastwise trade, it is lieved there is none other which i well known as the old Elder, which has been on this Coast for more than 30 years. It is also generally accepted as

Completed at Early Date.

Repairs to the steamer Daniel Kern, which was rammed by the steamer Geo. W. Eider during the early Fall on the Columbia River, will be completed soon, and will return to her work of towing rock barges to the Columbia River bar. The Kern is owned by the Columbia Construction Company, and of late has been off the drydock, although she will returned to it as soon as the Elder

Thoroughly Overhauled.

The payrolls of the enlisted men in the Navy during 1911 will asgregate nearly 118,000,000.

The payrolls of the enlisted men in the ly overhauled, the river steamer Lurine, of the Vancouver Transportation Com-

pany, will leave the ways of the Portland Ship-Building Company the latter part of this week or the beginning of next, and will be taken to the Taylor-street dock for re-equipment and painting. It will probably be the latter part of March before the Lurline will be in complete readiness for resuming her run between Portland and Astoria.

RAMONA ENCOUNTERS GALES

Vessel Finds Columbia Bar Milder Than Coos Bay Entrance.

Heavy gales both coming and going were experienced by the steamer Ra-mona, which arrived last night from her second trip to Coos Bay. As the Ramona passed out over the bar at Coos Bay on her return trip a terrific gale prevailed. Captain H. C. Nelson says that although the wind was blow-

ing hard as the vessel passed in over the Columbia River bar, the sea was not bad at that point.

The Ramona, which is temporarily taking the place of the Breakwater, which is undergoing an overhauling in San Francisco brought from Cook Bay San Francisco, brought from Coos Bay between 50 and 60 passengers and her usual cargo of coal and general mer-

Notice to Mariners Issued.

W. G. Miller, inspector of the Twelfth Lighthouse District, has issued a notice to mariners concerning the Noonday Rock Whistling Buoy, which was reported adrift on February 21, about 50 miles south by west of the Pigeon Point Light station, California. The buoy will be re-placed, it is stated, as soon as prac-ticable.

Short of Crew, British Boat Delayed. Preparatory to her sailing for London direct, the British ship Kelburn was towed from Inman-Poulsen's yesterday to the stream below the bridges. The Kelburn will be detained until Wednesday, or account of being short of members of her crew. She is loaded with 2,230,000 feet of Oregon lumber.

Weather Reported to Bureau.

well known as the old Edder, which has been on this Coast for more than 35 years. It is also generally accepted as a fact that no other vessel in the Coast fact has been in so many accidents.

One of the more serious mishaps of the Edder was when she was sunk in the Coumbia River several years ago, and for rearly a year and a half was left lytic there are was miscolorised. The following messages were the commanded by Captain Jessen, which was since she came into the hands of the North Pacific Steamship Company, the vessel has been doing good work, and it seemed that the spirit of ill luck had left her.

Captain Jessen left the Elder just previous to her departure for the South on her last trip, when she was rammed, and intended to be off from service for a few months. She is now commanded by Captain Hannah.

RIVER RISES, MASCOT RESUMES

RIVER RISES, MASCOT RESUMES

Water in Lewis Deep Enough Now to Permit Regular Schedule.

Higher water on the Lewis River permitted the steamer Mascot, of the Lewis River Transportation Company, to resume her regular trips to La Center Saturday, and it is believed by the management of the company that the vessel will be enabled to continue on her regular schedule to that place until the cold weather of next Winter lowers the water in the redwaters, the stage has been too low to permit the Mascot to reach La Center. The vessel went as far as the Lewis River Forks, and where the La Center freight was transferred onto launches. When the Mascot to reach La Center freight was transferred onto launches. FARM BULETINS READY Seven New Ones to Be Published at Pullman Within Week.

PULLMAN, Wash, March 5.—(Special.)—Poultry raising, orchard and and LURLINE SOON TO LEAVE WAYS small fruit investigations, cereal production, problems relating to the clearing and cultivation of logged-off lands, forage crops for Western Washington, Hull and Machinery of River Craft the themes brought out in seven new publications by the State College, which

We have the following note from our

We have the following note from our Detroit agent:

"I have a case of Bright's here that is undoubtedly one of the most wonderful and quickest responses to the Renal Compound that I have ever seen. Two weeks ago two Detroit physicians told young Truesdell (twenty-one years old) and other members of the family that he was beyond hope and would have to die, and that the only help would be to take him to the hospital the next morning and tap him.

"Mrs. D. O. Johnstone, of 109 Jones street, lives within a block of the Truesdell home. She was in bed with dropsy and death was looked for at any moment when she was put on the Renal Compound and made a recovery. Hearing of the Truesdell case, she stepped in. At this moment no mortal could have stood more swelling without bursting and the patient had a most distressing twitching of the head at every heart throb. As these people are very poor, I bought and charged to expense account the heart prescription to aid the Renal Compound. It all acted promptly. His abdomen is almost normal, dropsy is declining rapidly and his heart beats almost as well as the average.

"I phoned both of the physicians who had pronounced the case hopeless and they promised to go and see him. They wanted to know what was being used and I told them Fulton's Renal Compound.

"I am proud to be identified with a concern that is doing so much for suf-

and I told them Fulton's Renal Com-pound.
"I am proud to be identified with a concern that is doing so much for suf-fering humanity. I feel it—every word is from my innermost heart."

For physicians' memo let us say that

the following was the prescription used to hold up the heart and help the Re-nai Compound to more quickly eliminate the dropsy: Rx. Fl. Ex. Apocynum two drachms.
Fl. Ex. Cactus Grand two drachms.
Fl. Ex. Digitalis thirty minims.

Sp. Vini Gallici 1 os. Elixor Lactopeptin 3 ozs. Teaspoonful three times a day before eals-Renal Compound half an hour

We desire to hear from and advise as to all cases not yielding and when necessary will submit special prescrip-tions adapted to the case in hand. The people of the country, including the physicians, are beginning to real-ize the importance of the new treatment for kidney disease that is carry-ing hope and happiness into thousands of homes that were waiting for the gloom and black of the pallbearer.

Portland and Astoria.

Since the Lurline went on the ways, the first of this month, her place on the run between here and Astoria has been taken by the steamer Undine, which will be used as an extra when the Lurline is returned to duty.

W. S. Thernber, relating to gooseberries and currants, respectively. for home planting. The publication by Professors R. Kent Beattle and A. L. Melander is a revision of the spraying calendar. General Bulletin 92, by R. W. Thatcher, director of the State Experiment Station, relates to the wheat and flour investigations recently made by the State vestigations recently made by the State

College. Two bulletins are by Professor W. H. Lawrence, one being an account of cleared logged-off lands, and the other a treatise on special methods of making clearings. A third bulletin by Mr. Lawrence is on forage crops adapted to Western Washington.

A bulletin on a subject new in the work of the Washington State College relates to poultry raising and the building of modern poultry buildings. Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughts, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. HALL & POWELL, 321 Lumbermens bldg. EASY terms, 6 lots, \$400; Montavilla; or ex-change for squity. Boggess, 2211; Morri-mon, room 5. FOR SALE BY OWNER a choice lot, West moreland; \$200 below market price. Ad-dress, 982 East 10th st., North.

HALSEY-STREET CORNER, 100x120 feet, near 28th, \$3500. HARDING & REYONLDS, 313 cl of C. 50x100 ON Second and Caruthers ats.; in-come \$60 per month. AH 728, Oregonian. REAL ESTATE. For Sale-Lots.

BUT ONE OF THESE LOTS IN THE RAIN AND I'LL MAKE YOU A PROFIT ON IT THE NEXT SUNSHINY DAY. PROFIT ON IT THE NEXT SUNSHINY DAY.

\$1050 each, easy terms, 2 lots between E. 24th and E. 25th, in addition adjoining Colonial Heights on the south and Ladd Addition on the east, where 40-foot lots are selling for \$1900 up. These lets command a beautiful view of the city and are 25 minutes' walk from town.

WHY CAN I SELL THEM SO CHEAP?
These lots are a portion of a tract of about 20 acres adjoining Ladd Addition which has been held for years under lease as a vegetable garden.

Last year the work of improvement was commenced and finished over a portion of the tract and a few lots in the hard Winter stopped the work, but the contracts are let to finish same immediately.

If this property had been platted 2 contracts are let to finish same immediately.

If this property had been platted 2 years ago, as it should have been at the time the Ladd Addition was, these lots would sell today at higher prices than the Ladd tract, as the property is higher and more desirable in every way. The purchaser of the few lots that I can still deliver at last year's opening prices will make \$200 to \$500 on the buy before the end of August.

Arrange to see these unusual bargains at once. I cannot guarantee to deliver indefinitely.

REMEMBER, graded streets, coment side-REMEMBER, graded streets, cement sidewalks, curbs, water, etc., etc., are all in now and paid for at above price; noth-ing to assume except sewer assessment of \$22. of \$22.
\$2500 building restrictions; 6 new houses under contract to start immediately.

A. H. WIDNEY.

Main 6974.
\$32 Board of Trade.
