Tank Steamships Rosecrans and

Maverick Are Outside.

Heavy weather off the mouth of the Columbia has interfered with shipping to a great extent. Wire trouble be-tween Portland and Astoria and between Astoria and North Head has made it difficult to obtain reports. The Merchants Exchange got a message through an-nouncing that the steamships Rosecrans and Maverick were outside. Later the wires were opened and a full marine report received.

R/I

When a man commences to get old at 40 or 50, you know he is on the wrong track, and something unnatural is behind the case.

There is not a man in existence who is suffering from a Specifid Blood Disease or a general rundown, debilitated condition, if the decline is from unnatural causes, and has not developed to an incurable stage, that I cannot rebuild and strengthen to his entire satisfaction, and after I have cured a case of this kind there will never again be a sign of weakness except brought on by imprudence.

I acknowledge no peer in the treatment of Men's Ailments on the Coast. If you live within 500 miles of Portland, you know or ought to know as much about the St. Louis Medical Co. as I can tell you. The offices occupy the entire floor at 2301/2 Yamhill street, consisting of 11 rooms, and have been continuously engaged in business without change of name or address for 31 years. Every other office in Portland is transient compared with this record.

If you are now reaping the reward of early mistakes you should

avail yourself of prompt and proper treatment, and if you need treatment at all you need the best that can be had especially when it will cost you less than inferior treatment. My treatment corrects past evils and restores you to what nature intended-a hale, healthy, happy man with physical, mental and vital powers complete. My treatment for siling men does not stimulate temporarily-but restores permanently.

Worn-Out, Discouraged, Broken-Down Men, Come and Be Cured

If you have violated the laws of health and are conscious of a constant drain which is undermining your system, come to me before you become a nervous and physical wreck. If you are weak, gloomy, despondent, have bad dreams, depressed, lack ambition and energy, unable to concentrate your thoughts, lack vim, vigor and vitality, come to me at once.

My treatment will stop all drains and overcome all weaknesses, and positively restore you to strength and health. I have cured thousands of ailing men, and I will give you a written guarantee to cure you or refund your money.

Don't let money matters or false pride keep you away-I cure forever cases of varicose veins, blood diseases, lost vitality, piles, eczema, falling hair, failing memory, obstructions, nervous, kidney and bladder ailments.

I don't care who has failed, if you come to me I will CURE you of any of the above named ailments or not charge you one penny for my services. Don't give up before seeing me. The serious results that may follow neglect of contracted allments could scarcely be exag-gerated. Safety demands an absolutely thorough more cases of contracted allments than any other physician upon the Pacific Coast. My other forms of treatment require in producing even doubtful results. I employ reme-time than other forms of treatment require in producing even doubtful results. I employ reme-tie equally effective in both recent and chronic cases.

The vasi multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I per-form. To them I have actually illustrated in the namely, that my treatment is as certain to cure as if is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scien-tific equipment, but to the fact that I limit my study and practice strictly to aliments of men. To male maladies alone I have earnestly and ex-clusively devoted 25 years of my life, and on them all my faculties are concentrated.
