

SLAYER'S REATIVES FLEE

Inter-Racial War Expected as Result of Tahola Killing.

FUGITIVE'S SON GETS BUSY

Johnny Pope Leads Band of Friends to Woods, Where Father May Be Hiding—Tales Lead to Shooting—Wrong Man Is Slain.

ABERDEEN, Wash., March 2.—(Special.)—The honor at Tahola during last night all the relatives and friends of Fred Pope, the Indian who Monday shot and killed Adam Hawk and Hoh William, follow him and fled into the woods to join Pope and it is feared that an inter-racial war will result.

Empty cabins and many missing canoes told the story today and the situation greatly hampers the mission of Deputy United States Marshal J. F. Statter, of Tacoma, who after being delayed on the harbor by a stalled passenger train, left for Moclips on a freight this morning to attempt the arrest of Pope.

The deserting Indians are led by Johnny Pope, the 19-year-old son of the fugitive. It is stated on good authority that Joe Chenolse, an Indian, was shot and killed Monday, when he attacked the wagon in which the party was driving to Moclips.

Friends of Pope say that the slayer was enraged at the reports which Chenolse and others are making and goaded to desperation attempted to put the cause of his trouble out of his way. Hawk was a brother-in-law of Pope, their wives being sisters.

Alloting Agent Archer, of this city, who went to the reservation today got word through to this city tonight that the Indians were quiet at present but that the result when the two factions are brought face to face is problematical.

S. G. Morse, of this city, for many years Indian agent and who is familiar with the Quinalt territory, says that Pope and his band can elude capture for months if they desire.

GIRL MISTREATED, SAYS RED

Joe Chenolse, Father, Tells of Events Leading to Murders.

HOQUIAM, Wash., March 2.—(Special.)—Joe Chenolse, accompanied by his 15-year-old daughter, and Adam Hawk and Hoh William by Fred Pope, arrived in Hoquiam today and told a story of the events that led up to the murders.

Chenolse said he had received word that Pope was mistreating his daughter who was residing at Pope's home at Tahola. Going to Tahola, Chenolse said he went to the house accompanied by Hawk, William and Washington, three policemen, and found Pope with his daughter in his hands and sitting in a chair.

Without speaking to the Indian, Chenolse said he had his daughter gather her belongings and depart with him. From the time of entering until leaving, not a word was spoken to Pope by any of the party nor did he address the visitors, said Chenolse.

The father of the girl then stated that he believed Pope thought he was going to the police to have Pope arrested and started on his murderous trip to the beach and William's house. It is said that the fugitive would fight to the death before surrendering, although the officials believe he will come in voluntarily when the excitement dies down.

ROAD TO BEACH PLANNED

Warrenton Organizes League to Co-operate in Improvements.

WARRENTON, Or., March 2.—(Special.)—With the construction of a direct road from the center of the city to Clatsop Beach as its chief present aim, citizens of the city and Skippano have organized the Warrenton Development League. Officers of the league have been chosen as follows: John Evenden, president; William J. Eastwood, vice-president; W. P. Horner, secretary and treasurer.

Preliminary surveys and estimates will be made as soon as possible and the league will co-operate with the Warrenton City Council and the Clatsop County Court. Other plans for the advancement of the city will be taken up by the league in time.

STATIONS TO BE HEATED

Electric, as Well as Steam, Lines Must Obey State Law.

banary Commercial Club are successful, the Northern Pacific Railroad Company will soon be compelled to pay taxes on 21,160 acres of the best timber land in the world on which it has escaped taxation for seven years.

In 1908 the Northern Pacific filed scrip on the best timber land in townships 10, 11 and 12, south, range 4 east, in Linn County. Since then the company has held the land as against all claimants but the Government surveys have never been approved and accordingly patents were never issued.

It was therefore impossible to levy and collect taxes on the land. For several years County Assessor D. B. McKnight listed the lands on the tax roll, but the company allowed the taxes to become delinquent. This clouded the company's title but it calmly ignored the entire matter.

The Albany Commercial Club took the matter up with the Oregon delegation in Congress and as a result the survey of township 10 south, range 4 east, was approved about three weeks ago. This township contains only 400 acres of the Northern Pacific lands. The remaining 20,760 acres are in townships 11 and 12, south, range 4 east, the surveys of which

have not been approved yet. Efforts will continue to secure approval of the surveys of these two townships.

Will E. Purdy, Formerly in Business in Portland, Now President of Tri-County Push Club, Fighting for Bridge Across Willamette.

Another point urged in favor of the bridge is that the Oregon Electric Railway engineers surveyed a line through that place, and it is said, found an excellent point for bridging the stream.

The Push Club has held several meetings to arouse enthusiasm for its project. The last meeting was held at Butteville Saturday evening and in spite of the storm that was raging, the farmers came from several miles in all directions to hear good roads and bridges discussed.

County Judge William Bushey, of Marion County, talked on good roads, Colonel E. Hoffer, of Salem, discussed the need of co-operation in securing public improvements; L. R. Webster, of Portland, outlined the plan of campaign; the Grand Good Roads Association for obtaining a constitutional amendment permitting the counties to bond for a complete system of rock roads.

Will E. Purdy, president of the push club, presided, and made an earnest talk on the need of a bridge at Butteville, pointing out the fact that there is now no bridge over the Willamette between Salem and Oregon City. A feature of the meeting was the dance and entertainment that followed was the music by the Parrott band, every member of which is a member of the Parrott family.

Hard-Surface Highway Planned. The push club has the lumber on the ground and this week will build a plank sidewalk along the county road the entire two miles from Butteville to Chops, the nearest point on the Oregon Electric. Later it is proposed to build a hard-surface highway between these points.

The rich French Prairie to the east of Butteville and the fertile hills on the west are being cut up into small tracts and fruit culture is rapidly supplanting the growing of hops.

"The river must do anything on us," declared one of the Butteville boosters Saturday evening, and in proof of his assertion cited the case of A. J. Stevens, pointing out the fact that there is now \$815 on one acre of apples in 1909. This yield is not considered remarkable in this part of the Willamette valley.

The next meeting of the club will be held at Aurora, to be followed at frequent intervals by get-together sessions throughout Marion, Yamhill, Clackamas and Washington counties. The officers of the club are Will E. Purdy, president; Henry Spiney, treasurer; R. Woolworth, vice-president.

PIONEERS HOLD REUNION

THURSTON CELEBRATES TERRITORY'S FOUNDATION. John Miller Murphy Elected President of New Association—1870 Date Is Membership Test.

OLYMPIA, Wash., March 2.—(Special.)—Celebrated here today the anniversary of the formation of Washington territory, March 2, 1853. Many grey-headed men and women formed the Thurston County Pioneer Association, limited, at a banquet at the Shipper Hotel last evening, at which time it was rechristened the Hotel Shipper and the presentation of the minutes of the old legislative hall by R. L. McCormick, of Tacoma, president of the State Historical Society; response by John Miller Murphy, of Olympia; an address by Professor W. H. Gilstrap, secretary of the State Historical Society on "The Objects and Aims of the Historical Society," and an address on "The Pioneer Women" by Mrs. Tirzah Royal.

Those who signed the membership roll were: B. Rosenthal, Allen Weir, Fredella Boyd, O. C. White, Brad W. Davis, Anna Frost McCleary, J. W. Chambers, C. Simmons, H. B. Cusack, D. S. B. Henry, Fannie Steble O'Brien, Minnie L. Swan, Daniel C. Beary, J. P. Manning, A. O'Neill, W. H. Mitchell, Charles A. Billings, Marjorie Horton, Mrs. M. A. Coome, Mrs. E. Ahern, Anna P. Davis, Jane Pattison, Olive Cusack, Lorenzo Kratz, Sara Beary, C. D. King, Fred Gray, W. S. Shaver, Margaret O'Connor, L. B. Troy, Emma J. Eastman, Ada Sprague Mowell, Michael O'Connor and Margaret O'Connor.

Drain Votes to Expand. The citizens of South Drain have petitioned the Council of Drain for permission to come into the city, and at a meeting Monday the Council unanimously resolved to take the necessary steps for annexation. This will settle a question that has been the subject of dispute for years.

Horse Trainer Selects Hood River. HOOD RIVER, Or., March 2.—The Hood River Valley is to be the home of some fast horses, according to the plans of Captain H. C. McCan, who recently bought some valuable land just south of town. Captain McCan will soon begin the construction of a half-mile training and racetrack on his place, and will bring a

Private Fined for Clock Theft. VANCOUVER, Wash., March 2.—(Special.)—For stealing a clock from the United States Hotel on Washington and Sixth streets, Patrick McHugh, a private in the United States Army, of Vancouver Barracks, was arrested. Before Police Judge Higham this morning McHugh was convicted and fined \$10 and costs of \$6.40.

Tri-County Push Club Paves Way for Action.

BUTTEVILLE IS IN FAVOR

Marion, Yamhill and Clackamas Open Campaign for Legislation for Steel Crossway Over Willamette River.

SALEM, Or., March 2.—(Special.)—The Tri-County Push Club has been organized to secure the enactment of legislation that will pave the way for the construction of a modern steel bridge across the Willamette River at Butteville. The bridge propaganda is already being exploited in Marion, Yamhill and Clackamas counties, and a committee has been appointed by the Push Club to invade Washington County and enlist the support of its people in the plan.

Butteville is considered the best place for the bridge, because the river banks at this point are about 80 feet high, and there is a good road, the Gunnslem on the east side of the river, and a good road from Butteville to Portland on the west side. A bridge would connect the interrupted highway at this point and leave a fairly good wagon road from Portland to the capital.

Survey Made at Butteville. Another point urged in favor of the bridge is that the Oregon Electric Railway engineers surveyed a line through that place, and it is said, found an excellent point for bridging the stream.

The Push Club has held several meetings to arouse enthusiasm for its project. The last meeting was held at Butteville Saturday evening and in spite of the storm that was raging, the farmers came from several miles in all directions to hear good roads and bridges discussed.

County Judge William Bushey, of Marion County, talked on good roads, Colonel E. Hoffer, of Salem, discussed the need of co-operation in securing public improvements; L. R. Webster, of Portland, outlined the plan of campaign; the Grand Good Roads Association for obtaining a constitutional amendment permitting the counties to bond for a complete system of rock roads.

Will E. Purdy, president of the push club, presided, and made an earnest talk on the need of a bridge at Butteville, pointing out the fact that there is now no bridge over the Willamette between Salem and Oregon City. A feature of the meeting was the dance and entertainment that followed was the music by the Parrott band, every member of which is a member of the Parrott family.

survive, namely, Mrs. Robert G. Keating, Castle Rock; Mrs. J. R. McCarty, Carlton, Or.; P. M. Laughlin, Castle Rock; Mrs. G. A. Baker, Oswego, Or.; Mrs. M. D. Swift, Castle Rock; Lena Laughlin and Esther Laughlin, Castle Rock, and Charles Laughlin, Doty, Wash.

FLOODS DAMAGE FOUR TOWNS. South Pacific Creek Bridge Out, Puyallup, Bluffs, Suffer. TACOMA, Wash., March 2.—A county bridge over South Prairie Creek, between Wilkeson and Puyallup, was washed away today, causing a loss of about \$1000. The County Commissioners say the loss in the eastern part of the county will amount to \$100,000.

At Puyallup the river bank was badly washed away, threatening a house at Meeker Junction was also moved out today the building is in danger. A landslide at Bluffs compelled the Interurban Railroad between Seattle and Tacoma to transfer passengers and freight at Wilkeson and Puyallup. The Tacoma Eastern Railway interrupted traffic.

The citizens of Chehalis are furnishing power for the street railway and interurban cars, owing to the damage to the Election Flume by a landslide.

Portland Elks Elect Tonight. At their regular meeting tonight the local Elks will elect officers for the ensuing year. It is understood that there are a number of candidates in the field but the names of these are kept quiet.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box, 25c.

HOUSEHOLD ECONOMY

How to Save \$2.00 on Cough Medicine by Making It at Home

Cough medicines, as a rule, are most likely to make the best syrup, take a pint of Granulated Sugar, add 1/4 pint warm water, and stir about 2 minutes. Get two and one-half ounces of Pinex (low cost) worth, put it in a clean pint bottle, and fill up with the Granulated Sugar Syrup. This makes a full pint of uncolored cough syrup for about 25 cents. Keeps perfectly. You couldn't buy as much ready-made cough syrup for \$2.50.

This home-made remedy is pleasant to take, and usually stops even the most obstinate cough in twenty-four hours if this splendid, safe, for colds, whooping cough, bronchial ailments, etc. take a teaspoonful every one, two or three hours.

The Sugar Syrup is an excellent sedative. The Pinex is the most valuable concentrated compound of Norway White Pine Extract rich in all the healing elements of Norwegian pine. Be sure to use the real Pinex itself. Your druggist has it or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

Some of the best-known druggists here, as Laue-Davis Drug Co. (distributors) and others think so well of the healing elements of Norwegian pine, it to give perfect satisfaction or refund the purchase price.

string of horses out here in the early summer. He has a pacing mare with a mane of the best-known druggists here, in the stables which he is bringing from the East.

SILVER CAUSES DEATH

BLOOD POISON FOLLOWS; OPERATION COMES TOO LATE.

Pioneer Resident of Castle Rock Country, Samuel D. Laughlin, Buried Near Farm Home.

CASTLE ROCK, Wash., March 2.—(Special.)—Only an apparently insignificant silver in his thumb which was pulled out, and no further attention paid to it, caused the death of Samuel D. Laughlin, a pioneer resident of this vicinity, who died last week in a Portland hospital.

The thumb began to swell soon after the silver was removed, however, and was quite painful, but he refused to call a doctor, thinking he could cure it himself. His condition became so serious, however, that the doctor pronounced Mr. Laughlin in a dangerous condition from blood-poisoning and ordered his removal to Portland at once, where an operation was performed, but in vain.

The body was brought to this city and taken to his home four miles north of here, and on Sunday the Masonic lodge of this city, of which he was a charter member, went to his home and conducted the funeral services.

Mr. Laughlin was born near Linn, Osage County, Missouri, May 28, 1842, being the son of Robert R. and Elizabeth Laughlin. He lived on his father's farm until 18 years of age, when he enlisted in Captain Downing's company, Third Missouri Volunteers, May 26, 1861, and served throughout the War of the Rebellion at the end of his term of enlistment he was in the battles of Lookout Mountain, Missionary Ridge, the siege of Vicksburg, Kennesaw Mountain, and the fall of Atlanta. He was mustered out at the end of his term of enlistment and was married February 21, 1865, to Eliza J. Morrow, and came to Washington in May, 1870. He moved to his farm on the Cowley River in 1881, and since lived there. His widow and nine children

Many Sign Protest. The real sentiment of the students against Oliver was indicated when the petition of protest against the invitation issued by the Y. M. C. A. was presented yesterday with nearly 175 signatures attached to it. The students against his speaking on the college grounds.

At Puyallup the river bank was badly washed away, threatening a house at Meeker Junction was also moved out today the building is in danger. A landslide at Bluffs compelled the Interurban Railroad between Seattle and Tacoma to transfer passengers and freight at Wilkeson and Puyallup. The Tacoma Eastern Railway interrupted traffic.

The citizens of Chehalis are furnishing power for the street railway and interurban cars, owing to the damage to the Election Flume by a landslide.

SNUB FACES PARSON

Students Object to Campus Sermon by F. E. Oliver.

Y. M. C. A. INVITES SPEECH

U. of O. Men Present Petition to Prevent Evangelist, Who Attacked Institution, From Addressing Student Body Friday.

UNIVERSITY OF OREGON, Eugene, March 2.—(Special.)—If Evangelist French E. Oliver persists in his intention of speaking on the University of Oregon campus Friday evening in response to the invitation issued to him by a few members of the student Y. M. C. A., which stirred up such a storm of protest among students yesterday, his meeting will be generally boycotted.

This was the simple remedy discussed on the campus and which the Oregon Emerald, the student body publication, advocated officially in a strong editorial against the preacher and his methods.

Mr. Oliver's attacks on the university as "rotten" and a place to be "wiped out or cleaned out" because of its connection with the pale of orthodoxy, and his abuse of President Taft on the ground of his religion, alone have caused deep feelings against his speaking on the college grounds.

The real sentiment of the students against Oliver was indicated when the petition of protest against the invitation issued by the Y. M. C. A. was presented yesterday with nearly 175 signatures attached to it. The students against his speaking on the college grounds.

Afterville language the revivalist has spilled to the University and all things herewith connected, it is surprising that he should risk contamination by actually coming onto the campus and associating with the unregenerate. After the slanders and abuse he has heaped upon us it is equally strange that we should care to listen to him or that the authorities should allow him on the grounds.

Text on Swine Cited. "This type thrives on persecution. It advertises them and in their own eyes increases their resemblance to the prople. To most, however, this resemblance will appear faint after listening to their crude harangues, which for logic, persuasiveness and appeal are on a level with high school orations. Before addressing the reprobrates at the college, the revivalist should remember what Matthew 7:6 has to say about casting pearls before swine."

LOSS EXCEEDS SIX FIGURES. Damage From Floods in Chehalis Valley Is Worst Known. ELMA, Wash., March 2.—(Special.)—All the valley lands are flooded and the Chehalis River, still rising, has reached the highest mark known here. All the mills and camps have closed and business is at a standstill.

The loss in Chehalis County this winter from flood and storm runs into the hundreds of thousands of dollars and has been the greatest in the history of the county.

River Rising at Albany. ALBANY, Or., March 2.—(Special.)—The

Willamette has risen slowly but steadily here all day and is now 1 1/2 feet above low water. It is now overflowing the Oregon City Transportation Company's dock here. If it continues to rise tonight it will be beyond its banks opposite Albany by morning. The San Juan began to fall today and the waters are also receding in other mountain streams in this part of the state.

INSURGENT RANKS DEPLETED. Captures and Desertions Reduce Force of 1500 to 60.

SAN JUAN DEL SUR, Nicaragua, March 2.—Deserters from General Menes' force, who have surrendered to the government division at Acopyapa, state that General Chamorro arrived in San Vicente yesterday with 60 horse-

men, the remnant of the army of 1500 with which he reached Tlana. They also state that when General Menes and General Zeledon learned of the disaster to the insurgent troops at Tlana and Tlana they decided to abandon their positions and retreat immediately to Rama. The ranks of the insurgents are reported to have been greatly depleted, as the news brought by General Chamorro caused consternation and wholesale desertion. General Vazquez now probably occupies San Vicente.

Army Officer Soars Twice. SAN ANTONIO, Tex., March 2.—Lieutenant Foulis, U. S. A., made two successful flights in a Wright aeroplane at Fort Sam Houston today.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed, the remedy which is given to them to cleanse and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs and Elixir of Senna—and for the same reason it is the only laxative which should be used by the fathers and mothers.

If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines when medicines are not needed, and when nature requires assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs and Elixir of Senna. As you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits.

Please to remember, the full name of the Company—California Fig Syrup Co.—is printed on the front of every package. To get its beneficial effects it is necessary to purchase the genuine only. Buy a bottle today to have in the house when needed. Put up in one size only. Regular price 50c a bottle and for sale by all leading druggists.

Remedies are Needed. Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.
