Merchants Exchange Committee Is Named.

QUIET TRADING IN GRAIN

Active Movement in All Lines of Produce—Expected Advance in Sugar—Clean Picking of Hops.

A special meeting of the officers of the Merchants' Exchange Association was held yesterday, called by President Hanson, for the purpose of selecting an arbitration committee. The following grain men were chosen to act as the committee: D. A. Fattullo, of Balfour, Guthrie & Co.; C. E. Curry, of the Northwestern Warehouse Company.

Andrew Kerr, of Kerr, Gifford & Co.; G. L. Campbell, of the Campbell-Sanford-Banley Company; A. Cohn, of the Northern Grain & Warehouse Company.

The rules of the association provide that while the committee shall have seven members, only three will be called upon when necessary to arbitrate disputes. These three will be named by the secretary of the association at the request of either of the parties in the dispute and the arbitrators are not to be informed of the names of the disputants before a decision is rendered.

TRADE IN GRAIN HAS NOT REVIVED

Wheat and barley steady and oats reported to be weaker. The same quiet conditions as heretofore prevail in the local grain market. A little inquiry from California for wheat is reported, but it is not leading to business. The barley market is steady and some of the dealers are disposed to take a more bullish view because of the advance in Spain, but prices here are no higher. There is a weaker undercurrent in the oats market.

Grain is coming into the local market from the interior without interruption, but receipts in the Northern market have decreased because of the railroad blockades, and because there is even dilly than at Portland.

Weekly foreign shipments of wheat are reported by the Merchants' Exchange as follows:

CLEAN PICKING OF OREGON HOPS

Charles S. May, of Albany, N. Y., indorses H. V. Bolam's suggestions. ALBANY, N. Y., Feb. 23.—(To the Editor.)—We rarely have our name in print on the hop question, but we cannot allow the opportunity to pass to refer many of your Oregon growers to the very pertinent remarks of H. V. Bolam, of Salem, in your issue of Friday the 20th, which unfortunately is our only true one.

Oregon can raise the most desirable hops of any of the coast producing sections, but in the hop country are getting into very bad repute on account of the picking. The grower who knows his business will have his hops picked clean. If the picking is done by the box or bush, the crop will cost less to harvest if it is cleanly picked than dirty, for dirty stems hops will not be so heavy, and the hops are picked in a very much greater than in weight.

Our advice to growers is, contract or no contract, have your crop cleanly picked, and as free from leaves, stems, etc., as is possible, and then keep up the good reputation of the Oregon hop, otherwise you will be the only sufferer in the end. If pickers are allowed to get into the habit of dirty picking, you will find it hard work to get them back to picking your crop cleanly and it should be and is being picked in other hop growing sections of the world.

NO SURPLUS OF EGGS YET

Market is weak, but supplies clean up fairly well. There was no change in the egg market yesterday, which was quiet and liberal, but moved off fairly well. The general quotation on the street was 24 cents.

BETTER DEMAND FOR VEGETABLES

Stocks of All Kinds Clean Up Well on the Street. Under a good demand, vegetable stocks are cleaning up well on Front street. Cabbage and cauliflower were temporarily short yesterday, though a car of cabbage was received. A car of Los Angeles cauliflower was due, but failed to arrive. A fair supply of celery was on hand. Shipments of Southern California celery will begin to arrive in a few days and it will be of larger size than that which has lately been coming up.

SUGAR WILL ADVANCE TODAY

All grades of sugar will advance 10 cents a hundred today, according to an announcement made by the wholesale grocers yesterday, though a car of cabbage was received. The advance has been expected and is the result of the strength of the Eastern sugar market.

Bank Clearings

Bank clearings for the Northwest cities yesterday were as follows: Balfour-Balances Portland \$1,223,424; Seattle \$1,223,424; Tacoma \$1,223,424; Spokane \$1,223,424.
