

OFFICERS KIDNAP WEALTHY BREWER

Dodging Federal Authorities A. J. Goldberg Is Hurried Onto Ship.

CRIES FOR HELP IN VAIN

Prisoner, Who Is Wanted in Spokane for Theft of Carload of Beer, for Four Days Outwits Deputy Sheriffs in Los Angeles.

LOS ANGELES, Cal., March 4.—(Special.)—One of the most sensational extradition fights in Los Angeles legal annals culminated today when peace officers from Washington dodged Federal process served with this prisoner, A. J. Goldberg, a wealthy Montana brewer, and placed him aboard a tramp schooner at San Pedro en route for Vancouver whence he will be taken to Spokane to face a charge of stealing a carload of beer.

The successful removal of Goldberg today from the jurisdiction of the California courts was the second within three days. Last Monday night the prisoner's attorneys blocked an attempt to take him north on the Owl train by serving a Superior Court writ of habeas corpus which has been fought out in the courts here since and finally dismissed. The kidnaping today followed upon the heels of this dismissal.

Officers Charter Launch. His final extradition from this state was the second attempt to kidnap him from the City Jail. It was brought about by a hasty exit from the side entrance into an automobile, and a thrilling drive to Long Beach. In that town a streetcar was brought into service and at the harbor of Long Beach launch was chartered which carried the prisoner to San Pedro where he was placed aboard a tramp schooner ready to sail.

Goldberg's attorney, C. Randall Sparks and T. F. Ogden, Special Deputy Sheriff, are held to answer for contempt of court for taking him away from Special Officer C. B. Long, at Burbank without properly fulfilling the law.

Cries for Help Are in Vain. United States Deputy Marshal Bert Franklin pursued Officer Long and Goldberg today. After a three hour search word was received from Long Beach that Goldberg had passed through that city. He was on a streetcar and was crying for help. He shouted that he was being extradited against his will and to notify officers of the United States marshal. The message was successful in this plea, as the message reached the proper authorities—but too late.

CARUSO FEARS BLACK HAND Noted Tenor Receives Demand for \$15,000 on Pain of Death.

NEW YORK, March 4.—Enrico Caruso, the tenor, has received two "Black Hand" letters, demanding \$15,000 or his life. There is some disposition among his friends to regard the letters as a joke, but Caruso is convinced that his days are numbered, and he will not venture out of his room without a bodyguard.

The first letter instructed Caruso to put the money in his pocket, stroll along Broadway and give it to the first man who asked him for a letter. Caruso took the walk with two detectives behind him. Evidently the writer followed his movements, for today came a second letter, saying: "When you went out yesterday you had two policemen with you. Do not try to fool us again. We mean business."

Instructions followed to leave the money in a bag at a certain spot in Brooklyn and concluded with threats to "get" Caruso on the street or on the stage.

EX-MAYOR'S BROTHER OUT Rev. E. J. Harper's Resignation Is Accepted in Los Angeles.

LOS ANGELES, Cal., March 4.—(Special.)—Rev. E. J. Harper, brother of the recalled Mayor, and for three years City Forester, was today "recalled" by Mayor Alexander. His resignation was handed in without warning and so quickly accepted that no doubt remains that it had been demanded.

"It is not necessary for me to state why I am resigning," was the closing sentence. The Mayor declined to state the reason and even intimated that it would not do so if called into court, though there was no hint of such a contingency. Rev. Mr. Harper refused to talk on the subject, but Mrs. Harper said he had long contemplated the action.

ALLS HELD MANY JOBS While Legislator He Was Also Counsel for Corporations.

ALBANY, N. Y., March 4.—Senator J. F. Allis today told his colleagues, who are trying him on Senator Conger's bribery charges, that while serving in the Legislature he was retained as general counsel for two railroads and had argued cases for another.

Allis also admitted he had done a little law business for the Bell Telephone Company and the United States Express Company. The defendant had not finished his direct testimony when the investigation adjourned until Tuesday.

Police Protect Steelworkers. SOUTH BETHLEHEM, Pa., March 4.—The strike situation at the Bethlehem Steel Works in this city today when the day shift resumed work today. No trouble was reported today. Threats are alleged to have been made last night against men living in Hellertown, near here, if they went to work. A detachment of state police was sent to the place at daybreak today but the workers were not molest-

69 TRAINS ARE HANDLED (Continued From First Page.)

toured trains that arrived yesterday from the south did not include delayed trains which will arrive today. No. 16, which is due in Portland at 7:30 this morning, according to dispatches is in three sections, two of which are detained, trains due at 11 A. M., is in five sections, four of which are detained trains.

So far as the westbound trains are concerned, the congestion on the O. R. & N. is somewhat relieved by the arrival of the laid out trains yesterday. After today the burden will not be so heavy on the Shasta route or eastbound on the O. R. & N. The blockade on the Salt Lake division of the Southern Pacific, it is expected, will not be repaired inside of five days.

O. R. & N. Situation Improves. The Southern Pacific time card calls for four through trains each way daily from the Washington division, but it is understood that these trains will be consolidated during the tie-up and after the congestion is relieved, only two trains each way will be detained via Portland.

It is announced from O. R. & N. headquarters that the road now expects the main line on the Washington division will be opened by Sunday. The line between Spokane and Colfax, it was thought, would be clear last night and the line to Winnoum, by today. The Wallace and Burke branches have not been disturbed by the floods.

Trains on the Northern Pacific and Oregon & Washington arrive from the Puget Sound practically on schedule yesterday. The North Bank is having no trouble and the Northern Pacific is operating through the Cascades, according to reports here, and uses the North Bank line between Spokane and Pasco. Official announcement was received at the Great Northern offices that the line east of Spokane is absolutely clear and that the road is getting into Seattle over the Northern Pacific from Pasco. The Canadian Pacific is having no trouble in getting the Soo-Spokane-Portland service through on time.

Holiday Mail Rush Exceeded. The arrival of the fast mail over the Oregon Short Line revived memories of Christmas days in the Portland Post-Office. An accumulation of letters and first-class material was gathered along the route in the flood district for delivery at Portland, more than 600 pouches being piled in the sorting room.

All the available employees were detailed to assist in sorting the mail. It will be out of the office not later than noon today.

At the central station the transfer room was bulging with pouches and sacks destined for the East. Much of it came from California and Washington and would ordinarily have been routed to the East by way of San Francisco and Spokane.

ASTOR DECREE IS GIVEN TO PUBLIC

Final Divorce Papers Show Noted Capitalist Was Accused of Infidelity.

DETAILS NOT DISCLOSED

Rumors of Amount Given Wife Vary From \$50,000 Annual Allowance to Settlement \$10,000,000 Outright—She May Remarry.

NEW YORK, March 4.—Beneath the signature that made final today the interlocutory decree of divorce previously granted Mrs. Astor from Colonel John Jacob Astor, Justice Mills at White Plains wrote this afternoon: "The decree in Duchesne County is hereby ordered not to seal the above final judgment."

Popular Belief Verified. The decree, however, as filed tonight at Poughkeepsie, the county seat, makes little known that had not been forejudged in popular estimate. There appears the bald statement that the marriage is dissolved by reason of the adultery of the defendant on the part of the defendant, but no money settlement is mentioned, the name of the co-respondent is not given and none of the testimony taken by the referee is available—nothing but the decree itself.

The plaintiff may remarry, but not the defendant. Custody of William Vincent Astor, the son, is given to the father, with the provision that the mother may see him when she wishes, and custody of the daughter, Ava Alice Muriel, is awarded the mother, with provision that the father may see her at all reasonable times.

The understanding is that a settlement of all money matters was arrived at before the decree was signed, and it is probable that the exact amount allowed Mrs. Astor will never be known.

Lump Sum Not Probable. It has not been the policy of the Astor estate to allow money to go out of the family. The estate is very likely that no lump sum has been settled on her, but it is probable she will enjoy a stipulated income during life, or as long as she remains unmarried.

Colonel Astor is one of the richest men in the United States and the Astor estate is one of the largest in the world. It has been reported on one hand that Mrs. Astor will receive \$10,000,000 outright, and on the other that she will get the same for the most modest allowance of \$50,000 a year.

The unusual interval between the granting of the interlocutory decree and the filing of application for a final judgment led to the report that there was haggling over the exact sum to be granted to the wife. It is generally believed that the \$50,000 a year is nearer the truth than \$10,000,000.

POPE EVADES CAPTURE

SITUATION AMONG INDIANS AT TABOLA SERIOUS. Continued Absence of Federal Officers in Mountains Leads to Fear of Bloodshed.

HOQUIAM, Wash., March 4.—(Special.)—With scores of Indians armed and prepared for an inter-racial feud as well as a three-sided conflict with Federal and state officers, no definite word has come out from Tabola, the little Indian hamlet where Fred Pope shot and killed Adam Hawk and Hoh William, Monday. United States Deputy Marshal J. F. Statter has secured the aid of two other deputies, and is still at the scene of the crime, despite the fact that Statter expected to return to Hoquiam Wednesday night.

Statter's absence lends strength to the opinion that the conditions among the Indians are more serious than first thought. Rumors are rife that Pope will never be taken alive, and that he means to sell his life as dearly as possible. The Indian is hiding in the woods and food and clothing are being supplied by friendly relatives.

Never before have the Indians been so worked up over any affair. The night the crimes were committed men were seen to be ready to kill for personal enemies on scores of long standing, and to kill any officer who would be foolishly enough to attempt to arrest Pope. Even the women are said to have been filled with the thirst for blood, and of Mrs. Hawk, wife of one of the slain men, it is said that she carried a revolver while searching for Pope, with the purpose of killing the murderer to avenge her husband's death.

Mrs. Hawk is a direct descendant of Chief Chenamus, of the Chehalis tribe of Indians. Chief Chenamus was a white man's friend in the early days. He was killed by an Englishman at Westport. His slayer was captured by the Indians and killed in a horrible manner, the natives choking him to death by pouring burning sand down his throat.

UNION MEN LEAVE WORK (Continued From First Page.)

reported, have decided to strike. This will cripple nine woolen mills. It is reported that 10,000 tailors and cloakmakers, 6000 bricklayers unaffiliated with the Central Labor Union, 4000 members of the Building Trades Council (75 per cent of that class), 300 members of the International Gold Beaters' Union and 5000 cabinet-makers are among those who will obey the order for a general strike.

Walters' Union Joins. Word was also received at headquarters that 800 waiters would cease work. The waiters' union is strong here, its members being employed in the leading hotels and restaurants. These employees are doing all in their power to secure competent substitutes.

If the reports received at strike headquarters are correct, the city authorities have greatly underestimated the proportions of the strike. It was stated by Director of Public Safety Clay late this afternoon that he had ascertained by a careful canvass that not more than 20,000 union workers would respond to the general order, but this estimate falls 50
