### ELKS OUT FOR '12'

#### Portland Lodge Plans Determined Campaign.

#### NO. 142 TO INVADE DETROIT

With Beautifully Illustrated Booklets Calling Attention to Elkdom's Attraction in Northwest, 500 Will Fight for Reunion.

In an effort to capture the Grand Lodge of Elks for Portland in 1912, plans are rapidly maturing at the headquarters of Portland Lodge, No. 142, R. F. O. E., for an invasion of Detroit at this year's reunion.  
It is proposed that the grand exalted ruler elected at the 1912 meeting and the members of the grand lodge in attendance, shall dedicate the new 15-story Elks building in Portland which is to succeed the present structure.  
A committee to arrange for the excursion to Detroit has been at work for some time and it is assured that a representative delegation of fully 300 members of Portland and sister lodges of Eastern Oregon will go to Detroit to urge that the Portland invitation be accepted.  
Boston Gets 1911 Reunion.  
In 1911 the reunion will go to the extreme East, Boston being the city most probable to have the honor of entertaining the antiered herd. Influential members of the grand lodge are in favor of sending the reunion for the following year to the West Coast again, and in that case there is no doubt but that Portland will be selected, her claims already having been presented in an informal way.  
The arrangements committee, consisting of Monroe Goldstein, Joe Dietz, J. J. Jennings, A. E. Sanderson and T. J. Richards, is arranging to send the Portlanders and their friends to Detroit on a special train, or else by way of the Isthmus of Panama and New York. The train will be decorated from one end to the other in Oregon grape and with roses. Should the Panama trip be selected, the Elks will go by boat to Panama, cross the Isthmus and travel up the coast to New York City, thence by rail to Detroit.  
At Detroit the committee of 300 will distribute 10,000 handsomely illustrated booklets with illuminated covers, calling attention to Portland and what is doing in Elkdom in the Northwest. It is planned to make these souvenirs

#### Harriman Lines to Resume Freight Service Today—North Bank on Time and Other Roads Are Approaching Normal.

Before midnight last night all O. R. & N. through trains from the East, delayed on account of the storm, had reached Portland. During the day 15 belated Southern Pacific trains also passed through this city. Of that number eight were eastbound trains, routed by way of Portland from San Francisco. The other seven were westbound, having been detained to this city, departing immediately on their arrival over the Shasta route for San Francisco. In the 24 hours ended last night between 100 and 120 trains, including engine movements, crossed the O. R. & N. steel bridge. This was the greatest movement of trains over this structure in a single day.  
Beginning today, two eastbound and four westbound Southern Pacific through Eastern trains will be routed through this city. Of these, one eastbound and two westbound will pass through Portland during the forenoon and an equal number bound in the same directions will use the Portland gateway during the afternoon. According to reports reaching this city yesterday, officials of the Harriman system say it will be necessary to continue this arrangement as to through Southern Pacific trains for a week and probably ten days.  
**Freight Trains Resume.**  
It is also the purpose of the Harriman officials this morning to resume the regular operation of their freight trains over both the O. R. & N. and the Southern Pacific. With the resumption of this business, in addition to the routing of through Southern Pacific trains over the Shasta route, and operating its own trains, the Portland-San Francisco branch of the Harriman system will be handling the maximum number of trains that can be expected of a single-track road.  
L. R. Fields, superintendent of the Oregon division of the Southern Pacific, reported yesterday that the movement of all trains on this part of the Harriman system was about normal. For once, unreasonable weather conditions did not seriously interfere with the Shasta route, which not only accommodated the reg-

### MISS BROMBERGER WEDS

#### Daughter of Pioneer Family Marries Moritz Jacobowski.

Miss Mildred Bromberger, daughter of Mr. and Mrs. Sam Bromberger, pioneer residents of this city, and Moritz Jacobowski, also of this city, were married yesterday afternoon in the blue room at the Oregon Hotel. The ceremony was performed by Rabbi Abrahamson.  
Following the wedding, an elaborate dinner was served in one of the private dining-rooms at the hotel, the party numbering 40 guests. A special orchestra furnished music for both the dinner and the reception that followed.

### MISSOURI TREES HERE BAD

#### Fruit Inspector Destroys Shipment Before Disease Is Spread.

Fruit Inspector Stansbery reports discovering a large quantity of diseased nursery stock shipped here from Missouri. It was found last Thursday and destroyed before any of the trees had been sold. Inspector Stansbery says the stock was about 1000 trees, and that the disease is very serious. At Linnton last Thursday Inspector Stansbery ordered the destruction of several hundred trees in orchards which have not been attended to for the last 25 years.  
Trees in the Lents and Woodstock districts were proved to be in good condition. Gresham and vicinity, where fruit-growing is a specialty, will be visited this week.  
Mr. Stansbery says that more progress has been made in eliminating diseased trees in the last few months than for several years and that more thorough work is being done.  
Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

#### "FIGHTING THE BEEF TRUST." 22 MARKETS AND ONE GROCERY.

Do not go into the Beef Trust markets on Alder street when you are looking for Smith's. See that Smith's name is over the door and then you'll know you're in the right place. Do what all self-respecting Americans do—avoid the Beef Trust.

#### GO TO ANY SMITH MARKET FOR

- Choice fresh Oregon Eggs, direct from the ranches, per dozen, 25c  
These eggs are not storage eggs, nor Eastern eggs, nor any other "off" quality—Smith's eggs are Oregon's fresh eggs.
- Smith's absolutely fresh Norway Creamery Butter, the best and sweetest Butter you ever ate, per pound, 75c.
- Other Creamery Butter, per 2-lb. square, 65c.
- The cheapest food on this side of the comet is Smith's Beef to boil and stew, 6c and 7c per pound. It's cut from steer beef. Honest, isn't it cheap?
- Smith's Corned Beef, it's the kind that makes your backbone strong, per pound, 7c to 10c.
- At any Smith market you can get Smith's Sirloin Beefsteak and Smith's Tenderloin Beefsteak at 2 lbs. for 25c. That's because Smith has got in the way of selling good meat cheap. And it is select steer beef.
- Do you want something dainty, choice and tender? Go to a Smith market for a small "T" bone steak, per pound, 15c, and it's fancy steer beef.
- The American Nation was built on Round Steak—not the high-priced round steak that you get in Beef Trust markets, but the tender, rich, juicy round steak you get at any Smith market for, per pound, 12 1/2c. Guaranteed Steer Beef.
- Smith's Shoulder Roast Veal, 12 1/2c and 15c.
- Smith's Shoulder Veal Outlets, 15c.
