DEMOGRATS TRIED TO WHIPSAW GILL

Many Voted for Him at Primaries, Against Him When Election Day Came.

ANALYSIS OF VOTE SHOWS

But Their Strength Was Offset by Bouillon's Supporters Who Were True to Party-New Charter Will Stop Manipulation.

SEATTLE, March 10 .- (Special.) -The plurality of Hiram C. Gill, Republican Mayor-elect, over his Democratic opponent, William Hickman Moore, is 2437 votes. The total vote for Mayor was 33,400, or 80 per cent of the registration. Gill received 377 more votes

tration. Gill received 377 more votes than were cast for him at the primaries, while Moore received 11,819 votes additional to the total Democratic strength at the primaries.

Gill's vote at the election closely paralleled that at the primaries, ward by ward. He carried the same wards as before by almost an identical vote, and he lost exactly where he lost before, with only a trifling difference in the totals. Moore's vote, likewise, goes neck-and-neck with that cast for Bouilion, the defeated Republican, at the primaries, and in its grand total is only 173 larger than that for Gill's oppon-173 larger than that for Gill's oppon

or Gill's opponent in his own party.

Gill's vote at the primaries was 17,-440; at the election, 17,817. Bouillou's vote at the primaries was 14,207, while Moore's vote at the election was 14,380.

Democrats Tried Old Game

The tell-tale figures have set politi-cians to thinking. The demonstration is complete that large numbers of Democrats voted for the Republican nomi-nee at the primaries; then turned on him, hoping by the advantages of a factional fight led by Bouillon and other bolters, to elect Moore, the Democrat.

It is a striking illustration of the inner workings of the direct primary. The vote by wards at Tuesday's elec-tion was as follows, no account being taken of the baker's dozen of ballots cast for H. M. Wells, Socialist:

Ward-	GIII Rep	Moore Dem.	Miller
'irst	1501	234	5.3
econd	1225	731	150
hird	2126	1409	92
ourth	11.66	324	58
lifth	3549	206	87
ath	1134	3115	114
eventh	2661	2412	117
lighth	1378	1337	118
dinth	1072	1629	371
enth	600	1214	50
leventh	61T	1078	121
welfth	1064	1136	177
Thirteenth	951	1184	76
Courteenth	778	671	67
Totals	17.817	14,880	1451

Democratic Knifers Offset.

The total Republican vote at the primaries was 31.647, while the total vote for all nominees for Mayor at the election was 33.398. Of the outlying wards, Gill won in the Eighth by the narrow margin of 41, against a lead of 293 at the primaries. In the primaries he lost the Ninth, Tenth, Eleventh, Tweifth and Thirteenth by a combined vote of and Thirteenth by a combined vote of 3983 to 6338, a plurality of 2355 for Boullion; and in the election he lost the same wards by a vote of 4304 to 6241, a plurality of 1837 for Moore. He won the Fourteenth, 773 to 671, and praylously be won it 731 to 687. previously he won it 781 to 888. In other words, the vote has been

about the same, but the party designa-tion has changed. The explanation ap-pears to lie in the probability that enough of the Boullion vote remained loyal to the party, instead of going with the bolters, to offset the Democratic vote cast for the Republican nomines at the primaries. It would seem that almost an exact balance was established between these two elements all over the city. was a failure to consider this

probability that led many enthusiastic Gill men to lay wagers on his majority," some of them having risked their money on a figure as high as 7500, while a two-to-one bet was placed that Gill would have 5000. Some of his supporters were willing to back their judgment that the Democratic party was practically non-existent, and that the botting Republicans would nearly all come into camp; and today, instead of recognizing the truth—that the Demorecognizing the truth-that the Dem crats merely masqueraded at the pri-maries—these men who made the ex-travagant bets say they would have won if 20 per cent of the vota had not stayed at home. They assume that the 9000 voters who failed to appear were Gill Republicans over-confident of the result, thinking their ballots would not

One of the mild surprises of the election was the small vote cast for Charles
H. Miller, United Labor candidate. He
received only 1451. A fortnight ago his
campaign managers expected him to
lead Moore; then they figured that Gill
would get approximately 18,000 and
that Moore and Miller would have about
9000 each; and finally the day before
election they conceded that Moore
would have a small lead over Miller.
They expected to show a strength of
not less than 8000.
Under some of the amendments
adopted Tuesday there will be no more One of the mild surprises of the elec-

Under some of the amendments adopted Tuesday there will be no more Democratic manipulation of the Republican nominations in city politics. Next year when the new Council of nine members is elected both nomination and election will be made non-partisan, all the names being printed on one ticket, without any mark whatever to distinguish party.

guish party.

But the way is still clear for much manipulation at county and state pri-maries. If Gill had been a weak can-didate, he would have prevailed at the primaries, only to have been beaten at the primaries, only to have been beaten at the polls by the hostile votes that had given him the nomination. As it was, despite a bitter personal fight against him, he made the race in good shape, although other Republican nom-inees, notably W. J. Bothwell, for Con-troller, and Ed L. Terry, for Treasurer, received 23,500 votes each, against 17,-

Non-Partisan Ballot Wins.

The majority of the nonpartisan primary and nonpartisan ballot amend-ments to the city charter was 10, 772. Mayor Gill and the Republican city organization worked hard against the amendment. Some of the politicians in their appeals against the amend-ment declared that it would destroy

The proposal to issue \$250,000 of bonds for public library extension was defeated, as well as the proposal to expend \$550,000 for land for a central park. On the other hand, the proposal to expend \$2,000,000 for park improvements was carried overwhelmingly.

BLAST TO SHATTER BLUFF

Rattlesnake Bluff to Be Blown Away for Natron Extension.

KLAMATH FALLS, Or., March 10 .-(Special.)—Preparations are under way to open the way around Rattlesnake Point on the east side of Klamath Lake by blowing off the extreme point of the promontory by exploding, electrically, a giant blast which will require 39 tons of black nowder. black powder.

It is expected the blast will open the way for the Klamath Falls-Natron line of the Southern Pacific, which is building along the shores of the lake. The tunnel for the blast is through the point and the side chambers and cross cuts are about ready for the powder. Before the end of the month the blast will be set off.

JOHNSON AND GRAY HOLD PEOPLE OF LA GRANDE WITH EVAN-GELISTIC CAMPAIGN.

ROBERT E JOHNON.

LA GRANDE, Or.. March 16.—(Special.)—A year ago the people of Albany brought Evangelist Johnson from Minneapolis to lead an evangelistic campaign. Now five churches in the union here have secured Johnson and erected a big tabernacie. A reception and bianquet were given Friday evening to Mr. Johnson and Professor Gray and to the business and professional men of the city by the men of the churches. It was one of the greatest church events in the history of La Grande. More than 200 men sat down together.

The meetings began with great interest. On Sunday night the big tabernacie was well filled with people to hear Evangelist Johnson on the theme, "Why La Grande Cannot Have a Revival." The evangelist handled his subject in a clear-cut way. Johnson is one of the sanest evangelists who have

ect in a clear-cut way. Johnson is one of the sanest evangelists who have

the United States Court. Horton was the given five days to pay the fine.
He was arrested for failing to obey an

order of court to pay dividends to creditors of the bankrupt concern. After re-ceiving the order to pay dividends, it was charged, Horton drew \$100 from the bank, all the cash available to him as receiver,

Donworth's announcement from the bench, but the court said it would be sufficient to teach Horton a lesson. New Daily Will Start April 1.

KLAMATH FALLS, Or., March 10.—
(Special.)—Arrangements have been completed to install Klamath Falls' third daily and weekly newspaper about April 1, and it will begin its career under the editorial management of Grant Lincoln, who comes recommended as a newspaper man of considerable experience. Mr. considerable experience. Mr. has now gone to San Francisco

to select the plant. RAINIER ELECTS REPUBLICAN

MAYOR OVER INDEPEND-

ENT CANDIDATE.

Judge J. B. Donn, Victor by 86

Votes. RAINIER, Or., March 16.—(Special.)—Judge J. B. Doan, Republican nominee for Mayor, was elected last night with a plurality of \$6 votes over T. E. Hughes, the present Mayor, who was twice elected on the Independent ticket. Judge Doan came pendent ticket. Judge Doan came to Rainier in 1884. In 1885 he was elected Justice of the Peace, which office he held for 10 years. In 1896 he was elected County Judge, occupying the bench for eight year. He was President of the City Council for two terms, and Police Judge for three years, resigning that position last term. Judge Doan is strongly in favor of the assembly.

Members of the City Council pendent ticket. Judge Doan came Members of the City Council elected were: J. H. Pomeroy, 189 votes; P. C. Prichard, 151, and W. J. Dietz, 131, while Newton Smith, with 92 votes, was elected for an unexpired term over W. C. Fry, who was also listed as an independent. W. C. Lee, independent, was elected Water Commissioner; J. F. Roth, Treasurer; Judge W. Symone Politics Index and Image.

Symons, Police Judge, and James Jesse, City Marshal.

The proposed new charter, voted on for the third time, was defeated, 123 to 55.

Tuesday in Portland, was today fined matiem and barely able to walk, crawled \$250 for contempt by Judge Donworth of for a mile in the brush to reach Ash Stafor a mile in the brush to reach Ash Sta-tion, where he intended to board a train He was caught this afternoon, hiding in brush within 200 yards of the station, by Sheriff Knox, who, with a posse of 60 men, combed every bit of shrubbery in

quest of the fugitive.

Brown was placed in the jall at Stevenall the cash available to him as receiver, and then issued checks to the creditors for the dividends. The checks were all returned marked "No funds."

Horton pleaded guilty. He said he was intoxicated when he drew the money from the bank. He has made good the from the bank. He has made good the money.

The fine was lenient, according to Judge Donworth's announcement from the bank announcement from the bank. He registered from Hot connections. Lake, Or., and is said to own several valuable timber claims in Washington. He He was always well supplied with money.

Waters Basis of Quarrel.

When weather permitted, Brown was accustomed to hobble to St. Martins Springs from Shipherds Springs, with a fellow patient. He took one of these walks this morning and, arriving at St. Martins, was faint from exhaustion, Isa-dor St. Martin, half-breed Indian owner of the resort, greeted him. In a few minutes the men were quarreling over the relative merits of the waters of St. Martins Springs and the resort where Brown made his abode. St. Martin, it is said, slapped Brown, and they scuffled. "Damn you, I'll get you," St. Martin was heard to say as he walked toward the house. Reaching the house he dropped, blood streaming from his breast. He died is minutes later, surrounded by his family, Brown in the meantime es-caping in the brush.

St. Martin's heart was pierced by an ordinary pocket-knife, which Brown was not seen to wield. The knife, still bloody, it was reported here today, was found in Brown's pocket when he was forced from the brush by Sheriff Knox.

Brown's Companion Missing.

Though it is known Brown was accom-anied from Shipherds Springs by another patron of that health resort, no trace of his companion has been found, and Sheriff Knox has been unable to find any one able to identify the only important witness of the tragedy. Several persons, including St. Martin's sons and daughters, saw the scuffle, but did no know a knife had been drawn until the old man dropped to the floor. By that time Brown and his mysterious com-

panion had dirappeared.

Isador St. Martin was one of the most picturesque half-indian, half-Canadian land-owners of the Upper Columbia and was regarded as the best of the male branch of the St. Martin family. At one time he was connected with the Mulaces. ime he was connected with the Hudsons Bay Company and it was while engaged in trapping with Indians that he discovered the springs that bear his name. one time the St. Martin family also owned Shipherds Springs, but this portion was sold to Shipherd for \$50,000 by Martin, contrary to the wishes of his brother, Isador,

Resort Owner Jealous.

While always boastful of the curative While always boastful of the curative merits of the waters of St. Martins Springs, Isador became more vehement in their praise when Shipherd took over the rival resort, and recently St. Martin would get angry to the fighting point if the waters of his resort were decried.

Brown will be held in jail at Stevenson pending the Coroner's inquest, which will be held tomorrow. Sheriff Knox is still the sheld tomorrow. e held tomorrow. Sheriff Knox is still he held tomorrow. Sheriff Khox is still in search of Brown's companion, who, though he did not participate in the dis-pute, would be able to throw light on the tragedy and tell whether Brown's plea of self-defense is warranted.

Logger Killed in Woods.

MONTESANO, Wash., March 10.—(Special.)—Isaac Johnson, a native of Findand, was instantly killed at the camps of the Chehalis County Logging & Tim-ber Company yesterday. He was felling a tree, which struck a dead snag. This crushed Johnson as he was trying to get out of the way. Johnson had been here but a short time and nothing is known of him.
