BENNETT SIGNS MONDAY

MUNICIPAL ARCHITECT ENGAGED TO DRAW UP PLANS.
Work on "City Beautiful" Will Cost \$19,000 and Require Two Years' Time, He Says.

E. H. Bennett, municipal architect of Chicago, and the Civic League will sign a formal contract Monday, engaging the former to prepare and submit a systematic plan for parks and boulevards, and other municipal improvements in this city. At a meeting of the executive committee of the Civic League, held at the Portland Commercial Club, the following committee was named to meet with Mr. Bennett: C. F. Swigert, Gay Lombard, J. H. Hank, W. E. Burrell and F. H. Ransom.

In the general discussion which marked yesterday's committee meeting, Mr. Bennett, in answer to questions, estimated that the cost of the work, which would probably require about two years, would be about \$19,000. The expenses of the work, including his salary of \$500 a month, Mr. Bennett said, would approximate \$11,900 for the first year.

It was the consensus of opinion among the members of the committee that the first essential involved in the success of the movement which has been launched is to get the residents of this city interested in the project. It is the intention of the new owners to raise the present building and provide stores underneath. Mr. Miller owned the lot for a number of years.

died in a few minutes. Dr. Cassidy was summoned but could do nothing. Mr. Sprague had lived in Oregon less than a year, and was practically retired from active business, but like many of those who have led an active life, found it difficult to be idle, and the many alluring opportunities for investment in this country had attracted him into several ventures, in which it is thought he had somewhat overtaxed his physical force. Mrs. Smith is expected here Monday evening and J. H. Sprague Sunday morning. Mr. Sprague was a regular attendant of the Third Presbyterian Church of this city.

BANNER ACRES

One of the best evidences of the value of Banner Acres may be shown by the facts that during the last few days we have sold over 100 acres of it to persons who have been for days and weeks examining all of the subdivisions around Portland, and finally settled upon Banner Acres as the best acreage buy on the market. We can convince any critical person of these facts by an inspection of the property. For its merits are to be seen at a glance, while the price from \$55 per acre up, is so far below the price of tracts farther out, without the community value, without its slightness—and above all not to be reached by the best roads in Oregon as Banner Acres is—this price strikes one as ridiculously low. And it is not as we wish to sell it at once that the purchaser may make a quick, sure profit and follow us into other investments as many have done, but it is this satisfied clientele that makes our every purchase and every sale a success. Let us "show you." Telephone Main 5284. Office 7507 for an appointment.

Three different people who have been induced to invest in EASTMORELAND this present week have come back of their own accord to put in more of their good hard money. Why? Because they believe in it. If they had had more, they would have invested more. Wednesday of this week alone recorded \$31,260 worth of sales. Such a fact is eloquent. Investigate EASTMORELAND.
