 Showing of

Pellard Suits

Pellard suits never revolutionize a fashion. No extreme style is introduced to assert and overturn the foundation of fashion.

Pellard suits are extremely simple, of quiet elegance and refinement, and it is this gentleness that appeals to women of good taste.

All the style newness of the Spring fashions, produced by the different manufacturers, clothes builders and ladies' tailors will be shown in our Suit Department.

Garments with style and character for women of quiet fancies.

New Forsythe and Castleton waists, models of 1910 on exhibition.

Exhibition of Easter Millinery

*As Decried by Foreign
 Word and Example*

Today, Monday
 Tuesday

More than ever will beautiful millinery occupy the stage of feminine life.

Never since Modern Millinery has had a place in civilization have the styles been so beautiful or becoming.

At this exhibition you can compare the creations of the leading French milliners with those of our own land, and make your choice from an original Paris fashion or a modified American style.

Turbans, The Tricorn, Picture and Tailored Hats

Will be exhibited in immense numbers. This year's models show a decided character of extreme length from front to back or else turn up from the face and are broad from side to side.

The look of your Easter hats—and the satisfaction you anticipate in wearing them—will be proportional to the care you exercise in their selection. If you come here we will assume all responsibility for your appearance and permanent satisfaction.

On the Great Lakes the exercises will take place August 8 to 17, inclusive, with the rendezvous at Thunder Bay and a cruise down the lakes to Buffalo. SUSPICION IS EXTENDED

French Deputies Hear Accusation Against Liquidators.

PARIS, March 11.—The interpellation concerning the embezzlement of M. Duez, one of the men intrusted by the government with the liquidation

of church property, came up in the Chamber of Deputies today. M. Jaures, Socialist leader, in a bitter speech demanded that the responsibility be fixed. He said that it was amazing that a man already a defaulter in the sum of \$100,000 could be appointed to such a responsible task, and openly intimated that the gravest suspicion existed against another liquidator, M. Le Couturier.
