HILL LINE BUYING **SOUTH FROM BEND**

Despite Denials Surveyors Are Also Active in Central Oregon.

RIGHT OF WAY PURCHASED

Oregon Trunk Agents Are Paying on Basis of \$40 an Acre for Strip 100 Feet in Width-Ranchers All Want Stations.

BEND, Or., March 28 -- (Special.) -- During the last week much right of way has been acquired by the Oregon Trunk Line along its surveys south from Bend. along its surveys south from Bend. In fact, it is understood that for approximately 30 miles land has been purchased in a 100-foot width along the Upper Deschutes, close to which river the survey follows before branching from it in a southerly direction toward Kiamath. The majority of the farm and "black jack" pine lands, it is understood, over which the right of way passed, were paid for on a basis of \$40 an acre valuation. In not a few instances, it is said, offers of In not a few instances, it is said, offers of In not a few instances, it is said, one is or right of way gratis were proffered, providing only the railroad would agree to place stations at points convenient to the ranches of the property-owners. Indeed, according to one of the road's purchasing agents, should all the offers of this description be accorded there would be stascription be accepted there would be sta-tions scattered at intervals of less than a mile all the way from the Columbia to

Surveyors Are Working South.

Despite the oft-repeated statements em anating from the officials of the Trunk Line that they have no intention of con-tinuing the Great Northern's Central Oregob road further than Bend for the presveloping the immediately adjacent territory with branch lines instead of pushing on to untried fields, present indicaing on to untried fields, present indica-tions do not entirely substantiate these announced plans. For not only is there activity in purchasing right of way south from Bend, but forces of surveyors have been in the field between this point and Burns practically all Winter, working along the line followed by the old Cor-vallis, & Eastern survey. Presuch the valids & Eastern survey, through the heart of the big new homestead country, whose rapid settlement recently has attracked so much attention.

Whether the intention is to find a south-eastern outlet in connection with some road in the Snake River country, as has been so often suggested, or to continue toward California, as is repeatedly ru-mored and repeatedly denied, is of course problematical. The fact remains howproblematical. The fact remains, how-ever, that in the popular mind the repe-tition of the statements that Central Oreriffon of the statements that Central Oregon itself is the sole goal of the Hill line
does little more than to implant the bellef that bigger plans are in the making.
For there seems to be instilled in the
popular Central Oregon mind pretty firmly the impression that when railroadbuilders say they are about to do one
thing, exactly the opposite result is apt
to be forthcoming.

Rumors Include Harriman Line. Perhaps an outgrowth of this is the statement that a southerty continuance of the Harriman line from Redmond, its present terminus, will soon be announced although nothing more substantial than rumor yet gives weight to the allegation.

TOWNS LIKE NEW SERVICE

Brownsville Business Men Felicitate With Albany Club.

ALBANY, Or., March 28.—(Special.)— Fifty residents of Brownsville celebrated the installation of the new motor-car on the Albany-Springfield run by coming to Albany on the first trip of the car to-day. The car was installed at the re-quest of the Commercial Clubs of Brownsville and Albany, and both clubs exchanged felicitations on the success of their efforts here this afternoon.

The Brownsville excursionists were met at the depot by a big delegation of Albany men and conducted to the rooms Albany Commercial Club. master J. S. Vanwinkle presided and welcomed the visitors, and talks were made by Wallace R. Struble, F. P. Nutting and W. H. Marvin of Albany, and H. E. Hilleary, Rev. C. F. Kochler, F. M. Brown, E. D. Holloway, W. W. Balley and Captain James Blakely of Browns-

Captain Blakely is Linn County's oldt resident, being 97 years of age, and laid out the original town of Browns-ville 60 years ago. The local club entertained the visitors at dinner at the t. Charles Hotel this evening.

As the new motor-car runs in addition

to-the old train, it gives Brownsville and the other towns on that line the best railroad service they have ever enjoyed. The car left Albany on its initial trip at 7:30 this morning and will make one

SIMPLE OPERATION FATAL

Hood River Man Dies When Carbuncle in Neck Is Removed.

HOOD RIVER, Or., March 28.—(Special.)—T. B. DeBusse, proprietor of a restaurant here, and an extensive landowner at Hood River and Mosier, died suddenly today from the effects of an operation to remove a carbuncle from

Mr. De Bussey had been suffering for several days, and his physicians decided that the operation must be per-formed to relieve him. Although it was not thought that the operation was a particularly dangerous nature, he made his will this morning, and this afternoon walked to the hospital. He is survived by his wife and one child.

LAND LAW NOT FULFILLED

Secretary Ballinger Opposes Giving Patents to Siletz Settlers.

SALEM, Or., March 28 .- (Special.)-Railroad Commissioner West has re-ceived from the Department of the Interior at Washington a copy of Secre-tary Ballinger's letter to Senator Nel-son chairman of the public lands com-mittee, containing an adverse report on the proposed legislation for the relief of the Siletz settlers. eretary Ballinger's letter says in

The lands covered by the entries affected by the bill above referred to are generally rough, not easy of access, and chiefly valuable because of the heavy growth of timber thoreon. Investigation by the Department has developed that compliance by the entrymen with the law as to feeldence and cultivation has in most instances been of that character which has been uniformly

denied recognition by the Department as asis for securing title under the home-tend law. It is not believed that conditions under which these lands were entered are such as to justify legislation which would have the effect of making an exception in these cases and walving combilance with the wholesome and well unterstood requirements obtaining as to comeste a settlement generally.

The Siletz bill, introduced in the Sentte by Senator Chamberlain and in the

ate by Senator Chamberlain and in the House of Reresentatives by Represent ative Hawley, provides that no entry within the Siletz Indian reservation under which proof was made without protest prior to December 31, 1995, shall be canceled for insufficient residence and cultivation in any case where it is shown to the satisfaction of the Secretary of the Interior that where it is shown to the satisfaction of the Secretary of the Interior that the entry was made for the exclusive use and benefit of the entryman and that he built a habitable house on the land, actually entered in occupation thereof, and cultivated a portion of the tract entered; and, further, hat all such entries as have heretofore been canceled shall, on application made within six months from the passage of the act, be reinstated in all sage of the act, be reinstated in all cases where the lands involved have not been re-entered at the date of the

not been re-entered at the date of the application for reinstatement.

The records of the General Land Office show 124 unpatented entries, embracing 19,840 acres, on which proofs were made prior to December 31, 1906, without protest or objection at the date of the proof. Final certificates have been issued on 50 of these entries; but, as practically all of them were pro-

POPULAR MEDFORD COUPLE WEDS AMONG IMMEDIATE

CLARENCE MEEKER.

MIRS, CLARENCE MEERER.

MR. AND MRS. CLARENCE A. MEEKER. MEDFORD, March 28.—(Special.)—Clarence A. Mecker and Miss Mintle Corey were married at the home of the bride's parents. Thursday evening, March 24, at 8:30 P. M. Only the relatives and immediate friends of the family were present at the ceremony, which was performed by Rev. L. F. Belknap, of the First Methodist Church.

Belknap, of the First Methodist Church.

The wedding march was played by Miss Flora Gray, and the couple were attended by Lester Meeker, a cousin of the bridegroom, and Miss Sadie Van Dyke. Both Mr. and Mrs. Meeker are from prominent families of Medford and popular in church circles. The bride taught for two years in the school here. The bridegroom is a member of the firm of W. H. Meeker & Co.

tested within two years from the is-suance of the certificate, they are not confirmed by section 7 of the act of March 3, 1891 (26 Stats. 1905). Proofs made under 50 of these entries were suspended for field investigation before the issuance of final certificate, and are now awaiting action. Relinguishments of 24 of these articles quishments of 24 of these entries have been filed after field investigation, but the lands they embrace are now covered by entries and they would not be af-

"FATHER" SOLON M'CROSKEY BURIED AT GARFIELD.

Throngs Pay Tribute to Octogenarian Clergyman-Widow and Six Children Survive.

GARFIELD, Wash., March 28 .- (Special.)—Rev. Solon McCroskey, who died at his home here on Good Friday, was buried in the Garfield cemetery on Easter Sunday, the funeral services being con-ducted by Mr. Patton of Dayton, assisted by Mr. Buchanon, pastor of the Garfield Presbyterian Church.

Presbyterian Church.

Three hundred people could not gain admittance to the edifice and remained outside the church until the services were over that they might take a last look at their friend, "Father" McCroskey. "Father" McCroskey was 82 years old and preached from the time he was 18 years of ago until he was 75. He was one of the best-known ministers in

Eastern Washington. He was born in Maurice County, Tenn. January 11, 1830, and was educated in the country schools and at Hawassee and Ewing and Jefferson Colleges. He joined the Cumberland Presbyterian Church when 19 years old. When 18 he was left by the death of his father in charge of the estate with the entire control of the farm. At 19 he married Miss Mayo and farm. At 19 he married Miss Mayo and
a few years later entered Ewing and
Jefferson College, where he prepared
himself for the ministry. After the
Civil War he was chosen minister by his old neighbors and he remained in the South until 1892. Then, following the ex-ample of his oldest boys, he came to Whitman County, settling in Garfield. He was made pastor of the Presbyterian Church, retaining that position until his

75th year, when he resigned. He was married the second time in 1875 to Miss Sibby Eagleton, who sur-vives him. Six of 12 children also survive. The children are: John A., a minister of Springfield, Mo.; Samuel M., county superintendent of schools and su-perintendent of the Tekoa public schools, Ewing, of Spokane; William E., an attor-ney of Palouse; Theodore E., editor of the Richland Advocate, and Hattie M. McCoskey of Garfield.

Seaside Will Improve Streets.

ASTORIA, Or., March 28 .- (Special.)-The new rock crusher and engine recent-ly purchased by the County Court have been ordered shipped to Seaside and will be located near Holladay station, where material is to be prepared for macada-mizing the county road through the town of Seaside as well as the road lead-ing from Necanicum bridge to the ocean beach, funds having been appropriated by the road district for that purpose. The county will also furnish the town with crushed rock at cost for improving

Fire Insurance Rates Reduced.

SOUTH BEND, Wash., March 28-(Special.)—Word has just been re-ceived here that the insurance rate on dwellings and contents and private barns and outbulldings in this city has been reduced by the old line com-panies from a 75-cent basis to a 60-cent basis rate. The exposure charges have also been cut to less than one-half the old rate. South Bend has made an extraordinarily good fire record in the past two years,

two years of scant moisture, were traversed today by the farming demonstra-tion train. This is a district where dry farming methods appeal to the landowner, and it is also a county of ranches of enormous acreage. At Condon, where the train remained all day yesterday, there was a demonstration given this morning to 500 persons, all of whom paid particular attention to the control of the con particular attention to the agricultural

The afternoon was spent at Clem which is little more than a mere sta-tion, but which produced 125 actual farmers from the surrounding country. Near Clem Is the big wheat ranch of E. C. Rogers, the hotel man of Condon and

Teachers Are Taught.

The train stopped today at Mr. Rogers' ranch and the demonstrators were given a demonstration themselves. This was of a "caterpillar" traction engine pulling 12 plows. Behind the plows the engine was also dragging a Dunham sub-surface packer, such as is recommended for dry farming by the college experts. Mr. Rogers is preparing 2000 acres for Fall sowing and purposes to give the dry farming methods advocated a thorough

He is going in extensively for field peas and corn as rotary crops and is ac-cumulating a large number of hogs by means of which he will realize on his forage crops.

Today Work of Train Ends.

With the only traction engine of its type in the state, he is plowing his land at the rate of 40 acres a day. No dem-onstration was scheduled for Arlington, which was reached this evening, but the residents were anxious to view the train and the cars thrown open to visitors. Several hundred passed through the

Tomorrow will close the demonstrations by this train in the grain-growing dis-tricts of Eastern Oregon, when the Shaniko branch will be covered as far south as Grass Valley. The tour ends Wednes-day at The Dalles, after demonstrations in the horticultural districts surround ng that place and Mosier and Hood

EMBEZZLER IS INDICTED

Ashland Man, Released on Bond. Hurries Home With Family.

MEDFORD, Or., March 28 .- (Special.)-Adolph Shultze, who is charged with the embezzlement of \$1100 from the Jacksonville Redmen lodge, was indicted today by the grand jury. He was released on bond. His aged father and one of his brothers paid back the \$1100 to the lodge. The family are highly respected in the German settlement here. A pathetic scene was enacted at the depot after his release, when his aged father and mother and his brothers and sisters, of whom he is the eidest, crowded around as he boarded the train for his home in Ash-

LAND PRICE IS STICKLER

CONTRACT FOR POWDER RIVER PROJECT NOT COMPLETED.

tate Board Turns Over Matter to Engineer Lewis and Attorney-General to Close Deal.

SALEM, Or. March 28 .- (Special.)-The Desert Land Board, after an extended session today, referred to State Lewis and Attorney-General Crawford the matter of framing a con-tract with the Evans Almirall Company for the reciamation of 73,376 acres of land in the Lower Powder River Valley, 14 miles northeast of Baker City. The total cost of this project is estimated at \$3,943,000, or about \$69 per acre. It is probable the land will be put on

the market at about \$115 per acre, al-though this is one of the points to be threshed out in the making of the contract. The land is divided into two units, there being in one 33,800 acres, to be irrigated with water from the Powder River and stored in the Thief Valley. The other will be watered by the con-struction of a reservoir on Balm Creek, the supply to be diverted through a long

feed canal from Eagle Creek.

There will be two big dams, one in the Thief Valley 110 feet high, and the other at the Balm Creek reservoir 150 feet high. These dams will be of con-crete and earth construction. The feed crete and earth construction. The feed canal tunnel will be over two miles long. The entire system will be constructed of concrete and steel and this will be of concrete and steel and this will be the only project in the state so con-structed throughout. No open ditches will be used, these being replaced by modern reinforced concrete pipes. This is the first project under the new

law and the Evans-Almirall Company has made maps, plans and surveys that have required an expenditure of over \$30,000. These plans have been of great assistance to the board in passing on project, the specifications and surveys having provided information of value to the state in determining the details of the contract for the reclamation of the large tract.

GOVERNOR TO AID WORK

IDAHO EXECUTIVE PROMISES MISSIONARY SERVICE.

Spokane Pastor Makes Announcement on Return From Laymen's Convention at Boise.

SPOKANE, Wash., March 28.—(Special:) — That the Governor of Idaho has announced that at the conclusion of his present term of office he will retire forever from political life and devote his life to the uplifting of men in all parts of the world, is the subof advices received here Rev. Conrad Bluhm, pastor of the Centenary Presbyterian Church, in a report from the recent laymen's mis-

donary convention held at Boise, says he Evening Chronicle. Results of a startling nature were tchleved at the Boise convention, acording to the reports to Mr. Bluhm. have received advices here, stated Mr. Bluhm today, "that Govern-or James H. Brady, of the Panhandle State, made three notable announce-ments while presiding at the banquet, which was a feature of the laymen's convention.

"The first announcement from Governor Brady, according to these ad vices, was that he would join the church on the following Sunday. As further proof of his interest in the work, he is said to have detached from his vest his gold watch and placed it in the hands of his friends. Finally he announced at the conclusion of his present term as Executive of Idaho he would retire from politics and devote the rest of his life to the uplifting of men in all parts of the world.' Great results, it is hoped, may follaymen's missionary conven tion in this city next week.
