# KLING RESTORED **BUT IS PUNISHED**

Johnson Disagrees With Herrmann and Lynch on Size of Penalty Needed.

### HE REFUSES TO CRITCISE

American League President Thinks Commission Too Lenient and Says His Name Signed to Report Without His Consent.

EXCELSIOR SPRINGS, Mo., March 28. -Catcher Johnny Kling, formerly a member of the Chicago National League buseball club will be penalized, but reinstated in organized baseball sometime rext week, but it will not be with the consent of Ban B. Johnson, president of

the American League.

The report of the findings in the Kling case will be signed by Garry Herrmann, chairman of the National Baseball Commission, and Thomas J. Lynch, president of the National League who, with Johnson, compose the commission. For the good of organized baseball, President Johnson will not submit a minority re-port, but nevertheless he has decided opinions regarding Kling's desertion of opinions regarding kings desertion of the game last year. However, he says, Lynch is a new man in the office and, if he has made a mistake in this case, which Johnson believes he has, it would only harm the National pastime for him to discuss the National League presi-dent's alleged error.

### Johnson Withholds Assent.

Johnson, who is taking the baths here, requested today that his name be re-moved from the report of the commis-

moved from the report of the commis-sion on the Kling case.
"I believe a mistake has been made by the commission." he said, "but I shall offer no criticism of the work of Messra, Lynch and Herrmann. They constitute the majority and whatever they decide must stand, regardless of anything I

might say.
"It is best I remain silent, especially in connection with the convictions of President Lynch. He is a new man in the administrative end of baseball. I have no desire to speak harship of any error he may make at the beginning of his administration.

### Severe Penalty Favored.

"At no time since the Kling case came to our attention have I been able to agree with the other members of the commission. I held out alone for inflicting a more severe penalty than they were willing to indorse. We had several meetings and soon it became apparent that I would never see the parent that I would never see the evidence in the same light as they. Then finally the other members of the commission were able to reach an agreement on what they considered a just penalty. Their idea did not coincide with mine. But I informed them they might return a majority report and I would remain silent. I learned today my name had been affixed to the official report of the proceedings of the investigation and I immediately took steps to prevent the publication of the report in this manner. I am willing to let the case pass without submitting a minority repass without submitting a minority re-port, but I could not stand idly by and permit the use of my name in such a manner as to make it appear that I was satisfied with the penalty assessed."

### No Questions Answered.

Johnson firmly refused to give his opinion regarding the truth of the statement made by Charles W. Murphy that he had written Kling a letter granting Oregon..... 1 7 him a leave of absence of one year. Neither would be say what the decision of the commission was or how he would have penalized Kling had he won his

have penalized Kling had he won his fight in the hearing.

"The official report of the other mem-bers of the commission will deal with these matters," he said. "It is not right that I should discuss their findings."

"Is it not true that on account of the prominence of Kling there was a ten-dency on the part of the commission to make an example of his case." John. make an example of his case?" Johnson was asked.

"Kling's case was taken up in the same anner as that of any other player," was the reply.

### NO OFFICIAL DECISION MADE

### Herrmann Silent About Kling Case Till Action Announced.

CINCINNATI, March 28.—Garry Herr-mann, chairman of the National Base-ball Commission, today refused to discuss the statement of President Johnson re-

garding the Kitng care.
"No decision has been reached offi-cially," he said. "and the commission will have nothing to announce on the case for a few days yet." After a long session of the commission

last Friday, an announcement was made that no decision had been reached, but that further mail and wire exchanges would be used in an effort to perfect a finding. Since then no intimation has come from the National commission headquarters here that any change of programme had been decided upon.

### Lynch Refuses to Talk.

NEW YORK, March 28.—President Lynch of the National League declined tonight to discuss the Kling case or to comment on Ban Johnson's remarks.

OREGON WINS OWN ERRORLESS GAME BY 1 TO 0 SCORE.

Henkle's Great Hit to Center Field, After Pitching Perfect Game, Takes Contest.

UNIVERSITY OF OREGON, Eugene, Or., March 28. — (Special.) — Henkle's scorching smash to center field in t... seventh inning sent Jamison home from second base and won for Oregon against Whitman College by the score of 1 to 0, in a game replete with sen-sational features this afternoon.

After pitching his teammates to vic-tory Saturday, Henkle went into the box again for the Oregonians today and twirled a great game. Though the big southpaw was hit freely, with no one on bases, when the sacks were loaded, his delivery was an enigma to the Whitman batters. Beside winning his own game with the deciding hit, he

fielded his position in perfect style.
Accepting nine hard chances without an error, the Oregon team played error-less ball behind Henkle. For six innings the game was a pitchers' battle, with Beit of Whitman also pitching fine ball. In the sixth Clark's per-fect throw from deep center of Bor-leske's hit nipped Belt between third base and home plate, where he was run down by the Oregon field. Clark played a sensational fielding game and made a single and two-bagger in four times at bat. Senator Makes Lone Fillbuster for Survey of Idaho Land.

WASHINGTON, March 28.-Senator Heyburn today inaugurated a "lone man" filibuster in the Senate in oppo-sition to a bill providing for the diversition to a bill providing for the diversion, for re-surveys, of 20 per cent of the money appropriated for surveys of public lands. The resent law authorizes the diversion of a 5 per cent and the Idaho Senator sought to hold the proportion to the lower figure. He declared his intention of holding out all day if necessary. His opposition was due to the fact that 53 per cent of the lands of Idaho remain unsurveyed, while 38 per cent of the Colorado lands and 20 per cent of those in Wyoming have been surveyed.
