Sturges, a banker of Scranton, Pa, was the feature. Mr. Sturges' name has long been connected with the busy industrial life of the Pennsylvania town in which he lives and as its chief reformer and foc of graft. Mr. Sturges' subject was "Missions and, Stewardship." He sought to es-tablish the responsibility of Christian people to evangelize the world. Yet unhapplify we are today face to face with a calamity which has caused trouble, annoyance, inconvenience and injury to us and our life and personal property are in extreme danger and one of us is lying in the nonpital owing to the injury done to him by the brutal and savage at-tack. As a nation we are opposed to take law in our own hand and we al-ways calmly submit to the legally con-stituted authorities of the state. In this case of recent trouble at St. Johns, we did the same thing and expect that personage who is occupying the chair of justice will take up the case with unbiased and unprejudiced mind. But we are really sorry to note what ap-peared in the report of The Morning Oregonian of March 29. When the Hin-dus identified one Mr. Steleken, who took part in mobing the Hindus, Jus-tice Olson charged the identifying Hin-dus identified one Mr. Steleken, who took part in mobing the Hindus, Jus-tice Olson charged the identifying Hin-dus a telling barefaced lies; and so on we are eastonished to note that the bon-orable judge declared. "What does this expression mean? Are Mr. Ayer, his family and children engaged in any vila action while they are rightly trying to redress the wrong to Hindus, employed by the St. Johns-Lumber Company? None of the court people understand Hindustani. How could they discover that Kim is misinterpreting the truth? Is it founded on imagination? "If so, the people of this country who bilindly hurt themselves by hurting others ought to know that we Hindus are from the same stock of Cancasian people as you are.
