Tempting Millinery Fresh From the Band Boxes at Surprising Prices

—Tempting, because of the unquestionably fine character of these hats,—tempting, because the values are undoubtedly the best possible to obtain in this city. We have carefully planned this special showing for Friday and Saturday.

—The art and freshness of our hats—their dash and smartness in line and poise—their verve in composition show both our intimate touch with the hat development of Paris fashions and the knack of reproduction possessed by our own designers.

—Of particular interest is the showing today, for young ladies and misses, "The Coquillicot Hat" a fashion eagerly accepted by young women of refinement and good taste.

—In New York there is a perfect rage for these red hats. We know of no other millinery store in Portland that has given this new feature any thought. Another proof of our leadership in women's fashions.

Smart Sailors Shown Only in Our Millinery Show Rooms

—The fact that almost every smart sailor seen on the streets of Portland comes from our store is proof positive that our styles are both correct and distinctive and have met the approval of popular taste.

—We illustrate four new models trimmed with velvet bands. In solid colors, also with different color under brim combinations. Prices \$1.95 and \$3.95 each.

60 Stylish Hats at \$10, With That Bewitching Charm Found in Paris Hats Only

—We are not going to attempt to describe these hats. You will have to see them to appreciate the remarkable value. Many will be displayed in the windows, the balance in our show rooms.

—These hats lack the French extreme, but for those women who favor hats that carry with them the wonderful lines and color tints from Paris, yet are modified to suit quieter fancy, these hats appeal. We shall not quote the original price. Shop around town, price hats at two and even three times what we ask for these hats and you will make a fair comparison.

U. S. AFTER COAL LANDS

HUGE FRAUD ALLEGED TO HAVE BEEN PRACTICED.

Thousands of Acres in Elk Mountain Districts Involved in Suits Filed at Cheyenne.

CHEYENNE, Wyo., March 31.—The Government today filed suits in the United States courts to recover title to thousands of acres of valuable coal lands in the Elk Mountain district in Carbon County. The suits are signed by Attorney-General Wickham.

The lands are alleged to have been entered upon fraudulently by Charles S. Johnson and Judge John D. Milliken, of the Northwestern Land & Iron Company, and also of the Denver, Laramie & Northwestern Railroad Company.

Two thousand five hundred acres of iron lands in the second district in Carbon County are involved in the suit. Officers of the defendant company are said to have valued the coal and iron lands at \$5,000,000.

Sylvester R. Rush, who conducted the big land fraud cases elsewhere, is here and is said to be in conference with the United States District attorney in the cases.

Wooling, by a suit filed in the Federal Court in Cheyenne, were obtained, it was said at the Department of Justice today, through the medium of dummy entrymen.

These entrymen were charged with having been agents of the Northwestern Land & Iron Company, which, with the patentee, is made party to the suit. The land and iron company, it was stated, is a holding corporation for the Denver, Laramie & Northwestern Company.

OFFICIALS ACTED FOR SELVES

Company's Treasurer Denies It Had Interest in Land.

DENVER, March 31.—Neither the Northwestern Land & Iron Company nor the Denver, Laramie & Northwestern Railroad Company is affected by the suit brought by the Government at Cheyenne today to recover coal and iron lands, said A. J. Spangiel, treasurer of the former company, today. "The suit was brought against Judge Milliken, president of our company, and Charles S. Johnson, president of the Denver, Laramie & Northwestern Railroad, as individuals. The lands involved are not included in any way in the properties of either company. They were filed upon by Judge Milliken and Mr. Johnson as individuals. Our company owns some coal land, but it was bought outright from the state and is not involved in this suit."
