The Seals started off with a tally in the first inning, largely on an error at first, but the northerners landed on Ames in the fifth and took a 2-to-1 lead. That lead they held until the following inning, when four more Seal smashes gave Long's boys three more runs, the team finishing in that style.

In the afternoon, Vitt opened with a single to right and reached second on a wild throw by Rapps after Vitt had been caught between the bases. With Bodis and Melchoir out, Tennant hit one that bounced over Peric Casey's head and Vitt ecored. The Portlanders confined their scoring to the fifth. Aembruster walked and Steen sacrificed. Netsel singled, and when Olson hit a hard line drive at Mun-dorff that bounded to the bench and was good for two bases, Armbruster tallied. Casey followed with a two-bagger into the crowd in right field and Olson was home. That was practically the end of the efforts by the Beavers.

GOES MILE IN 36.2 SECONDS

DePalma Fifth of Second Faster Than Oldfield-Speed of 120 Miles an Hour Is Expected in Contest for Championship.

LOS ANGELES, April 3.—A speed of practically 100 miles an hour was attained in the first preliminary skirmish of the duel between Rālph De Palma and Barney Oldfield for the world's championship in the new circular plank track of the Los Angeles motordrome today.

Oldfield had his 200-horsepower Benz and made a mile in 36 2-5 seconds, averaging 37 seconds for several miles.

He was followed on the track by De Palma, who used Caleb Bragg's 99 Fiat. De Palma turned the mile circuit in 361-5 seconds. The time was taken by a number of experts, and is not dis-puted. It is the second fastest mile ever traveled by a human. Racing authorities here believe that

the three races on the mordrome next week to deelde whether Oldfield or De Palma is the champion will produce a record of 120 miles an hour for the new track. The race will be run on three different days, so that it will be neces-sary for the winner to secure two heats.
