istion all over the world. She is the wife of a man who runs a roadhouse at Indian River, on the White Horse-Dawson trail, not far from Dawson. She has two children, both girls, one I years old and one 5. It was the strength of the mother-love that caused her to make a wild flight for the states. She alleges that the husband and father has been unkind to the point of brutality, that he drank heavily and that the environments of the roadhouse were contaminating to the little ones.

Making up her mind to get away from White Horse, Mrs. Cameron twice boarded, the train bound for Sangway. The mount-

Escapes Drowning.

SPOKANE, Wash., April 2.—(Special.)—Audray, aged 7, daughter of cial.)—Audray, aged 7, daughter of Mrs. Samuel Hughes, of Kellogg, Idaho, had a narrow escape from drowning in the Bunker Hill flume, at Wardner, Idaho, yesterday. The child was playing on the flume, near the old "Stem Winder" mill when she slipped into the race and was carried down 300 yards.

This part of the fiume is covered to whole distance. A playmate ran the whole distance. A playmate ran down the grade calling for help and awn the grate calling for help and her cries attracted two men, who saved the child. That she wore a heavy bearskin coat accounts for the fact that she was carried so far without sinking. The flume is about seven feet deep and was full at the time.

PERSONALITY FIGHT

New Administration Pledged to Finish City Power Plant and May Be Elected on This Issue Alone. Four Councilmen Due.

EUGENE. Or., April 3.—(Special.)— Eugene will hold its annual election to-morrow to choose four Councilmen to serve the city for the following year. With the exception of the Second Ward there are two tickets in the field, the administration ticket and the anti-ad-ministration ticket. The only issue in the campaign is the personality of the candidates themselves. The present administration was elected last April on a piedge to complete the

The present administration was tree the last April on a pledge to complete the city power plant on the McKenzie River. This project had been one of the results of the fight for municipal ownership of the water system which was begun in Eugene several years ago. The fight Eugene several years ago. The fight last April was made on this power plant

project.

During the past year the administration has met with much opposition, and the power plant is not yet completed, but enough has been done that it seems even to the anti-administration candidates that it should be completed. The lineup, however, is on the one side by men who indorse the work of the administration and on the other by those who feel that the city would be benefited by a change.

### DeLay Heads One Ticket.

DeLay Heads One Ticket.

The administration ticket consists of Joseph DeLay, for the First Ward; A. W. Gilbert (for re-election), for the Third Ward, and S. P. Noss, for the Fourth Ward. The anti-administration ticket consists of Y. D. Hensill, for the First Ward; E. L. Dorr, for the Third Ward, and W. C. Yoran for the Fourth Ward. In the Second Ward, Emil Koppe, is the only candidate; W. S. Moon, who was petitioned to run, having resigned because Mr. Koppe was not antagonistic to the administration.

It is likely that a heavy vote will be cast. The contest, however, will not be so warmly waged as it was last April.

The only matters to be voted on outside of Councilmen, are the questions of annexation which seem to have little opposition at this time. In the eastern

opposition at this time. In the eastern part of the city the proposed extension of the limits will be of little importance as the new lines merely include about half of Hendricks Park. At the present time half of it is within the city limits. In the western part of the city the proposed annexation is a matter of considerable importance, including as it does considerable territory and upwards of 500 people. There is some opposition in the territory that it is proposed to annex, the main objection being that the move will increase taxes but a large mamove will increase taxes, but a large ma-jority seem to be united in favor of more taxation and the advantages that the
