Exchange building, Second and Stark, or telephone Marshall Mayor Simon has secured a reduction of 15 cents a square yard on bitulithic pavement. Representatives of the War-ren Construction Company held a con-ference with him yesterday in his office at the City Hall. For this class of work the lowest rate and market be 1422 or Home A 7213. Be sure to give the residence of such absentees. Citizens who intend to be way during the census period should leave with some friend

at the City Hall. For this class of work the lowest rate yet quoted was 32 a yard. The new price will be \$1.55. Bitulithic has ranged in price from \$2 to \$2.50 a yard for the past few years. It is laid in Portland by the Warren Construction Company and the Pacific Bridge Company. A great amount has been ordered. It is considered an ex-cellent material, and Mayor Simon's rea-son for demanding a reduction was that he believed the companies had been charging too much. Bids aggregating hundreds of thou-sands of dollars for bitulithic pavements throughout the city are now being ad-vertised for by direction of the executive board. When the new rates are quoted in the proposals, as announced yesterday. the board will award contracts to the two companies handling this kind of material. MAID ACCUSED OF THEFTS.-Mrs. Lens Selee, a maid employed in the Ellsworth apartments at 195 Lownsdale street, was held to await the action of the grand lury yeaterday morning by Judge Ben-nett for alleged larceny. She is accused of stealing \$45 from Mrs. A. W. Thomp-son, 55 from Miss Ewing, one of the roomers, and a 530 diamond ring from Miss Olive McLeod, also a roomer. The domestic said she had bought the ring from a Morrison-street jeweler and that the money had been given her by her hubband. The jeweler could not identify the ring. Mrs. Selee's parents, Mr. and Mrs. J. Moran, are residents of Mji-wauke. Or. They attended the hearing and provided bonds for their daughter's release. REALTY BOARD TO VISIT YARDS.-Memcompanies handling this kind of material. Recently, because of the former price being asked the board rejected the bids for a large amount of paving. Rates on all kinds of paving have now been greatly reduced since Mayor Simon entered office. Competition that was intreatened by Eastern bidders on asphalt paving helped to put down the price on this material, so that it is now being laid as low as \$1.44 a yard. It has ranged as high as \$2.40 in the past few years. Hassam pavement is facing competi-tion also and a reduction would not be surprising. Concrete specifications have companies handling this kind of material.

REALTY BOARD TO VISIT YARDS.-Mem-bers of the Realty Board will be given an opportunity to visit and inspect the Switt Packing Plant and the Portland Union Stockyards at Kenton on the Pen-insula on Saturday afternoon. At that time the Board will make its postponed will make its postponed Hon also and a reduction would not be surprising. Concrete specifications hav-been ordered by the Council on certain streets, which indicates that an effort i being made in the Council to force this brand of paving to lower prices. time the Board will make its postponed trip and go over these plants under the guidance of C. C. Coll, president of the Union Meat Company, and D. O. Lively, manager of the stockyards. The trip was originally scheduled for last Satur-day afternoon, but was postponed on ac-count of the serious filness of Mr. Colt's child. The child has now practically re-covered. The party will leave on a spe-cial car, at Second and Washington streets, at 1:30 P. M., Saturday, and re-turn to the city by 5:30 o'clock. Strupy Churg Chocks Its Work - The
