# NO MERCY SHOWN TO BRIBE-GIVERS

Pittsburg Grand Jury Denounces Millionaires as Malefactors.

#### CONTRACT HELD INVALID

Scathing Review of Corruption Is Marked by Charges of Concealment of Evidence-Bribers Not to Profit by Crimes.

PITTSBURG, April 8.-A true bill charging Max G. Leslie, collector of dolinquent taxes in Allegheny County, with bribery, was returned by the grand jury

At the same time a sweeping present-ment was handed down with general POLITICAL CAUSES AIDED charges that many of the 125 witnesses whom the grand jury has before it in the graft investigation thus far have wilfully withheld knowledge of the graft secrets, and that a certain few have practically been guilty of perjury. Directors and officials of some of the six big banks that profited by the corrupt deposi-

tory ordinance are severely scored.

The indictment of Leslie follows his recent acquittal on a charge of perjury in claiming an alibi in connection with a previous indictment for alleged bribery. He is now charged with receiving \$25,000 from the Columbia National Bank of Pittsburg on June 3, 1998. In the former indictment the date was named as June 6, and Leslie proved that he was out of the city at that time. It is charged that of the \$25,000 he paid over \$17,500 to Wil-liam Brand to bribe Councilmen.

#### Stewart Conceals Truth.

The indictment season reached such a complex stage today that even the grand jurors themselves thought it necessary to present a comprehensive review of all their work.

It was declared emphatically that ex-Councilman Charles Stewart and Cashier James M. Young, of the Second National Bank, have concealed information from

We have been unable to ascertain "We have been unable to ascertain who paid Stewart this bribe money (meaning \$52,500 charged as furnished by the Frieud-Hoffstot pool of banks) in New York," the jurors reported. "Although Stewart met this man at least upon two or three occasions, although he knew his name and had several drinks with him, he nevertheless awears that he does not remember his name. does not remember his name."

The grand jury also recommends a new investigation of the directors of the Second National Bank, and in specific terms charges that Cashier Young is shielding P. N. Hoffstot and that there is reason to nected with the

this.

The persistence of directors of the Farmers' Deposit National Bank in denial of any knowledge of payment of money to bribe Councilmen is criticized.

# Bank Contracts Held Invalid.

The validity of the contracts under which six banks now hold the city's money is attacked.

Important in that it shows how the banks were induced to put up so large an amount of money for the boodle fund is the recommendation that 6 per cent be collected on the city deposits from these banks from and after this date.

The city depositories are now paying 2 The city depositories are now paying 2 per cent on city deposits and it is alleged that the agreement was that the Councilmen were to get the difference for reducing the percentage.

The presentment says:

"When an ordinance has been passed by the Councils of the City of Pittsburg, by means of bribary which was participated in by more than 90 per cent of the then members of Councils, when officers of the six banks, or persons for their benefit, paid this bribe, we do not believe such a contract should be held valid.

"When it is a fact that order banks." The presentment says: When it is a fact that other banks of the city of Pittsburg offered a higher rate of interest, can it be true that these particular six banks should reap large returns from the City of Pittsburg, which now result to them and may result to them because of this wholesale bribery and corruption?

### Millionaires Are Malefactors.

"We here desire emphatically to de-nounce as public malefactors not only the men who solicited the bribes, who held up the banks and the influential men of the City of Pittsburg, but also to denounce for their part in our city's shame the bank president or the mildionaire who attempts and who causes

dionaire who attempts and who causes the downfall of the poor Councilman, who is paid no salary for the duties he is called upon to perform for the benefit of the public."

The conclusion of the presentment discloses that the bank or finance ordinance and the ordinance for vacating South Seventh street were not the only pieces of corrupt Councilmante legislation. The jurges openly state legislation. The jurors openly state that \$11,500 in bribe money was paid for the vacating of Home street, but no indictments could be returned because the statute of limitations ap-

In the section of the presentment that deals with this, it is declared that San Heppenstall and C. W. Heppen-stall, two prominent men of this city, each paid a bribe to Charles the former paying \$10,000, and the lat-

# Talk No. 2

Ten Years in Portland, Two Years in the Leading Eye Clinics of Europe.

Q. What is astigmatism?

A. When an eye is said to be astigmatic, the meaning is that the eye has a double focus. This annoys the brain and the eye will strain unconsciously to bring about a clear focus; this strain usually causes headaches. Astigmatism is usually congenital or so at birth-it is remedied by wearing glasses ground from the segment of a cylinder. These glasses, if rightly made, bring images to a focus on the retina and thus relieve all strain. Children as well as adults suffer from astigmatism. I am prepared to correct all common or complicated errors of sight. My examinations are thorough and scientific.
