SACRAMENTO, Cal., April 12.—(Special.)—Portland took the opening game from Sacramento today by a score of 2 to 2. Hits coming together at opportune times allowed the Beavers to take the advantage of "Spens" Baum, although in the seventh inning Portland was assisted by two errors. Garrett pitched good ball, keeping his hits scattered.

Portland took the lead in the third when Ort made a two-bagger to left. He was nearly caught at third by Darringer in holding Garrett's grounder but made a good slide under the little third baseman. Netzel delivered the single to center which put the run over the fielding on the part of Darringer cut Netzel off at third, preventing further run making.

Sacramento Ties Score.

Sacramento tied the score in its half of the third. Baum drew a pass to first. Shinn was hit by a pitched ball but was forced at second by Pearson's grounder. Perry's pretty hit over short brought the pitcher home.

The Beavers forced ahead again in the seventh inning when Spens hit the throw on a hot grounder to Shinn. In the collision at first Van Buren lost the ball and Spens beat it to second. Pearson made a good throw to first to center but dropped it on a hard try, losing a chance to double Spens at second. Garrett as good as won his own game by lacing out a fast grounder past the keystone cushion, pouring Spens. With two gone in the eighth, Fisher clouted one to the right field fence for two bases and completed the circuit on Spens two-bagger to left. This hit tore down the line over the center of the third cushion.

Shinn Slides Home.

Although Garrett fanned two men in the eighth, Sacramento made a run when Shinn doubled to left and came all the way home by a daring run and slide to the plate on Pearson's out at first. Spens made two sensational catches in left field.

ENGAGEMENT LIFE-SAVER

Manager Tells Jeffries He's "Forgotten  
How to Fight"—Jeff Shows  
Him. When Berger Cries  
"Enough" in Third Round.

BEN LOMOND, Cal., April 12.—For the first time since beginning training, James J. Jeffries donned the gloves today in a fast three-round bout with Sam Berger. The bout was scheduled for a longer duration, but after planting his overworked face in the way of several smashing left hooks, Berger decided that his charge was in danger of over-training and called the match off.

"I never felt better in my life," said Jeffries as he playfully doubled Sam up with a wallop in the briefest, at the end of the second round.

Berger Saved by Engagement.

"You seem to be coming on fine," replied Sam, smiling deviously as he came back for more. The last round lasted but a minute and a half, as Berger recalled an important engagement. Jeffries completed the morning's exercise by a ten-mile run along the muddy roads to Boulder Creek.

During all the boxing, although the going was fast, Jeffries scarcely drew a long breath. He no longer appears mauling and his blows were delivered with the old smashing drive that made him champion. His footwork leaves much to be desired, although Jeffries never was especially fast in side stepping and dodging.

Immediately after the bout, the fighter devoted 10 minutes to shadow boxing, punched the bag for six rounds and tussled with Farmer Burns and Bob Armstrong. In drubbing the punching bag, he showed that he is working up remarkable speed, an accuracy in hitting and altogether the best of the day's work gave much encouragement to his camp followers.

More Glove Work Each Day.

Now that Jeffries really has begun boxing it is expected that there will be an abundance of glove work every day. Armstrong will no doubt be called upon to face the big fellow for a few rounds tomorrow unless the colored heavyweight goes to Los Angeles to assist Sam Langford in Thursday's battle with Jim Barry.

Berger wired transportation to Joe Choyinski this afternoon. Choyinski will leave Chicago April 16.

Mrs. Jeffries, who was taken slightly ill yesterday, felt much better today and probably will not find it necessary to leave the camp.

Jeffries disappointed newspaper men and friends who had come to the camp by pulling off his boxing exhibition so quietly that it was over before anyone knew it had been planned. The day's schedule included only some road work and handball, and the boxing was decided upon unexpectedly when Berger "kidded" Jeffries about having forgotten how to fight.

JOHNSON'S TRAINING IS JOKE  
Sparring Partner Is "Sid" Hart, a  
Trifle Over 4 Feet in Height.

CHICAGO, April 12.—(Special.)—If Jack Johnson has any real intention of training seriously before he goes to the Coast he has not shown any evidence of it. The latest joke is the appointment of chief trainer, in the person of Sid Hart. "Sid" is a pompous little fellow some

four feet odd inches in height, who used to be a light impresario some time ago, with indifferent success. Marty Cullen is the biggest man in the thirty-third-street camp and little Sid Hart can push him over. George Coffon is nearest to the old Cincinnati fighter, but a colored gemman, now wears the title of trainer.

Up to date Jack has not secured a man capable of giving him a warm-up. He uses Sid Hart in his shadow boxing. The little man dodging around and furnishing the shadow.

BAKER CITY ATHLETES BUSY

Clean Sweep Is Expected in Eastern  
Oregon Meets.

BAKER CITY, Or., April 12.—(Special.)—A squad of about 40 men is turning out each evening for work in the track and field events and the showing that is being made, Baker stands an excellent chance of making a clean sweep in Eastern Oregon, while they will also be strong contenders at the Whitman meet at Walla Walla. Baker's strongest events are the weights and Jones and Beers are expected to hold their own with all rivals. Jones is putting the shot 42 feet and is showing up well in the discus. Beers is also doing 42 feet in the shot put, while he throws the hammer 140 feet or better and is good for more than 100 feet with the discus. Beers is showing remarkable form in the hammer and it is predicted that he will break the interscholastic record.

In the sprints, Baker will have four men, Danham, Shinn, Wisdom and Stenough, and they probably will compose the relay team. The hurdles will be looked after by Finch, Willey, Shockley and Castle.

In the distance events Hall, Rose and Langrell will probably be the three strong men in the half mile, while Rose, Smith and Dillabough will look after the mile.

Baker will participate in four meets this year, the first contest being with Victor Inoué, April School here, at full strength of the school will be sent to the Eastern Oregon meet at La Grande, May 20; the best men will go to the Whitman meet on May 5 and the while a picked team will be sent to the state meet at Corvallis.

LABELL TO BOX IN PORTLAND

Speedy Lightweight Signed for  
Meeting With Roscoe Taylor.

Abe Labell, one of the speediest 133-pound boxers of San Francisco, has been signed by the Oregon Athletic Club to meet Roscoe Taylor here on the night of April 29, which arrangement means that the next smoker will see one of the best ring exhibitions held here this season.

Taylor is now at his home in Tacoma, but will come to Portland in a day or so and begin working out right away. He made a favorable impression on his recent appearance here against Jack Lessard and patrons of the sport are anxious to see him matched with a better man. Labell has appeared in several main events before San Francisco and Oakland clubs and is rated as one of the best lightweights in that section.

GLENCOE BEATS MONTAVILLA

Ball Game Between Grammar School  
Teams Results in One-Sided Score.

The Glencoe School baseball team Monday defeated the Montavilla team in a one-sided game by the score of 23 to 2. Glencoe outplayed the losing team in all departments and won handsily. Williams, the pitcher for the Glencoe team, twirled a fine game, and his work in the box was easily the feature of the contest. The teams lined up as follows:

Glencoe	Position	Montavilla
Williams	Pitcher	Parker
Christensen	1b	Hill
Albright	2b	Berrier
Groom	3b	Shinn
Sirahan	4b	Amelia
Conroy	5b	Gestel
Geisler	6b	Neuman

Captain Grogan Complains of  
Umpire's Decisions.

GAME GIVEN OREGON 9 TO 0

Score Is 3 to 3 in Seventh Inning,

Ruling and Leaves Diamond.  
Oregon Team Starts North.

UNIVERSITY OF OREGON, Eugene, Or., April 12.—(Special.)—With the score 3 to 3 in the seventh inning of today's game between Oregon and Idaho, Coach Grogan, of Idaho, took his men off the field when Umpire Bingham called Gabrielson safe on the latter's slide to the plate. The umpire then forfeited the game to Oregon by the score of 9 to 0.

What would otherwise have been a pretty game was marred by frequent wrangling at the umpire's decisions. In the second inning of Oregon, was called safe at first when Curtis dropped the ball. Grogan declared the Oregon runner outside the three-foot lines and should be out. Again in the fourth, with Clarke, of Oregon, on first on a hit and run play, Van Marter fouled at the catcher's feet. The batter failed to stay out of his box and before Clarke had returned to first the Idaho twirler delivered the ball, the catcher whipping it to the base, where Clarke was touched sliding. Umpire Bingham ruled he had not had time to get back to the bag and was safe. Grogan declared he would protest the game on these decisions.

Neither counted in Oregon's run-getting, however, Idaho started with a rush in the first when Slack worked

Rinehart for a walk and Curtis' slam to right caromed off a tree for two bases. Cron followed with a home run smash over the fence. Word took Rinehart's place in the box and held Idaho safe thereafter, allowing only one hit and no runs.

Oregon scored twice in the sixth on an error and Clarke's line drive. In the seventh McIntosh's run tied the score and Gabrielson slid under Catcher Williamson a moment later with the fourth run. Idaho then walked off the field.

Oregon's team left tonight on a 10-day trip through Washington and Idaho, in which eight games will be played.

The score up to the seventh:

Sherwood Ball Team Organized.

SHERWOOD, Or., April 12.—(Special.)—The Sherwood White Sox finished filling out their ball team today and will soon be ready to meet all comers on their grounds here. The line-up will be: F. Parrott, catcher; O. Todd, pitcher; C. Parrott, first base; J. Parrott, second base; T. Baker, third base; Oswald, shortstop; E. Todd, left field; J. Smith, center field; F. Saylor, right field; J. L. Koch, pitcher. The first practice game will be played Sunday, after which they expect to have good games with outside teams every Sunday.

Weston Takes Game From Pendleton

WESTON, Or., April 12.—(Special.)—Weston won a fast ball game against Pendleton Sunday, score 3 to 2. Victory was due to the effective work of Weston's battery, Wheeler and Keefe, and to a timely two-bagger by A. Nordeen in the fifth, netting two runs. Wheeler fanned twelve men, held the visitors to five hits and was entitled to a shut-out. As Pendleton's run were unearned. If you are going to pay more  
than \$3000 for an automobile  
select a six-cylinder.

With that investment you are entitled to the best. There is a smoothness and charm of operation in the six unknown in any four.

Contrary to popular impression the six-cylinder automobile will not climb hills better than a four of equivalent power and weight, nor will it run more slowly on throttle.

Climbing ability is determined jointly by weight and power. Decrease the weight or increase the power and you increase climbing ability. This is true of either a four or a six so that with equivalent power and weight the climbing ability of a four is as good as that of a six.

The advantage of the six is that it can be lighter per horse power and thus have more hill-climbing ability, not because it is a six but because there is more power and less weight.

In the Franklin six the gain in power is greater by thirty per cent than the addition in weight; therefore its hill-climbing and road ability are greatly increased. Right here is where the manufacturers of other sixes fail. Their automobiles, heavy to start with, are no lighter than fours of the same power.

The properly designed six-cylinder automobile is lighter per horse power than a four; the fly wheel is lighter; the engine torque is more even, all of which gives a smoothness of power application which is easy on the whole automobile from the tires to the engine.

If you want thirty horse power or more  
get a six-cylinder.

If small horse power is sufficient for your use the advantage, both first cost and results being considered, is with the four, but a high-powered four is helplessly outclassed by a properly designed six like the Franklin. In four-cylinder construction as power is increased the weight of the fly wheel has to increase more than the power, and weight in the whole vehicle must be increased. A heavy fly wheel is hard on the mechanism and on the tires and is in itself an element of danger.

The upkeep cost of the Franklin six is much less than the upkeep of the high-powered four.

Compare the Franklin six with the best high-powered four you know. Take it over the road with the four and with other sixes; make the tests severe; then you will have the facts proving the advantage of the Franklin six.

Call at our show room and study the Franklin. It presents a valuable lesson in automobile construction.
