MORE TIME ASKED

Railway Would Extend Injunction on Fourth Street.

BRIDGE NOT COMPLETED

Trains Will Be Removed When Structure Is Finished, Says Attorney—Judge Bean Takes Time to Look Up Laws.

Whether the Southern Pacific shall be allowed temporarily to continue operating steam trains on Fourth street is to be determined in a few days, probably by next Monday, by Judge Bean, of the United States District Court, who was asked yesterday by the company to continue the injunction preventing the city from interfering with the operation of the trains there until the United States Supreme Court can decide finally the company's rights.

Judge Reaches Into Law.

Judge Bean was uncertain that the law would permit him to grant any extension of the time, unless for the entire period required by the court in making its decision. He took the case under advisement until he could determine his authority in that regard.

Fenton Defines Position.

"We are going to appeal the case to the Supreme Court," said Mr. Fenton yesterday, "and we don't want to be forced to remove the steam trains from Fourth street until the Supreme Court has decided the case. We shall not be in a position to put electric cars on the street until after the Oswego bridge is completed, and therefore we are not prepared to deal with the city on the subject of putting electric cars on the street at present."

\$9000 PENALTY IS FEARED

Steel for Courthouse May Not Be in Place Before June. The steel framework for the new Courthouse east wing is now four stories high, and the work of putting in the cement and tiling on the first floor has commenced. Workmen were at work yesterday riveting the steel so far erected. It does not seem probable, how-

ever, that all the steel will be in place before the end of May.

That case O. E. Helzlsouer, of the Pacific Iron Works, who has the contract for putting up the steel, will pay a penalty of \$9000 unless the County Court decides to grant an extension of time. County Commissioner Lightner and County Judge Cleaton have expressed themselves as being in favor of denying the time extension. The steel was to have been in place November 23, and since that time Mr. Helzlsouer has been feigning illness.

LABORERS WITHOUT MEANS

Statement From Seaside Concerning Men En Route to Work.

SEASIDE, Or., April 14.—(To the Editor.)—Under date of April 13, The Oregonian's Seaside correspondent states that "the Council will make a protest to HALLEY'S COMET RISES AT 5:31 A. M. TODAY. Halley's comet rises at 5:31 A. M. today, 5:45 30 tomorrow Sun rises 5:17 A. M. Now rising from the earth about 100,000,000 miles, and will soon be only one-eighth that. The sun's distance from the earth is 93,000,000 miles. Comet's speed today about 109,920 miles an hour."

Portland employment agents who are said to be sending men unprovided with funds for their support on their way to the construction camps in this locality. These men, arriving late in the day, are compelled to roam the streets while waiting for the stages to take them to their work the morning following their arrival. Upon occasions the jail has been thrown open to them for shelter, but the demands upon its capacity are overtaxed.

The facts in the case: At the last meeting of the Council one of the members, who is interested in the teaming business, gave vent to a little spleen because of his failure to secure the hauling of the men, who are sent from Portland to the construction camps at Nehalem by way of Seaside. Not once since the beginning of work on the Lytle road has a single laborer roamed the streets of Seaside at night. The jail has never been overcrowded, and in all not more than 5 per cent of the 200 who passed through Seaside were given lodgings at the jail. All of the men have come from one agency, and none are shipped except those who claim to have means sufficient to defray the cost of their bed and breakfast. Occasionally some come without funds, but they are invariably provided with breakfast. For a time a small percentage of the men shipped after reaching Seaside, leaving the employment agent but the amount of the fare from Portland plus cost of rooms and meals, but for several months past the agents have shipped none except those who claimed to have funds.

The shipment of the men via Seaside, and their return to Portland by the same route, has brought over \$8000 to this place, and here is not a single judge here that it is a crime to be poor, nor that of the individuals who suggest legal steps to compel the employment agents to divide their funds with applicants for work.

J. F. NEWTON.

A Hint in Time.

Order the Mount Hood Brewing Company's famous Buck Beer now; to be delivered free at your home after April 15. Phone East 128 or B 1219.

To remove skin eruptions, apply a little Santiseptic Lotion and they will quickly disappear.

SANE 4TH BILL UP

Deputy Fire Marshal Submits Law Big Cities Follow.

ONLY DISPLAY ALLOWED

Complete Ban on Fireworks Wanted, Fire Committee Presents Proposed Ordinance Which Is Approved by the Mayor.

An ordinance, the terms of which prohibit the sale or use of explosives other than for special display work, was unanimously recommended to the City Council for passage by the fire committee of the executive board yesterday afternoon. The proposed measure was referred by the committee to Mayor Simon. The Mayor says he will use his influence to have it considered favorably by the Council at its next session.

Deputy Fire Marshal Roberts drafted the proposed ordinance, patterning it after the law in vogue in New York and San Francisco, as well as other large cities throughout the country. It transfers the authority to issue permits from the Council to the Chief of the Fire Department, who acts under orders from the Mayor and executive board.

Mayor Urges Ban.

Mayor Simon has made a strong recommendation that Portland eliminate fireworks and explosives from the celebration of the Fourth of July. He takes the stand that the damage to life, limb and property every year should be stopped. He aims to urge the Council to make it possible for the executive branch of the city to forbid the sale of explosives.

Deputy Fire Marshal Roberts presented the proposed ordinance to the fire committee yesterday afternoon.

Fire Chief Campbell suggested that it be endorsed by the committee and sent to Mayor Simon to place with the Council. This was done.

"It's a good move," said Chairman O'Shea.

"Yes, but I feel sorry for the 'kids,'" sighed Mr. Pier. "I know we must protect them, though, and favor it."

Bill Likely to Pass.

"Yes, it is much better to preserve their lives and to protect property than to try to gratify their desires in this respect at the terrible cost," said Mr. Council.

NO FIREWORKS TO BE ALLOWED

LA GRANDE FORBIDS EXPLOSIVES IN CITY LIMITS.

LA GRANDE, Or., April 14.—(Special.)—To forbid the use of fireworks in the city of La Grande in accordance with the ordinance already existing and to agree to send a committee of four men to Northwest cities at once to study prevailing questions were the chief actions by the Council last night.

A committee consisting of A. V. Andrews and W. J. Church for the Council and W. H. Bohnekamp and J. E. Foley for the property-owners will visit Portland and other towns to study prevailing before the issue bid now in the hands of the Council is acted upon.

FISHERMEN TO DEFY LAW

Attorney Tells Them They Have a Perfect Right to Fish.

OREGON CITY, Or., April 14.—(Special.)

—In spite of the fact that the Supreme Court decision sustained the action of Judge Morrow, of the Multnomah County Circuit Court, in declining to grant an injunction to the local fishermen restraining the State Board of Fish Commissioners from closing the Clackamas and Willamette rivers, the fishermen of this section plan to go out on the river at noon tomorrow, when the closed season fixed by statute ends.

They have been told by their local attorney, George C. Brownell, that they have perfect right to fish, and they will do so and take chances on the consequences.

SALEM-ALBANY LINE NEXT

Oregon Electric Officials Ask Franchise for Early Construction.

ALBANY, Or., April 14.—(Special.)—That the Oregon Electric extend its line from Salem to Albany at once was the statement made by officials of the company before the City Council of Albany last evening. The Oregon Electric applied for a franchise through this city last night and stated that work will begin as soon as the franchise is granted. The application for the franchise was referred and will come up at a special session of the Council next Wednesday evening.

MEN WALK, ASK LIENS

Yacolt Loggers Would Sue North Bank Lumber Company.

VANCOUVER, Wash., April 14.—(Special.)—A large number of lumbermen and loggers walked into the city of Yacolt, 28 miles, to place liens on the property of the North Bank Lumber Company's property there. The company has headquarters in the Chamber of Commerce building, Portland.

COOS BAY MAIL CONTRACT COSTLY.

EUGENE, Or., April 14.—C. P. Barnard, of this city, has just been advised by the department that he has been awarded the contract to carry the mail between Roseburg and Marshfield, on Coos Bay. Mr. Barnard had already secured the mail-carrying contract for the route between Roseburg and Myrtle Point. It is said that this is one of the most expensive mail contracts in the United States, the compensation being \$150,000. Between 40 and 50 head of horses and a number of stages and drivers are required.

EGGEMA AND OTHER SKIN DISORDERS CAN BE QUICKLY AND COMPLETELY CURED WITH A FEW APPLICATIONS OF SANTISEPTIC LOTION.

Starvation is a strange remedy for any disease. Yet starvation by rigorous diet was once generally resorted to in cases of indigestion and dyspepsia. Even yet, it is sometimes tried. Such a remedy is worse than useless. Every day of life consumes a portion of the tissues of the human body. The food we eat serves to repair the waste, and you can't build up the system by withholding the material necessary for these purposes. When you have dyspepsia or indigestion, or any form of stomach trouble, take a little Kodol to help the stomach do its work.

We say, take Kodol, because it is the only preparation that will digest the food you eat. Every tablespoonful of Kodol digests 2 1/2 pounds of food. It supplies the same digestive juices that are found in a healthy, vigorous stomach. There are other preparations that are partial digesters, but what your stomach needs is complete rest. Kodol is the only preparation that will give it. A man is so constituted that he needs a variety of foods; to reduce the variety always produces bad results. In 99 cases out of 100, indigestion is due to lack of some of the elements which constitute the natural digestive juices. Kodol supplies just what is needed. Our Guarantee: Get a dollar bottle of Kodol; if you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2 1/2 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.

LAW'S TRIP IS IN VAIN

DEPUTY CONSTABLE FINDS DENVER CAPTIVE FLOWN.

PORTLANDER, SENT FOR ALLEGED EMBEZZLER, IS TOLD PRISONER WANTED HERE WAS RELEASED.

When Deputy Constable Rennie arrived in Denver Wednesday night to bring back to Portland Edward Patterson, an alleged embezzler, who was arrested April 5 by the police there on advice from Constable Wagner, he found the captive had been released even before Rennie left here, April 7, and had fled from Denver. The information was contained in a telegram received from Rennie by Constable Wagner yesterday.

Fatterson is wanted on a charge of having swindled T. W. Murphy, proprietor of the Central Stables, out of \$250 realized on the sale of horses belonging to him at Seattle a month ago. Patterson escaped the police and went to Denver. His whereabouts were learned by Constable Wagner from Patterson's little daughter.

According to Rennie's dispatch Patterson is thought to have gone to Kansas City and the police there have been asked to watch for him. Constable Wagner expresses indignation over the action of the Denver police in releasing Patterson on his own recognizance.

ARBITRATOR NAMED BY COURT.

The County Court decided yesterday

DIETING DOES NOT CURE INDIGESTION

SELF-DENIAL BY PRESCRIBED RULES OF HEALTH USED TO BE CONSIDERED A CURE.

Starvation is a strange remedy for any disease. Yet starvation by rigorous diet was once generally resorted to in cases of indigestion and dyspepsia. Even yet, it is sometimes tried. Such a remedy is worse than useless. Every day of life consumes a portion of the tissues of the human body. The food we eat serves to repair the waste, and you can't build up the system by withholding the material necessary for these purposes. When you have dyspepsia or indigestion, or any form of stomach trouble, take a little Kodol to help the stomach do its work.

We say, take Kodol, because it is the only preparation that will digest the food you eat. Every tablespoonful of Kodol digests 2 1/2 pounds of food. It supplies the same digestive juices that are found in a healthy, vigorous stomach. There are other preparations that are partial digesters, but what your stomach needs is complete rest. Kodol is the only preparation that will give it. A man is so constituted that he needs a variety of foods; to reduce the variety always produces bad results. In 99 cases out of 100, indigestion is due to lack of some of the elements which constitute the natural digestive juices. Kodol supplies just what is needed. Our Guarantee: Get a dollar bottle of Kodol; if you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2 1/2 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.

COOS LAND CONTESTS SOON

Fall Creek Country Homestead Claims Under Legal Action.

MARSHFIELD, Or., April 14.—(Special.)

The first of a series of land contests in which Coos County men are interested will be heard April 26, and other cases of the same nature will follow. About 50 men from this city and other parts of the county have homestead claims in the Fall Creek country in the northern part of the county and they are all contested. Some of the homesteaders are located on land on which the Northern Pacific scrip has been placed and it will be a question whether the scrip or the homestead claims are to stand. Others of the homesteaders are located on land which is claimed by the Southern Pacific on the old railroad land grant but which the homesteaders claim is outside the limit of the grant and that the Southern Pacific has never placed indemnity scrip upon it.

The contests will be hard fought. There are many witnesses and a number of attorneys are interested. Some of the homesteaders squatted on the land four or five years ago and the contests have been pending for some time. The hearing to begin this month, it is expected, will finally settle the rights to the land. The property involved is all valuable, and on some of it is found rich timber.

There are 48 distinct diseases of the eye. No other organ of the human body has so many.
