After watching the movements of the men for several minutes, he ap-proached the parts and asked what their business was at that hour. The reply was unsatisfactory and, after taking the names of the others, he arrested Mr. Patton, who was the leader, and escorted him to the jall.

Trouble Is Feared by Vancouver Contractors When Employes Are Ordered Out by Walking Delegate From Portland Union.

VANCOUVER, Wash., April 15.-Special)-Demanding that Rector & Daly, contractors, pay \$2.75 a day, hire extra men to curry and feed the horses, and extra men to do all of the shoveling, permitting them to just ride and drive their teams, a dozen union teamsters yesterday quit their jobs, at the suggestion of a business agent of the Teamsters' Union at Portland.

The demands were refused in part, and A. B. Rector, of the firm, hearing that the teamsters made threats that no teams would be permitted to be taken from the stables this morning, invoked the aid of the sheriff, who sent two deputies, George Johnson and Jack Walters, to preserve order. No demonstration was made at the barns this morning when non-union team-sters took out their horses. Over half of the usual force was working today. The walking delegate yesterday aft-ernoon made himself obnoxious, and Contractor Rector pushed him into the street without ceremony. Bill Dibble, one of the striking teamsters, created

a disturbance at the office later in the afternoon and was arrested. Rector says that he is paying, his men from \$2.50 to \$2.75 a day, and for all overtime, and that he is going to attempt to conduct his business as he desires, without outside interfer-

It is said that several of the team-sters who quit have signified their intention of withdrawing from the union to go to work. There is no local team-sters' union in Vancouver, the men here belonging to the Portland organ-ization. Bector says that A. G.
