for offices. The Democratic leaders apparently allow their visions to extend no farther then the gubernatorial chair. Four candidates said to contain gubernatorial timber are available to lead the party this year and not one of the quartet would fear the lightning should he be struck. Although the latter want party harmony they shy when the name of John Nugent for Governor is mentioned.

Prices are being raised because these lots are worth more money. The prices we are asking are lower than they should be. They are lower than in any other sec-tion of Irvington.

The lots we have for sale are all located in the blocked-off section in the map of Irvington at the top of this announcement.

This is the finest improved residence section in Portland. All of the improvements are completed. When you buy lots in this section you know exactly what you are getting. The improvements are thore to be seen and to be used. They are in use now. Everyone of them.

There is a difference in buying property that is already improved and property where the improvements are only promised. Things can happen that might prevent promises being carried out. It takes completed improvements to cause values to increase.

We have nothing to promise. You have nothing to guess about. When you buy a lot in the blocked-off section, here is what you get. These are the things that are there.

First of all your lot is in Irving-ton—the admitted select resi-dence section of the East Side. Your lot is in the highest eleva-tion in Irvington. It is beauti-ful view property. The ground is rolling and sightly. You are close in. Only a twelve—minute car ride from Fifth and Washington.

Each one, if asked, I believe, will tell you it's the best and most satisfactory investment they ever made. Its teeth comfort, teeth satisfaction, and teeth finsurance for life. Do you suppose people would pass up a home dentist, maybe friend or relative, travel 100 to 1000 miles—pay railroad fare, hotel bills and double price for the work, if they were not convinced it was worth it? Most of them will tell you that they would not take double the cost, possibly ten times the cost, and be without the kind and class of work we do. See their teeth and ask them.
