BY W. J. PETRAIN Angry because they thought Um-

pire George Hildebrand, through un-just decisions, had robbed Portland of the game with San Francisco yesterday afternoon, several thousand fans, who had watched the contest at the Vaughn-street park from the outfield, rushed the official after the ninth inning and only the protection of several policemen prevented the crowd from mobbing him.

Throughout the game, which was won by San Francisco, 3 to 1, the crowd complained bitterly of Hildebrand's decisions, and the situation became intense in the eighth inning, when he called a balk on Pitcher Gene Krapp when he caught "Rid" Mohier, of the Beals, off the first bag. Mohler had been walked to first on four balls. which looked like strikes to the 8000 enthusiasts rooting for the home team.

## Fans Raise Howl.

When Hildebrand said "balk" and pronounced Mohler safe at second, the fans let up an awful howl and the Portland players kicked like steers. McCredle and "Buddy" Ryan became so lempestuous that Hildebrand, in alarm, called two policemen to his side and ordered the two offenders off the grounds.

This action, and Mohier's success in reaching home a short time afterward, lucreased the anger of the fans, who could not forget that Hildebrand is an ex-San Francisco player. "Robber!" "Highwayman!" "Thief!" These were among the epithets applied to the um-

pire from every side.

The crowd became so wrought up that Chief Cox. who was on the grounds, sent in a call for more po-

Portland got the bases full in the ninth, but when the locals falled to score and the game was lost, the crowd could not stem its disappointment and its 131-feeling toward the umpire.

The grounds were jammed, only the diamond and curtailed outfields being open to the players and the mass of people on the grass surged toward Hildebrand. Sergeants of Police John Goltz and Harry Riley, arming themselves with bats borrowed from the visiting team, rushed to Hildebrand's assistance and escorted him to a place

of safety under the stands.

The extra police, together with the usual quots on the grounds, hurried the people to the gates and the saner tans breathed sighs of relief that a disgraceful riot on the local diamond had been averted.

disgraceful riot on the local diamond had been averted.

Portland's baseball hopefuls lost the lead and the series by dropping yesterday's game to the Seals. Gene Krapp again fell a victim to that timeworn hard-luck gag.

Ralph Willis was on the hilltop for the visitors, and he was the lucklest individual in the league, getting librough the contest with but one run registered against him. Portland found him for more than twice as many bits as the Seals collected off Krapp, and yet the San Francisco club corralled as many runs as they got hits and not one of them was a homer, so the luck they played in can be readily surmised.

Speaking of luck, however, that ione are tallied by the home guard was also very much on that order, and after that, the best the McCredie squadron that, the best the McCredie squadron could do was to threaten. This lone run came in the initial inning. Speas was out by the whiff route, and Olson bounced off Shaw's shins and was safe at first. He stole second and took third on Hetling's out. Then Willis contributed a grand, wild heave and Olson registered Portland's only score. In the second inning, Krapp soused Vitt on the floating rib and the Scal ambled to first. Bodie slammed one out of Speas' reach into the left field crowd, and under the ground rules, Vitt reached third and Bodie second. "Cotton-top" Williams then proved the pinch hitter, with a single to center. on which Vitt and Bodie counted. Some clever fielding by Krapp extricated him

Matters Smooth Until Eighth.

Matters ran along smoothly until the eighth, when Hildebrand, who had been getting a good panning, because the fans questioned his judgment, came near precipitating a riot, and Manager McCredie and "Buddy" Ryan were banished from the lot. Shaw, the first Saal up in the inning, fouled to Hetling. Then "Rid" Mohler was walked on questionable balls. Immediately after this Krapp, by a quick toss to first, caught Mohler off the hag, but Hildebrand saw fit to declare a balk, and this decision brought down the wrath of the crowd as well as of the players. Mohler's life at second was followed by a walk by Melchior, and Tennant's single scored Mohler. Vitt fanned, but he had to swing at all three, while Bodle ended the inning by forcing Tennant at second.

all three, while Bodle ended the inning by forcing Tennant at second.

After the game the crowd went home anything but satisfied, for it was the general belief that Portland had received the worst of it. Still, the fact remains, that the boys fell down hard in the pinches, and that had a great deal to do with the defeat. Vernon

## S30,000 OF FIGHT I AM MASTER OF MEN'S AILMENTS

Consult Me Today

The study of medicine is as broad as life and as complex as nature. It is therefore impossible for any individual to master the treatment of all human ills. The man who attempts to do so is able to cure only the most simple aliments. The ordinary physician is like the man who attempts to master every branch of mechanics, from watchmaking to shipbullding. Such a man becomes neither a good watchmaker nor a successful shipbullder. The general medical practitioner knows as much about one allment as he knows about another—and he has no intimate knowledge of any. The cures he performs—when he is fortunate enough to cure—are usually purely accidental. The patient gets well, not because of the physician's efforts, but in spite of them. When the ordinary physician treats men's aliments, HE BARELY EFFECTS A

I AM A SPECIALIST IN MEN'S AILMENTS.

My practice is confined wholly to the all-ments of mea, and the fact that I invariably the Leading Specialist.

The Leading Specialist. practice has grown to be by far the largest in the Western part of America.

So confident am I that I can effect a thorough and LASTING CURE in each case that I accept for treatment, that I will give a written and binding GUARANTEE TO CURE YOU, and YOU NEED NOT PAY ME A DOLLAR UNTIL YOU ARE WELL.

Bear in mind that I could not afford to do this if I did not KNOW that my treatment would not fail. I am the only doctor who dares to make such a proposition. Under no circumstances do I ever take cases for treatment that are doubtful. Hence, if I accept your case for treatment you may absolutely rely upon It that I will cure you.

MY METHODS ARE ORIGINAL.

ment you may absolutely rely upon it that I will cure you.

MY METHODS ARE ORIGINAL.

My methods are entirely original with me, and the result of many years of special study and experience. Instead of filling my patients up with powerful drugs and stimulants, as do other specialists, I spuly soothing, healing and absorbent medicines DIRECTLY to the DISEASED REGION, and thus aid Nature in overcoming the trouble. The best that human skill can do is to ASSIST NATURE. It is Nature that performs the cures. Powerful drugs taken through the stomach do not cure. They merely set up a new disturbance in the system, which, for a time, diverts the energies from the old aliments to the new attack. This process is invariably attended with a reaction, and in consequence, leaves the patient in a worse condition than before treatment. Another method employed by another class of physician is to dose the sufferer with tonics, which exhibitante the patient so that he actually believes himself improving under such treatment. But after a very short time, these stimulant medicines cease producing the desired effect, when the ailment gains a new and firmer hold upon the patient.

HOW I CURE.

HOW I CURE.

How I CURE.

My method of treatment overcomes inflammation and congestion by alding the tissues of the diseased region to throw off the poisonous secretions and the deadly toxins caused by aliments. Some of these toxins are more poisonous than the virus of the rattlesmake's fang. Thousands of the cases of sudden death which occur with alarming frequency in every city in the land, are directly due to toxic poison, although such cases are usually pronounced "heart failure." or heart disease. My treatment completely eliminates every trace of aliment and accumulated poisons from the system, and thus allows Nature to perfect a COMPLETE CURE.

DO NOT BE DECEIVED. My methods have revolutionized the treatment of allments peculiar to men, and consequently altered former medical theories. Imitators of my system of practice have sprung up everywhere. A pronounced success in any field of human endeavor begets imitators. Following the Genuine, there always come the counterfeit. These imitators of mine insist that they cure by means similar to those I employ. Such statements are uttered with a base intent to deceive. The facts are that NO OTHER PHYSICIAN ANYWHERE TREATS MEN'S ALLMENTS BY MY METHODS. My treatment is the ORIGINAL and ONLY GENUINE Direct-Method Treatment for the Allments of Men.
