**LABOR'S SEA CALM**

First of May Passes Without Any Men Quitting.

**LABOR LEADERS SMILING**

Carpenters Strengthening Organization and Will Ask for Wage Increase at Later Date—No Trouble Is Expected.

Yesterday, the day scheduled for the materialization of such labor troubles in Portland as might have brewed during the past three months, passed without any happenings to disturb the serenity of the city's industrial life. So successful was the day that it amounted to a rebuke to those self-appointed leaders of the unions and those who were termed "calamity howlers." Instead of strikes or walkouts, predicted some weeks ago, the men continued their work as if the subject of troubles had never been discussed.

In the building trades, which were most discussed during the agitation of the past three months, operations continued smoothly. From the same source prevailed. The very idea of trouble was hooted at by no less than half a dozen labor leaders. That there have been discussed propositions that might have resulted in serious injury to building activities, was not denied. This, however, was conditionally stated. As one labor leader put it: "We do not want any trouble and we are sure the employers do not. With that condition as an hypothesis, there is no reason why we could not reach an amicable agreement on all our differences."

Charges of unfairness on the part of the Oregon Employers' Association were frequently and vehemently made at labor headquarters yesterday, where it was declared there never has been occasion for the much-talked-of troubles. The employers are charged with circulating this rumor for ulterior purposes. "They want to place us in a bad light before the public, as being agitators," said a union man. "We are not. All we want and

**POSTAL RECEIPTS GROW**

**PORTLAND DISTRICT SHOWS INCREASE OF \$10,000 IN MONTH.**

Many Improvements to Be Made. New Galleries and Registry Room to Aid Greatly in Work.

Keeping pace with the steady increase which has been a marked feature of each of the past several months in the Portland Postoffice, the receipts for April, 1910, are much heavier than for the corresponding month of 1909.

Assistant Postmaster Williamson announces that improvements made necessary by new business will be speedily undertaken. Contracts have been let for makeshift galleries to be run around the distribution-room in the

main office. Preparations for building a registry-room in the basement were begun yesterday, when several wagon-loads of old records and registry cards were removed and sold to the paper mills at Seattle.

The statement of receipts for April is as follows:

Receipts for April, 1910.....	\$11,260.78
Receipts for April, 1909.....	\$1,287.97
Increase.....	9,972.79
Increase per cent.....	16.27

**C. N. WONACOTT GOES EAST**

Assistant Secretary in Portland Will Visit Principal Y. M. C. A. s.

C. N. Wonacott, assistant general secretary of the Portland Young Men's Christian Association, left last night for a trip through the East and Europe. He will visit associations in the largest Eastern cities and will make a study of methods employed in their work for the

purpose of securing suggestions that may be of value here.

The Portland association prides itself on being one of the most progressive Y. M. C. A. organizations in the United States, and its right to the distinction is generally recognized. An effort is made to keep in touch with any new methods that are adopted elsewhere, and for this reason frequent visits are exchanged with other associations and Y. M. C. A. literature is received. In the past, however, the Portland association has been one of the most active in suggesting improvements and innovations in its various departments, many of these suggestions being widely adopted.

At Atlantic City, Mr. Wonacott will attend the assembly of Presbyterian Churches as a delegate from the First Presbyterian Church of Portland. Dr. W. H. Foulkes and Dr. Henry Marcotte will also represent this city. The three will then travel to Europe together and will witness the Passion Play at Oberammergau.

All the machinery in the Indian government mint at Calcutta is electrically driven.

**Remedies are Needed**

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

**The genuine has its outside wrapper the Signature**

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine or wrong composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.
