KELLOGG TO TALK WITH ROOSEVELT

Colonel Will Hear Taft Upheld by Progressives.

UNEXPECTED

Report That ex-President Has Written to Present Executive, Indorsing Policies Is Denied at National Capital.

WASHINGTON, May 3 .- (Special)-In less than ten days Theodore Roose weit will know all about American po-litical and administrative conditions from the lips of a progressive of progressives, and yet one who is standing stanchly in his place of faith in the endeavors of William H. Taft. Frank B. Kellogg, "trust buster,"

will meet the Coionel and will tell him all that he knows about conditions in this country, and will give him his opinions upon the trend of affairs with the freedom of speech for which he is known and with fearlessness in defense

No Surprise for Roosevelt.

Mr. Roosevelt will not show any sur-prise when he sees Mr. Kellogg stand-ing on the threshold of his European Hotel. He knows that the "giant-killer" is to come, and it is without any great fear denial will be interposed that one says Mr. Kellogg is not to pay his visit unbidden. is visit unbidden.

his visit unbidden.
Senator Root, another of the Colonel's prospective visitors, is not "a progressive of progressives," and when it
was reported that he was to pay a visit
to his former chief on behalf of the
Administration, those of the insurgents
in Congress with have been antacoult Administration, those of the insurgents in Congress who have been antagonizing the Administration said that the ex-President would get nothing from the Senator that he might not get from any ultra-conservative in the land; and that the Root word would have the tolor of long-existing prejudices.

Kellogg Is Different.

No criticism of this kind can be directed at the mission and the message of Mr. Kellogg. Mr. Rooseveit always has had confidence in the man who has made trusts his prey, and he may hold that if the Government attorney has not seen fit to forswear his allegiance to William H. Taft, sincerity of purpose still must rule the day at the White House.

A Washington morning paper today says, under great headlines:

"Theodore Roosevelt has written several letters to President Taft clearly indicating that he thoroughly indorses the present Administration."

This is a specific statement, but it can be met with one equally specific and absolutely authoritative. President Taft has not received a line of writing from Colonel Rooseveit since the ex-President left New York City, last March.

It may be perfectly true, as the

It may be perfectly true, as the Washington paper says, that the exPresident indorses the present Administration, but that he has said so to
Mr. Taft in any letter thus far received is a statement that of necessity
must be based on misinformation.

Letter From Roosevelt Reported to Have Indorsed Him.

PITTSBURG. May 2.—When Preal's dent Taft was informed today of the story published in Washington as to letters said to have been received by him, and was asked if he had received any such communications from Mr. Roosevelt, he shook his head.

WASHINGTON, May 2.—In letters which Theodore Rouseveit is alleged to have written to President Taft, Senato-Root and William Loeb, Jr., it is said by the Washington Post that the former President thoroughly indorses the Taft Administration, favors Mr. Loeb to succeed Governor Hughes, of New York, and indicates his decision to remain in private life is final and unmain in private life is final and un-alterable. The Colonel will not even be a candidate to succeed Chauncey M. Depew in the United States Senate and much less would be desire any other

It is said also the former President will not be a candidate for the Presidency in 1912. On the contrary, his letters are said to indicate that it is his conviction that the re-election of President Taff is the Republican party's duty.

NEW YORK, May 2-Numerous spe-cimens of Arkansas diamonds, brought from the recently discovered mines near Little Rock, were in the hands of Maid-en Lane jewelers today. They are being exhibited to the experts, manufacturers exhibited to the experts, manufacturers and importers in an effort to convince them that Arkansas is the coming rival of South Africa. The experts admit that of South Africa. The experts admit that the Arkansas diamonds are equal in quality to the best of South Africa or any other part of the world. The only difference of opinion is as to whether the volcanic pipe found in Arkansas contains stones in sufficient abundance to make the mines important.

Gompers Tells Farmers to Work With Labor Societies.

PROFITS COULD BE MORE

Pointed Questions Regarding New Tariff Will Be Put to Taft When He Visits St. Louis on Wednesday.

ST, LOUIS, May 2 .- Samuel Compers. resident of the American Federation f Labor, made a strong plea for a union of farmers and organized labor for better industrial conditions in an address before the joint convention of

Farmers' Unions tonight.

He denied he came here to organize a new political party, but declared, "When organized industrial workers and organized farmers will stand shoulder to shoulder in fighting for equality and justice, then will come a new dispensation and new order of things.

"The unrest throughout the country is not a protest of poverty and misery." he said, "but is the protest of intelligent and progressive men and women. gent and progressive men and women. That there is poverty and misery is undeniable. We need not go far to find myriads of men and women begging and pleading for work in spite of our boasted prosperity. Idle men and busy children is a sufficient indictment of our present day conditions.

Workers Far From Satisfied.

"The high cost of living, laid at the loor of the farmer and wagearner by our opponents, is due to other causes entirely.

"Our opponents want to pray for us five minutes a week and prey upon us the rest of the week. "The farmers do not get too much for

their products nor wagearners too much for their labor, and if I read the signs of the times right the grading of the masses for the profit of the few will not continue everlastingly. Taft to Be Questioned.

"We shall have some pointed questions to ask President Taft when he speaks here Wednesday." Thus declared W. H. Wrightson, of Fresno, Cal., president of the California Fruitgrowers' Association, in an address

efore the convention. "The people in our state are coming to this conclusion," said Mr. Wrightson, "that the tariff is no good to either the producer or the consumer. We producers don't get the high prices for food prod-

Death of Tommy McCarthy Respon sible for Movement, Which Is Begun in Business-Like Way. Moran Provides for Masses.

SAN FRANCISCO, May 2.-With the expressed intention of starting a statewide agitation in opposition to holding heavyweight Jeffries-Johnson championship fight at Emeryville on the Fourth of July, the leaders of the San Francisco Church Federation, representing all the Protestant churches of the city, announced last night that a meeting of the organisation would be held tomorrow afternoon for the pur-pose of organizing the campaign against the big sporting event.

to conduct the crusade, upon which the following will serve; J. E. White, J. L. Kennedy, C. E. Irons, Frank Swart and

Rev. Louis J. Sawyer, pastor of the
First Methodist Church, which is stiuated opposite Dreamland rink, where
Tommy McCarthy was fatally injured
in a boxing bout with Owen Moran last
Friday night, delivered a sermon tonight denouncing those responsible for the match and calling upon his congre-gation to assist in the effort to abol-

ish prize-fighting.

"Last Friday night," he said, "not a stones's throw from this very pulpit, was delivered the blow which ushered a human being before his Maker with-out a second's warning. Who was the murderer? Not the man who delivered

murderer? Not the man who delivered the blow. We must look to others in fixing the responsibility."

Still grieving over the death of Mc-Carthy, Owen Moran, who is a devout Catholic, has made arrangements to have masses said for the repose of his late opponent's soul. The masses will be said in the church of St. Raphael.

Rev. Robert J. Renison, of St. Paul's Episcopal Church, in his sermon tonight said:

"I shall soon preach against the com-mercializing of what should be a legiti-mate and invigorating sport. Prize-fighting has fallen into the hands of mercenary men, who abuse the public love of manly contests. I am opposed to the Jeffries-Johnson fight, and shall do all in my power to prevent such a spectacle in this state."

SENATE PASSES BILL ADDING 60 TO CORPS.

Amendment Authorizes Appointment of Army Engineers on Irrigation Projects if Necessary.

OREGONIAN NEWS BUREAU, Washington, May 2.—If the Senate passes the bill passed by the House of Representatives today, adding 60 officers to the Army Engineer Corps, the supervision of construction of Government irrigation projects may be placed in the hands of Army engineers.

* Before the bill was passed, an amendment was adopted which authorizes the President to detail Army engineer officers to supervise or inspect the construction of any engineering project being built by the Government.

There has been considerable talk that many engineers of the Reclamation Service may resign if Director Newell is forced to retire. While this report is not credited by the Administration, yet the amendment adopted to the Army engineer bill will make it possible to substitute engineers for civilians now in office in case a walkout should occur. It also authorizes the employment of Army engineers on this work whenever it may be deemed advantageous to do so. The Administration is behind this provision and considers its passage essential.
