

POISON IN SWOPES  
TRIO OF ON STAND

Dr. Haines Relates Experience  
in Searching for Cyanide  
With Dr. Vaughn.

DR. HEKTOEN IS ATTACKED

Pathologist Confronted With Book  
of Which He Is Joint Author and  
Which Recommends Proceed-  
ure Other Than Followed.

KANSAS CITY, May 2.—Dr. Walter  
S. Haines, the Chicago toxicologist, told  
at the Hyde murder trial today the al-  
leged results of his search for poisons.

Insofar as the toxicologist's personal  
investigations were concerned, he ad-  
mitted they had resulted in finding but  
little dangerous drugs. With but one ex-  
ception, said Dr. Haines, he found cyan-  
ide only when collaborating with Dr.  
Victor C. Vaughn, of Ann Arbor, Mich.

In a part of the stomach of Colonel  
Thomas H. Swope, testified Dr. Haines,  
he found two hundredths of a grain of  
strychnine. The physician said a small  
trace of the same drug was located in  
the brain. With the aid of Dr. Vaughn,  
Dr. Haines testified, he discovered some  
cyanide in the stomach.

Poison in Christman Swope.

Only slight traces of strychnine were  
assayed by Dr. Haines to have been  
found by him in the stomach and liver  
of Christman Swope. It was the belief  
of himself and Dr. Vaughn, said the wit-  
ness, that there were signs of cyanide  
in their test of the stomach, but they  
were unable to locate definitely any of  
this drug.

Dr. Haines said that both himself and  
Dr. Vaughn found cyanide in the capsules  
which Dr. Hyde is alleged to have thrown  
away. The stains on the capsules in-  
cluding the capsules were delivered to  
him also responded to the cyanide test,  
said the witness.

Strychnine was found in the dejecta of  
Miss Margaret Swope both by himself  
and Dr. Vaughn, said Dr. Haines.

Dr. Hecktoen Under Fire.

Armed with scores of medical text-  
books, Attorney Walsh today resumed  
his cross-examination of Dr. Ludwig  
Hecktoen. Progress today was slow,  
and wrangles between attorneys frequent.  
Mr. Walsh attacked Dr. Hecktoen's  
testimony in part with a textbook  
which the pathologist collaborated on  
writing. Among the things done in the  
autopsy on Colonel Swope, and advised  
against by Dr. Hecktoen in the book,  
were:

Hot water was used in thawing out  
the body. The brain was taken out  
while frozen hard. The brain was se-  
vered at the base without the use of a  
knife. The brain was cracked in the  
course of removal.

Dr. Hecktoen's book was urged in its  
warning regarding thawing out a body  
with water, and the law of Germany  
prohibiting such action was cited by  
the textbook.

Only the accidental severing of the  
base of the brain prevented his using  
a knife, said the witness. The contents  
of the bladder were thrown away.  
The text said traces of strychnine were  
readily found in urine.

On direct examination, the witness  
said that but one of Christman Swope's  
lungs was congested. Today he said  
both were affected.

By next Wednesday night Prosecutor  
Conkling believes all the evidence of the  
state against Dr. B. C. Hyde will be  
before the jury.

Mrs. Swope, who is financing, in the  
main, the prosecution of Dr. Hyde, will  
be the last State's witness. Her testi-  
mony, it is believed, will be given  
Wednesday. Interest now centers in  
her appearance on the stand, as it is  
believed her story will be full of hu-  
man interest. When Mrs. Swope gave  
her deposition recently in a civil suit  
brought by the accused physician, she  
refused to confine herself to answering  
the questions asked her.

HILL WILL CROSS STATE

(Continued from First Page.)

are experts in that line of work are  
now here and ready to begin work.

G. N. Tarins Coming to Portland.

The Portland-Vancouver train service  
which the Great Northern will inaugurate  
will consist of three trains each way  
daily between the city and the Back-  
lumber points. While the time card has  
not been fully arranged, says President  
Hill, roughly speaking there will be a  
morning, noon and night train out of  
Portland for the northern cities. It will  
go into effect May 15.

The new transcontinental service will  
be a solid limited train equal in appoint-  
ments to the Oriental Limited now run-  
ning between Puget Sound and Chicago.

"It is not yet definitely settled whether  
the new equipment for the through train  
ready for use by May 15," said President  
Hill last night. "But I have given in-  
structions that the service at that time  
any way. When the new equipment is in  
use, the Great Northern will have three  
trains daily each way over the Rocky  
Mountains that will be the equal of the  
Twentieth Century Limited, or better.

The through Great Northern train will  
reach Portland from Spokane over the  
North Bank route, giving the first solid  
through service over that line.

Railroad Chiefs Gather.

There was quite a gathering in the  
Portland Hotel lobby of engineers, con-  
tractors and railway officials to greet  
the Hill party last night. At the train  
were George B. French, president of the  
North Bank, John P. Stevens, president  
of the Oregon Truck Line, and A. D.  
Charlton, assistant general passenger  
agent of the Northern Pacific. In the  
hotel were in waiting Eugene A. N. Kyle,  
vice-president and general manager of  
the Oregon Truck Line; J. P. Porter and  
Johnson Porter, head contractors; E. C.  
Leedy, general immigration agent of the  
Great Northern; H. A. Jackson, general  
agent of the Great Northern; and Wil-  
liam Hanley, of Burns.

Included in Mr. Hill's party in addi-  
tion to James C. Hill, L. W. Hill and  
Howard Elliott, are George F. Baker,  
president of the First National Bank,  
New York; Charles B. Smith, of J. P.  
Morgan & Co., both directors in the  
Northern Pacific; George T. Slade, third  
vice-president; and H. C. Nutt, fourth  
vice-president of the Northern Pacific; L.  
C. Gilman, general Western counsel for  
the Great Northern, and Harry Blakely,  
general freight agent.

Exploiting Car in Town.

For the purpose of meeting Louis W.  
Hill in this city, the special exhibit  
car of the Great Northern, which has  
been exploiting the State of Washing-  
ton, was called in from Worcester, Mass.,  
and arrived in Portland yesterday.  
With this car are E. H. Wood, district

passenger agent of the Great Northern  
at Chicago; P. T. Holmes, M. M. Hub-  
bard, and L. G. Sims, traveling passen-  
ger agents, and several assistants.  
The working force on this car is to be  
at once the collecting of exhibits and  
information concerning Oregon, under a  
general plan to be outlined by L. W. Hill.  
The work will take the men throughout  
Central Oregon and into Harney and  
Lake Counties, as well as Crook and  
Klamath. Crater Lake as a scenic at-  
traction is to be exploited in connection  
with the presentation of attractions for  
homeseekers. In connection with this  
work, Mr. Hill will go to Salem, the  
purpose being to visit the officials in  
the settlement of the interior.

Increase Oregon Population.

"The work is not going to be the  
mere advertising of a railroad," said  
Mr. Hill, last night. It will be designed  
to increase the population of interior  
Oregon, to reclaim its vacant lands and  
in fact be state wide in its purposes  
and results.

"There is not time tonight to tell  
you all of our plans for exploiting  
Oregon. It would require hours to give  
all the details."

In connection with the exploitation  
work Mr. Hill brought to Portland with  
him a great number of buttons adver-  
tising Central Oregon. In the center  
of this button a comfortable home is  
depicted over which floats an Ameri-  
can flag in colors. Around the rim of  
the button is printed the inscription,

NOVELIST AND ERRING WIFE TO WHOM HE PRESENTS HIS HOME

J. M. BARRIE  
MRS. J. M. BARRIE

"Free Homes in Central Oregon," and  
over the flag are the words, "Under  
the Stars and Stripes." "Ask Leedy,"  
is printed under the picture of the  
home, and the Great Northern label is  
also carried.

The wording of the inscription on  
the button is taken to mean that the  
Great Northern is preparing to combat  
the emigration of Americans to Cana-  
dian Pacific territory by exploiting the  
offerings of unlimited vacant lands in  
Central Oregon. "Free Homes Under  
the Stars and Stripes" will be the slogan  
of the railroad.

MORE TERMINALS ARE NEEDED

Move Is to Divert Traffic From  
Populous Centers.

TACOMA, May 2.—J. J. Hill and  
party spent the day in Tacoma, in-  
specting the Great Northern Coast ter-  
minals and the work on the million-  
dollar depot being built by the Great  
Northern and Northern Pacific jointly.  
They met a number of prominent busi-  
ness men at lunch. Late this afternoon  
the party left in Hill's private car for  
Portland.

Mr. Hill's party includes President  
Howard Elliott of the Northern Pacific,  
George F. Baker and Charles F. Steele,  
directors of the Northern Pacific; Louis  
W. Hill, president of the Great Northern;  
George T. Slade, third vice-president  
of the Northern Pacific and Chief En-  
gineer A. G. Hogland of the Great  
Northern.

"The West has every reason to be  
proud," said Mr. Hill. "Crop condi-  
tions are good and if they develop ac-  
cording to present indications another  
year of great prosperity will follow.

He also had made arrangements  
to facilitate the marriage of Cannon  
and Mrs. Barrie, and practically will  
act as the best man at the wedding.

Friendship Shamefully Abused.

Recently Cannon and Mrs. Barrie  
were living in separate apartments in  
the same house. On the advice of John  
Galesworthy, young Cannon moved to  
another house. Galesworthy is a great  
stickler for good form, and said it  
looked bad for the two persons whose  
names had been associated in the di-  
vorce proceedings, to be neighbors at  
such a time.

Barrie's suit for divorce was a sur-  
prise to all but the intimate friends of  
the author of so many tender stories  
and plays, and attracted world-wide  
attention. Universal sympathy was ex-  
pressed for Barrie, who really began  
the divorce proceedings at the earnest  
solicitations of his wife.

HAMILTON'S WORK EXCITES

Aviator Makes Thrilling Race With  
Automobile.

ATLANTA, Ga., May 2.—In a pre-  
liminary flight in a Curtiss biplane,  
Charles K. Hamilton today successfully  
circled the two-mile speedway twice,  
then gliding out over the trestles de-

scribed a figure eight and alighted on  
the track.

In a four-mile race between Charles  
K. Hamilton in a Curtiss biplane and  
John Juhase in a 20-horsepower auto-  
mobile, the crowd was given its first  
real excitement. At the end of the  
first lap, Hamilton had a slight lead.

In a pretty piece of aerial jockeying  
Hamilton made one of his famous glides  
and almost forced the automobile from  
the track, this feature being responsi-  
ble for the defeat of Juhase. No time  
was taken.

\$50,000 AERIAL PRIZES HUNG

Announcements Are Made at Lunch-  
con to Paulhan.

PARIS, May 2.—Two new prizes for  
aerial feats were announced at a luncheon  
given today in honor of Louis Paulhan,  
the French aviator, who won \$50,000 by  
flying from London to Manchester.

The combined value of the two latest  
prizes is \$50,000. One is for a flight from  
Paris to London and the other for an  
aerial trip in England, the conditions of  
the latter competition remaining to be  
determined.

BARRIE AIDS WIFE

Novelist Gives Home to Wife  
and Her New Husband.

ACTS AS FAIRY GODFATHER

After Obtaining Decree of Divorce,  
Buries Himself in Smoothing  
Way for Marriage of Mrs.  
Barrie to Her Affinity.

NEW YORK, May 2.—(Special.)—The  
romance of John Ruskin, his wife and  
Sir John Millais, one of the wonder  
stories of real life in which Ruskin  
gave his wife to Millais, his friend, and  
still held that friendship dear, has been  
outdone by James M. Barrie, the author

and playwright, according to a story  
which has just come here from London.

Mr. Barrie, with all his fantasy, could  
not have conceived a more fantastic  
situation than that in which he fig-  
ures today.

After the decree of divorce which he  
sought from his wife after he had dis-  
covered her infatuation for Gilbert  
Cannon, a young dramatic critic, had  
been made absolute, came the strange  
and unusual climax.

Barrie had entreated his wife to re-  
turn to him, offering any terms she  
might demand, but Mrs. Barrie would  
not listen to him. Then he sued and  
obtained a decree. Even after that he  
found his great love for his wife as  
strong as ever, and so he again made  
overtures for a reconciliation, holding  
out the most extravagant inducements.  
They were rejected.

Buried Himself in Smoothing Way.

Barrie as Fairy Godfather.  
With an absolute decree of divorce in  
his possession, the attitude of Barrie  
toward his wife and the young man  
who had won her from him underwent  
a complete change, and he assumed the  
role of a fairy godfather to the couple.

Much to the surprise of his friends,  
he believed that the final separation of  
Mrs. Barrie would find him a  
morose and heart-broken man, he has  
taken the attitude of generous patron  
of his wife and young Cannon. He  
seems to be eagerly seeking the crumbs  
of happiness which may fall to him by  
aiding the couple to a speedy wedding  
and giving them a fair start in life  
in the hope that he may count their  
friends and have the privilege of visit-  
ing them and enjoying their compani-  
onship.

Just after the divorce decree became  
absolute, Barrie voluntarily turned  
over to his former wife the deed to a  
beautiful home at Farnham and settled  
an income of \$70 a year on her for  
life. He also had made arrangements  
to facilitate the marriage of Cannon  
and Mrs. Barrie, and practically will  
act as the best man at the wedding.

Friendship Shamefully Abused.

Recently Cannon and Mrs. Barrie  
were living in separate apartments in

CITY BACKS BALLINGER

SEATTLE COUNCIL INDORSSES  
SECRETARY.

By Vote of 11 to 6, Body Adopts  
Resolution Which Will Be  
Sent to Washington.

SEATTLE, Wash., May 2.—The intro-  
duction of a resolution indorsing Sec-  
retary of the Interior R. A. Ballinger  
and denouncing his critics as "enemies  
of good government and assassins of  
character," provoked a sharp contest in  
the City Council tonight. The resolu-  
tion finally was adopted by a vote of  
11 to 6, one member being absent.

A copy of the resolution will be sent  
to the Ballinger-Pinchot investigating  
committee. The resolution was intro-  
duced by Councilman Frank E. Rodden,  
who served in the Council during Mr.  
Ballinger's term as Mayor six years  
ago. Several other members of the  
body were also in office at that time.

Besides indorsing Mr. Ballinger and  
denouncing his critics, the resolution  
refers to the records made by him  
while Mayor of Seattle and judge of  
the Superior Court.

"In these positions," the resolution  
says, "he established a record for rigid  
law enforcement and proved himself an  
official of the highest character."

Several members of the Council ob-  
jected to the resolution on the ground  
that it was improper for the City Coun-  
cil to participate in an affair which  
was a matter of National politics.

Others objected to the reference to Mr.  
Ballinger's critics as too harsh. One  
Councilman who first voted for the resolu-  
tion changed his vote when his at-  
tention was directed to this section.

PINCHOT ROW PAPERS SOUGHT

Effort Made in House to Have  
Wickersham Produce Them.

WASHINGTON, May 2.—An effort  
was initiated in the House today to  
compel Attorney-General Wickersham  
to make public documents and other  
information bearing on the prepara-  
tion of the summary of the Glavis  
charges, for which Attorney Brandeis,  
counsel for L. G. Glavis, sought un-  
successfully through the Ballinger-  
Pinchot investigating committee.

Representative Burton Harrison  
(Democrat), of New York, introduced  
a resolution calling on the Attorney-  
General for the information. The resolu-  
tion was referred to the rules com-  
mittee. The Republican majority of the  
Ballinger-Pinchot investigating committee  
twice rejected Mr. Brandeis' request, in  
spite of the protest of the Demo-  
cratic members, supported by Representative  
Madison, "insurgent" Republican.

IMPROVED SERVICE

Coos Bay Route via Steamer "Break-  
water"—Twenty Hours.

Effective May 4, a new schedule will  
go into effect on the Portland-Coos Bay  
route. The steamer Breakwater, now  
leaving Portland at 3 P. M., will on  
Wednesday, May 4, 1910, leave Portland  
at 9 A. M., and every five days thereafter,  
and will arrive at Coos Bay the next  
morning. Returning, the steamer will  
leave Coos Bay points on Friday, May 4,  
at service of tide, giving a five-day sched-  
ule from each port.

This improved service should be highly  
satisfactory to Portland business men,  
affording a daylight ride on the Columbia  
River, and the shortest and quickest route  
between Portland and Florence, Gardiner,  
Empire, Marshfield, North Bend, Coquille,  
Myrtle Point, Bandon, Prosper, Gold  
Beach, Port Oxford and Wedderburn.

Pure iron \$10 first-class, \$7  
second-class, including berth and meals.  
For tickets, reservations, sailing dates,  
etc., apply Agent at City Ticket  
Office, Third and Washington streets,  
Portland.

Spain to Vote May 8.

MADRID, May 2.—The general elec-  
tions will be held on May 8. One hun-  
dred and fourteen deputies whose candi-  
dacies are uncontested have been official-  
ly declared and will not figure in the  
voting. They comprise 9 Liberals, 24

Conservatives, three Republicans, three  
Carlists and five of other parties.

this the banner suit sale of the year, for  
every one of these suits reflects the season's  
best styles. Every detail of workmanship  
in tailoring, lining, trimming and fit is  
perfect.

—The fabrics from which these  
suits were made include man-  
nish imported tailored patterns,  
striped and checked materials  
and other staple and fashionable  
weaves.

—The color range is very broad, including  
black, navy, tan, rose and gray, besides many  
other summer shades.

—These suits are made in the most popular  
lengths and lined with taffeta silk, Peau de  
Cygne silk and guaranteed satin. The shirts  
are made in the newest plaited and side  
plaited models.

Hardanger Embroidery Lessons Free in Needlecraft Dept.

—Beginning today in our Needlecraft Department an Expert Teacher will give free  
instructions in Hardanger Embroidery. This celebrated needlework of artistic and  
practical merit dates its origin back hundreds of years, in the land of Egypt,  
where it was produced extensively in colors; later it was introduced in Europe, princi-  
pally in the Scandinavian Countries, the town Hardanger, Norway, giving it a  
name, and today it is the native embroidery of the thrifty housewives of the Northern  
Countries, Norway, Sweden and Denmark. To us comes an expert teacher, whose  
work is excelled by none, to give you instructions. Free, Tuesdays and Thursdays,  
10 to 12 and 1 to 4.

\$8, \$10 and \$12 Leghorn Hats

Today and Tomorrow  
**\$3.45**

—Leghorns are to be the choice of all  
French women for Summer hats. The  
fashion journals give us this information.  
Better still, New York has already taken them and now all America  
follows suit.

Leghorns for Oregon are the hats. They do not burn in the sun like  
Chip Hats—and the soft, light weight and cooling shade appeal to all women.

—Still, until now, Leghorns could not be a popular hat. The pro-  
hibitive prices made it possible only for women willing to spend \$8, \$10  
and \$12 to possess them.

—Now we bring these beautiful hats within reach of all. Your choice of  
a great variety of shapes—all the latest and most desirable styles, \$3.45.
