PIONEERS HONOR DAY AT CHAMPOEG

Anniversary of Birth of Civil Government on Coast Is Celebrated.

W. S. DUNIWAY IS ORATOR

Native Son of Oregon Makes Able Address-Two Thousand People Greet State's Noted Citizen. Hon. François X. Matthieu.

CHAMPOEG, Or., May 2-(Special.)-Today was the sixty-seventh anniversary of the birth of American civil government on the Pacific Coast and the tenth annual celebration of that historic event. The attendance was good, the weather cenditions, aside from a slight shower during the rendering of the first number on the programme, that of disposing of the picnic dinner from 12:30 to 1:30 P. M., were ideal. Nature was in her lovellest mood, and her beauties, as revested by "the beautiful Willamette, winding, widening through the valley," to the scores of excursionists from Portland, Oregon City, Salem and points all along the way, drew forth expressions of unstinted praise. Today was the sixty-seventh anniversary

MRS. HUMPHRY WARD BUSY

Writer's Latest, "Canadian Born," Scores With Descriptive Style.

LONDON, May 2 - (Special.) - Jere-IONDON, May 2 — (Special.) — Jeremiahs are always wailing over the decadence of contemporary fiction. Yet work of sterling quality is constantly coming before the public. From American divorce to the beauties and prospects of Canada may seem a curious transition in subject. But this is the change of venue chosen by Mrs. Humphry Ward.

In her new novel, "Canadian Born," she once more shows her ability to stage a drama against a background outside the British Isles. The trouble is that the background tends to swamp the tory, and unkindly critics have suggested that "Cnnadian Born" is just the thing to put into the hands of in-tending emigrants.

More "meaty" is Gertrude Atherton's "Tower of Ivory," English readers be-

ing particularly pleased with the de-scription of society in London and Mun-ich a generation ago. Ordham, a con-temptible young man of rank, is treated with too pitying a touch for insular taste, but, that apart, the novel wins neral favor.

Another American novel, "Old Har-or," by W. J. Hopkins, provides an interesting proof of the contention that good trans-Atlantic stories of country places and simple folk are always at-tractive to British readers.

WOMEN IN POLITICAL FRAY

Feminine Club Hopes to Influence British Elections.

LONDON, May 2 — (Special.) — In anticipation of the coming political fray in England, a new women's club has been started. It is rather a novelty for London, but the signs of success are all visible. It is called the Ladies' Carlton Club and it aims at "the suppression of socialism and support of protectionist principles." The promoters have social objects, but they are primarily political in their aims, and their organizers are taking the line that when directed from the social world women's influence carries great weight in political circles.

PARIS, May 2 -- (Special.) -- There has been some anxiety in automobile circles at the proposed clause in this year's budget, now being voted by the Senate, to impose a tax on all foreign automobiles entering France, even only in passing.
Several members of Parliament have

echoed the grievances of automobilists and also of hotel proprietors, who are afraid that it may keep many wealthy foreigners from touring in France, and foreigners from touring in France, and the proposed clause was at first amended so as only to tax cars which remain for a period of turee months in France. This proviso has now been fur-ther extended by making it applicable only to foreign automobiles remaining four months in the country.

MANY EVADE JURY THE CAUSE OF **NEURALGIA**

Must Be Understood Before the Disease Can Be Cured So That It Will Stay Cured.

The reason that neuralgia so often recurs after the ordinary treatment is not because it is incurable but because these

treatments fail to remove the cause.

Neuralgia has been correctly called the ery of the starved nerves for better blood. Its most common cause is deblity. In every case of neuralgia it will be found that the general health is run down and that consequently the nerves are not re-ceiving sufficient nourishment. Cold, dampness and decayed teeth are some times indirect causes but only to the ex-

times indirect causes but only to the extent that the body is unable to resist,
owing to its debilitated condition.

Dr. Williams' Pink Pills afford the
most effective treatment of neuralgis.
They build up the general health and fully
nourish the underfed nerves in the only
possible way by building up and purifying the blood.

Mrs. Thomas Stott, of No. 211 Jackson street, Redwood City, Cal., who
was cured of neuralgia, says:

"Dr. Williams' Pink Pills helped me right away and in a short time completely cured me of neuralgia. I had been suffering for nearly a year from neuralgia in my head. The pains were sharp and cutting and were through my temples and the back of my head. They were worse whenever I was out in the wind or night air. I suffered a great deal and many times I could hardly keep up. I was also troubled occasionally with cramps in the stomach.

"I was led to try Dr. Williams' Pink Pills through reading about them in a newspaper. I found them a great relief and was entirely cured. I now keep them in the house and always recommend them to my friends."

Neuralgia is an unfalling warning that

mend them to my friends."

Neuralgia is an unfailing warning that the nervous system is feeble because there is a lack of pure red blood and, therefore, a lack of nourishment to the nerves. This dependence of the nerves upon the blood for their nourishment and health is fully described in our booklet, "Diseases of the Nervous System," which will be sent free upon request. Dr. Williams' Pink Pills have also cured sciatica, St. Vitus' dance, partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
