Von Buelow Accused of Treason Emperor in New Volume.

LONDON, May 3-A remarkable attack on Prince von Buelow, the forme Imperial Chancellor, in connection with the memorable interview with Emperor William, published in October, 1908, by the London Telegraph, is contained in a President Roosevelt, in letters to Presilengthy volume which is about to be is-

At the roception given by Maurice F. Egan, the American Minister, at the legation, the ex-President met diplomats, rabinet ministers and others. By this time the missing baggage had been found and Mr. Roosevelt was thus able to array himself in evening dress.

One Depositor, Hearing of Rush for Money, Drops Dead From Heart Failure.

LOS ANGELES, May &-One of the most peculiar runs in the history of finance started on the Los Angeles All Night and Day Bank at 8 o'clock tills morning and at midnight there was still a line of several hundred in wait-

President N. J. Skinner at 11 o'clock onight issued a statement in which he said that every depositor would receive dollar for dollar and that the institution is solvent.

President Skinner attributed the run

to a rumor that the bank had been refused admission to the Los Angeles Clearing House Association. Because of its methods of doing business, the bank could not close at any time of the day and for this reason became liable to a constant line of those who desired to draw out their money.

As many as 700 persons were in line

at 6 o'clook, but the number decreased slightly towards midnight. Indications, however, are that many will remain in line all night. Sandwiches and coffee had been served to many in line dur-ing the early part of the night.

Mr. Skinner's statement says that at s colock in the morning the bank had available cash to the amount of \$750.-000. He estimates that up to 11 o'clock tonight \$125,000 had been paid out, while \$75,000 had been deposited. During the run Israel Schuliman, a depositor, dropped dead from heart
