New York Financiers and Families to See Festival.

PARTY IN SPECIAL TRAIN

Over 125 Pleasure-Seekers From East Will Enjoy Week's Stay in Portland During Rose Show. Pres. Elliott Enthusiastic.

Reservations were made at the Port land Hotel yesterday for a special train of New York financiers, capitalists and their families for the entire week of the Portland rose festival, June 6 to 11.

The prospective visitors will come to Portland on a special Northern Pacific train. The reservations and arrangements for entertainment have been placed in the lands of Assistant General Passenger Agent A. D. Charlton, of the Northern Pacific. The party will include something like 125 pleas-

Directors of the Northern Pacific Railway to the number of eight or ten attended the festival of last year and the year before. It was upon instruc-tions from them that Mr. Charlton en practically a whole floor of the Hotel Portland.

Personnel Not Given Out.

"I have not been advised as to the personnel of the party that will attend the rose festival," said Mr. Charlton last night, "but I have been given to understand that the families of nearly all of the directors, who were here for the celebration last year and of the year before, will visit Portland during the next festival."

President Howard Elliott, of the Northern Pacific, stole away from the Hill party yesterday long enough to take an individual automobile, tour through the principal rose-growing sections of the city. At the Portland Hotel last night he gave out the fol-lowing statement:

"Portland has, without any question, developed one of the greatest perma-nent celebrations that any part of the United States which I have visited has ever undertaken. The Portland rose festival, in my mind, will be one of the greatest permanent attractions of-fered to tourists that the entire Western portion of the continent affords.

President Elliott Enthusiastic.

"I saw the festivals of last year and the year before. They were splendid, and from all the reports that I have had from our representatives in this territory the 1910 celebration will sur-pass them all. Not only will I try to be here for the celebration next month, but I shall endeavor to have all my personal and official friends and asso-ciates come to Portland for the festi-

GIRLS TO BE MINSTRELS

Threescore of Portland Beauties to Play at Bungalow.

The American Beauty Minstrel Show which will be given at the Bungalow two nights, May 20 and 21, promises to be the biggest local hit of the year, in which some 60 of Portland's most attractive girls will appear in a grand mble of minstrels;

One of the principal features in the show will be the beauty chorus, who will appear in the latest creations of the modiste and milliners' art. Only the end-women will make up in the burnt cork with gaudy costumes. Songs, both sentimental and comic, will be the rule, together with some

icerted numbers from the successful musical comedies. The performance is being arranged and set to local atmos-phere and the women who will create the laughs are hard at work perfecting their respective parts.

The two performances are being given for the Portland Auditorium fund and the Daughters of the Confederacy and the Monday Musical Club is managing the enterprise, A fine success is already predicted. Rehearsals are being held at the

Patriotically-Designed Circular Pin Advertises "Free Homes in Central Oregon"-Plans Out

As a preliminary to the exploitation Oregon, the Great Northern yesterday began the distribution in this city of 500 of the "Free Homes in Central Oregon" buttons. These buttons are to be manufactured in large quantities and distributed from the Oregon exhibit car

and through the many agencies of the Company.
Yesterday Louis W. Hill took up with leading members of the Commercial Club the plans of the Great Northern for advertising the state and received assur-ances of co-operation in the effort. The commercial organizations of other cities are to be asked to aid in securing suit-

able exhibits and photographs. Today the exhibit car, carrying the Washington and Montana products will be transported over the Oregon Electric lines to Salem, where it will be on view. The object of the trip is to show the persons it is hoped to interest in the cam-paign the method of exhibiting fruits, cereals and other products of the state. The car remained yesterday in the North Bank terminals, where it was viewed by a number of persons taken to the yards on the invitation of rall-road officials.

The car, which has just completed a The car, which has just completed a tour of 19,000 miles, covering the territory from Nebraska to the Atlantic Coast, it is estimated, has been visited by 150,000 persons. One of the large coaches has been fitted with exhibit shelves and trays on which are the less perishable products such as apples and potatoes, grains, etc. Grains and grasses have been used in pramental effect on the walls and cellings, giving the car an attractive and even artistic appearance. There are many jars of canned and processed fruits and flowers. Even the half of an en-ormous watermelon is shown encased in glass and as perfect as the day it was cut last Fall.

COLUMBIA UNIVERSITY OB-SERVES FOUNDERS' DAY.

Archbishop Christie and Rev. John Morrissey Are Guests of Honor at Banquet,

"Founders' Day," the ninth hirthday of the founding of Columbia Uni-versity, was celebrated yesterday by the annual banquet held in honor of the annual banquet held in honor of Archbishop Alexander Christie, the founder of the institution, and Rev. John Morrissey, Provincial of the Holy lross, under whose direction the scho

s conducted. The banquet was held in the dining hall, which was appropriately decorated for the occasion. Archbishop Christie, Rev. John Morrissey, Rev. M. G. Rauw, John M. Gearin, Bishop McDonald, Attorney Williams, Colonel Dunne and the leading Catholic clergy of Portland were the guests of honor of the university. William Sheehey, president of the Alumni Association, presided as the Alumni Association, presided as coastmaster and introduced the speak-ors, "Founder's Day" was the toast responded to by Francis Black in an

John M. Gearin responded in an address in which he referred to the achievements of the Holy Cross Order in Christian education throughout the world. Mr. Gearin contended that re-ligion and good citizens go hand in hand, and that an education that does not develop moral character does not produce good citizens. He commended the work of Columbia University along these lines.

"Our Provincial" was responded to by Frank L Lonergan, complimenting Dr. Morrissey, head of the Holy Cross, for his great educational work. Re-marks were made by Frank Collier, when Rev. Joseph Gallagher, president, spoke briefly in behalf of the faculty of the college.

Dr. Morrissey, Provincial, made an appropriate response, pointing out that the real secret of education rested mainly in submission to authority. He pointed out also that real education ducated the whole man, the heart, mind and soul. Archbishop Christie closed the programme with an impres-sive address, predicting a great future for Columbia University, pointing out when it would become one of the lead-ing educational institutions in the

Northwest.

OR ANYONE who finds any injurious substances in food resultant from the use of Crescent Baking Powder. This is a standing offer of many years duration, which has never yet been challenged.

It is one of the guarantees that goes with every can of Crescent Baking Powder sold by your grocer. Remember that Crescent Baking Powder has been on the market for many years and, in the face of the enormous opposition of the Cream of Tartar Trusts, it is speedly winning its way into the good graces of every modern housewife and pure food critic

The malicious attacks of the Cream of Tartar Trusts to discredit the superior qualities of egg-phosphate baking powder should be ignored.

Dr. Moreau Morris of the New York Board of Health, says; "It may be that I am a little predjudiced, but I think I express the consensus of opinion of the medical profession when I say that Rochelle Salts (cream of tartar) should never be used by a person except by a physician's advice. Its continued use induces a very unhealthy con-

dition of the stomach and especially of the bowels, and finally produces constipation of an aggravated type." And the U. S. Department of Agriculture at Washington, D. C. says; "A loaf of bread made from a quart of flour leavened with cream of turtar baking powder contains forty-five more grains of Rochelle Salts than is contained in one Sedlitz powder.

Crescent Egg-Phosphate Baking Powder sells for 25c, is absolutely pure and wholesome. It is guaranteed and made by the Crescent Mig. Co., Seattle, manufacturers of Mapleine, the new flavor.
