Cox, Having Freed City of Crime, Will Work for Better Moral Conditions.

NORTH END TO BE PURGED

Head of Police Department Will Not Permit Disorderly Women to Congregate, and Will Suppress All Forms of Gambling.

After eliminating a large part of the criminal element from Portland, Chief of Police Cox will now devote his energies toward bringing about better moral conditions in the city. Particular attention will be given to the North End.

and all the women of objectionable charneter will be compelled to move out.

While Chief Cox realizes that it will
be impossible to eliminate entirely the
social evil every effort is to be made to
prevent the congregation in any particular locality of the former inhabitants
of the North End. Speaking of the plans
of the department, Chief Cox last night
said:

"Our efforts heretofore have been chiefly to keep the criminal element out of Portland and in this we have been very successful. The social condition of the city was taken up before any criticism of the present administration was made, and we shall continue the same policy and try to make the city as moral as possible under existing circumstances. I have no apologies to make for the work of the department, and if there is any criticism it should be directed against me and not against the Mayor. I have any criticism it should be directed against me and not against the Mayor. I have the moral support of the business men and the better element of the city, and I shall endeavor so to conduct the department that I shall be able to retain

"Open gambling will not be permitted under any circumstances nor any other gambling that we are able to locate. While I realize that it is impossible en-tirely to obliterate the social evil, I shall use my best endeavors to control it to such an extent that it will not be ob-

such an extent that it will not be objectionable to the public.

"I maintain that the public moral standard, to a large extent, governs the condition of a city and it is not possible for all the state and city officers to control of cradicate vice unless the heagty support of the people is given. My department will be instructed and expected to use every effort in the elimination of vice and I have entire confidence that my men will carry out my instructions. There is no police department on the Pacific Coast working more industriously and harmoniously than the Portland department, and we have here less crime and vice than in any of the other Coast cities."

Cars Loaded With Dynamite Leave Track With Terrific Crash.

TACOMA, Wash. May 13.—(Special.)

Antone Elliott and Patrick Macklin. brakemen employed by the DuPont Powder Company at its plant near this city, were instantly killed at 12 o'clock Thursday by an explosion of more than a ton of dynamite. Their bodies were blown to atoms, the fragments being scattered for hundreds of feet from where the explosion occurred.

The men were riding on two cars on a tramway line and it is believed let the car get beyond their control. It left the track and the impact was sufficient to set off the explosive. The cars were blown into splinters and the track torn up for considerable distance. His bed.

Harbin's roommate, William Lewis, attempted to capture Faulkner, who fought like a flend, but was compelled to let him go after receiving several had cuts about the face and arms.

Faulkner was arrested later by the police, who believe he intended to kill his wife, but got into the wrong house and murdered Harbin instead.

Faulkner was arrested three months ago on complaint of his wife that she was afraid he would kill her. He was placed in the county jall and was not released until this afternoon.

FISH TRADE UNDER PROBE

Grand Jury Investigating Alleged Restraluts in San Francisco.

SAN FRANCISCO, May 12.—Acting upon the suggestion of the State Senate committee, which recently investigated the fish industry in this city, District Attorney C. M. DANCE MAKES MISCHIEF

BALLROOM BLAMED BY REVIV-ALIST FOR WOMEN'S FALL.

Hart Says Liberties Are Permitted Which Would Not Be Tolerated Elsewhere.

The "fashionable dance" was held responsible by Rev. Mr. Hart, revivalist, in his sermon Thursday night for the downfall of 275,000 of the 500,000 women in the United States, whom the preacher estimated as constituting the feminine population of the underworld. Speaking in the Hawthorne Park Tabernacle, on the subject, "The Dance and Cards." Rev. Mr. Hart took as his text, "For whatsoever a man soweth, that shall he reap." He devoted his address mainly to the dance, He said that the dance was harmful to the mind and the physical and moral life, and that dancing came from the lower

Mother-in-Law Says Dying Woman Accused Skelly of Pouring Gasoline and Lighting It.

SANTA ANA, Cal. May 12.—Following the testimeny of his mothertin-law and several neighbors at a Coroner's inquest today, Frank Skelly, a contractor and lumberman, was arrested tonight pending an investigation of the allegations that he murdered his wife, who until the startling developments of the inquirty, was supposed to have died of burns received Friday in the explosion of a gasoline stove.

According to the testimony of the mother-in-iaw, Mrs. T. J. Lewis, there was no stove explosion, but Skelly threw a quart of gasoline over his wife, and then applied a match. Mrs. Lewis swore that her testimony was based on a statement her daughter had made as she lay dying last Sunday in a hospital here.

Mrs Goli appears entirely heartbroken over the verdict. "I will work my arms off to the shoulders and my legs to my knees before I will give you up," she said to Gohi, this morning.

It is common knowledge today that Juror William L. Byng, of this city alone held out for acquittal or even second degree and that it was his stand which caused the request for "as much lemency as possible" to be tacked to the verdict. In view of this fact, it is generally believed that Judge Ben Sheeks will sentence Gohi to be hanged, knowing that tence Gohl to be hanged, knowing that the request for elemency comes in reality from but one man.
